

# ITALY, AND THE BIBLE FOR HER PEOPLE.

The condition of this beautiful and interesting country is just now, such as to call forth the sympathy and prayers of all who love the kingdom of God on earth. For the first time in many centuries, its northern provinces are now all open to the dissemination of the Word of God. The whole valley of the Po, except the Austrian possessions in Venetia, together with the valley of the Arno and the eastern slopes of the Apennines, down to the marches of Ancona, may now be traversed by the collector just as Switzerland or France is traversed, and everywhere an eager people most thirsting for the waters of life, and when it is considered that in this region, until within the last few months, the Word of Life has been carefully and most hesitatingly bound in most cruel fetters—an absolute government and a vigilant priesthood refusing to suffer a single copy to reach the people except in a secret way—it presents a case which appeals most forcibly to the prayers and efforts of the Christian world.

No one can foretell how soon, in the progress of events, the door which is now opened may again be closed. Victor Emanuel may not be able to carry out his plans. Austria is watching his movements with a jealous eye, and will force upon her beautiful provinces with all her forces, the first moment that success in such an effort becomes probable. The Pope and the Grand Duke of Tuscany, who have likewise been despatched, are still more anxious, since with them the recovery of their lost possessions is almost a matter of life and death; and they, too, will in enslaving the people again under their iron yoke.

# ROMAN CATHOLIC LAND PLOT.

A good deal of excitement exists in certain quarters at present relative to the immense tracts of land which are being surveyed, by order of the Government, in different parts of the Province, for the Roman Catholic Bishop of Saint John. We have heretofore refrained from noticing this affair in our columns; but as it has been referred to by nearly every journal in the city, our readers may charge us with withholding from them a matter of great public interest.

The facts in this case as stated by the *Globe*, and which, from facts which have come to our own knowledge, we believe may be relied on, are as follows:

1st.—Large blocks of Land amounting to about 20,000 acres have been secured by the Roman Catholic Bishop, and no guarantee of actual settlement given.

2d.—Persons in Queen's County had applied for some of this very land, and their application was approved of and the lands gazetted.

3d.—Mr. Waters upon learning that some lands the Bishop wished to secure were already applied for, and the application approved of, wrote to the Crown Land Office and succeeded in having the names of those persons struck out of the list. (We do not know whether the Bishop was fully prepared to commence operations upon the land reserved for the Bishop.)

The Hon. Charles Waters has come out with a letter in the *News*, in which he endeavors to explain the matter, and expresses his strong suspicions that the names of the Queen's County applicants which appeared in the Gazette were not bona fide applicants for settlement! Why Mr. W. harbours this suspicion he does not inform us; and we have reason to believe from reliable information received that this suspicion is entirely groundless. Mr. Waters' letter does not satisfactorily explain this affair, and in our judgment leaves more unsatisfactory than it was before. Without further expressing our own views on the matter at present, we give our readers another extract from an article in the *Globe* of the 9th inst., which ought to be deeply pondered:—

It is not our duty to create any unnecessary alarm but we owe a duty to the country, and that duty dictates that it becomes necessary, in view of those proceedings, to lay before the public some facts in connection with the transaction. The Hon. C. Bishop has now allotted to him for settlement 10,000 acres of land in each of the following places, viz:—New Canaan, Nevins Brook, Gaspereaux, Shillitnick, making 40,000 acres; and it is said that he has succeeded in having reserved for him large blocks in other places. The magnitude of this scheme is only beginning to be developed. It is a doubtful question whether he will be able to obtain settlers, to locate upon this land to fulfill the conditions required by law; where is the prospect? The lands are now locked up beyond the reach of bona fide settlers, and thereby perhaps the settlement of the Province retarded.

There is a possibility that the whole affair may be a gigantic plot for speculation; the lots may be all for the name of imaginary individuals and persons might be employed to fulfill the conditions required, and a legal title obtained from the Government, when the whole could be disposed of and the proceeds pocketed by the Church or otherwise retained and conveyed to persons in such a manner as to create a formidable veto to the parties who wish to settle. This body of people should demand it to their interest to pull the wires.

**SONS OF TEMPERANCE.**—The National Division of Sons of Temperance of North America held its Anniversary Session in Portland, Maine, commencing on Thursday, the 7th inst. Through the politeness of W. Wedderburn, Esq., G. W. P. we have received the Report of the Most Worshipful Patriarch, and also the Report of the Most Worshipful Scribe; both able and interesting documents. Our limits do not permit us to admit extracts from them. We learn the Sessions just held was of the most interesting kind, the members present comprising a large portion of the talent and influence of the Order. Twelve delegates from New Brunswick were present, among whom were Hon. S. L. Tilley, Rev. J. McMurray, Rev. S. Robinson, W. Wedderburn, Esq., and other warm friends of the cause here.

**WESTERN CONFERENCE.**—Westleyan Ministers of New Brunswick, Nova Scotia, and P. E. Island are to meet in Fredericton next week for the purpose of holding their regular Annual Conference. A very large body of Ministers will be present, and we suppose a considerable number will change circuits next year.

**WESTERN BANK.**—Oliver Jones, Esq., has been elected President of the Western Bank for the ensuing year. John Humphrey, Joseph F. Allison, E. B. Chandler, Junr., John Lewis, Esqrs., Directors.

