Suppose the little Cowslip Sho uld hang its golden cup, And say, "I'm such a tiny flower, I'd better not grow up;"
How many a weary traveller Would miss its fragrant smell, How many a little child would grieve To lose it from the dell.

Suppose the glistening Dewdrop Upon the grass should say, "What can a little dewdrop do? I'd better roll away ;" The blade on which it rested, Before the day was done, Without a drop to moisten it,

Would wither in the sun.

Suppose the little Breezes, Upon a summer's day, Should think themselves too small to cool The traveller on his way; Who would not miss the smallest And softest ones that blow, And think they made a great mistake
If they were talking so.

How many deeds of kindness A little child may do. Although it has so little strength, And little wisdom too. It wants a loving spirit, Much more than strenth, to prove How many things a child may do For others by his love.

Things to Think About. BY ALIQUIS.

NO. IV. IS IT RIGHT?

Is it right for a preacher of the gospel -an ambassador of Christ-a pastor charged with the care of the sheep and lambs of the flock-to devote all the week to his own worldly affairs, and, his heart was full of joy. He did not know that then enter the pulpit without previous preparation, and congratulate himself and tell his hearers that he is anxious to give the Holy Spirit all the praise and glory, and therefore he had come obeying the command: " Take no thought before hand what ye shall speak, neither do ye premeditate," and relying upon the promise: "It shall be given you in that same hour what ye shall speak?"

Is it right in the pulpit, or out of it, to quote Seripture without reference to the context and the special application which the context may develop?

Is it right for a preacher whose congregation is made up of human beings, into whose composition flesh and blood largely enters, to detain his hearers for an hour in saying what a little previous preparation would have enabled bim to state much more clearly and forcibly in half an

Is it right for a Christian minister to say any thing he pleases, merely because nobody would venture to rice and contradict him?

Is it right to construct a place of worship so abominably that the air will have no chance to circulate, and then blame the preacher for the duliness of the congregation?

Is it right to expect the preacher to please the rich Mr. Smith, because he gives fifty dollars a year towards the funds of the Church, and put five hundred into the meeting-house?

Is it right to require the pastor to know by intuition who is sick, and when, and to what ex-

Is it right to demand a visit from the pastor only when it suits the convenience of yourself and family, and yet require him to come fifty-two times every year?

Is it right to boast how much you gave last year to your minister, and what presents came into his hands through you?

Is it right to suit your own convenience in paying your subscription towards your pastor's support, and forget to pay altogether, if it suits your fancy, just because you know he will not even ask you for it, much less "go to law" to get it? Is it right in a Christian professor to absent himself from the prayer-meeting, and then blame the pastor because there is no revival?

Is it right to spend the dinner hour in dissecting the sermon, and speaking of it disparagingly, in the presence of the family, and then hope to see the ungodly members converted?

Is it right to neglect religion because some of its professors do not walk consistently?

(a lawyer) has been bald ever since his early youth; so much so that he was compelled to wear a wig. he was induced to use a bottle of your "flair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite laxuriantly, and he now has a handsom head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statzment; I give it by you at the request of Mr. Bradford. You could sell a great deal of your flair Restorative in this and the adjoining counties if you have the proper agents.

Yours, &c., THOMSON SURGHNOR.

Dr. Wood,—Deat Sr.—Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "flair Restorative" it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quit efficaciaus as well as agreeable.