**RAILWAY.**—The receipts on the Railway for the last four months have been for Passengers, \$2,482 10s. 7d.; Freight, \$2,228 0s. 3d.; Storage, &c., Total, \$4,710 10s. 10d.

His Excellency the Lieutenant Governor, and Mrs. Manners-Sutton, are visiting the city and receiving the hospitalities of their numerous friends. We understand that Mrs. Manners-Sutton is taking a laudable interest in the preparations for the reception of the Prince of Wales.

Hon. James Steadman, Postmaster General, was returned to the House of Assembly by the constituency of Westmorland, without opposition. We wish him a successful reign in the Post Office Department.

**DEATH OF THOMAS ALLAN, ESQUIRE, OF THE FIRM OF HARRIS AND ALLAN.**—It is with painful regret that we announce the death of this truly worthy individual. The melancholy event occurred at his residence in the adjoining Parish of Portland early on Tuesday morning. In every relation of life the deceased was held in the highest esteem, and his death has been a great loss to a large and appreciative community. He was a native of the county of Devon, and was educated at the University of Oxford, where he took his degree of Bachelor of Arts. He was a member of the House of Commons, and was distinguished by his talents and his integrity. He was a man of high character, and his death is a great loss to the community.

'Tis all the fruits of love.

To save the darling child from woe,  
And guard her from all harm,  
From all the evil which may befall her,  
I've called her to my arms.  
She's on the Saviour's bosom laid,  
And feels no sorrow there;  
And by a heavenly Father bid,  
And needs no more our care.

At Lower Brighton, on the 12th April last, Benjamin Noble, Esq., aged 73 years. Mr. N. came to this Province from the United States, where he was born in the year 1787, with his father Seth Noble, a Presbyterian minister. He lived in Sheffield, in the County of Saratoga, where he was married, and where he had a large family. He came to this Province in the year 1812, when he came to Lower Brighton, settled himself, and brought up a large family respectively, all of whom he lived to see experience and profess religion. He experienced religion in 1815, and connected himself with the C. Baptist, with whom he kept a creditable standing for several years. In July 1830, a F. C. Baptist Church consisting only of 11 members, was organized in his own neighborhood by Elder Stilson, when he, Mr. N. was appointed Deacon of the said Church, over which he presided as a friend and father till his death.

During his illness which was 4 weeks, he suffered severe pain in body, but with strong faith and great peace of mind. He sometimes used to fear that his anxiety to depart and be with Christ was too great, and he would not let him go, but that the will of God might be done. The day he died he enquired of some who stood by him what hour they thought he would die, on being answered they thought about 2 o'clock, he longed for the time to arrive. He asked those around him to sing, and while they were engaged in singing the piece, "Joyfully, &c., onward I move," he said, "I am taking it, he said, he would drink no more till he drank it new in his Father's kingdom. He expired in about three minutes after, in the full triumph of faith, much regretted, much missed by all, especially by the church over which for 30 years he stood facing the storms and opposition, which during that period he had to bear. He was a pious and pillar of the church. His deep understanding and acquaintance with the Scriptures enabled him to discern error in its most subtle form, and to oppose and denounce it on its first approach, and thus was the Church preserved from the many schisms or errors in doctrine which prevail in some parts of this country. His enquiring, his almonitions, and exhortations, are still ringing in the ears of many. In his last moments he expressed his conviction that God would work in this land, and rise up others to fill his place. He lived to see the church small in its beginning numbering 130. He manifested great care and interest for it during his illness. The seed sown by him is springing up, and will for years be seen growing. Though dead he still speaketh.

His funeral sermon was preached by Elder Hart, from 19th of St. John, part of 30th verse, "It is finished." Text and hymns selected by himself. Hymn 27th, 1st Book, and 101st 1st Book.

# PROSPECTUS OF THE BRITISH NORTH AMERICAN.

A TRI-WEEKLY PAPER, To be published in St. John, on the mornings of Monday, Wednesday and Friday, by EDWARD WILLIS, Editor and Publisher, at the office, Corner of Prince William Street and Market Square.

Having for a long time entertained the idea that there existed a real necessity for the publication of a tri-weekly paper on the mornings of Monday, Wednesday and Friday, and with a view of filling up this void, we now present in brief a manner as possible, the Prospectus of the BRITISH NORTH AMERICAN.

On a former occasion we endeavored to establish a morning paper, the consequence of our printing office being at that time on the Western side of the Harbor, as well as from numerous other causes, we were reluctantly compelled to abandon its publication and resume our former weekly issue. Subsequent to this, and owing to the fire on the night of the 28th December last, at which time our office suffered considerable damage, we likewise discontinued the weekly paper. But now, having obtained considerable labor and expense, succeeded in getting our office in order, and having removed the "working tools" to the Eastern side of the harbor, we fancy that we are in a more favorable position for carrying a long cherished design into effect. With this brief explanation, we here say, that should sufficient encouragement offer, we shall, as soon as circumstances permit, issue the BRITISH NORTH AMERICAN on the mornings of Monday Wednesday and Friday.

In POLITICS, the BRITISH NORTH AMERICAN will be the uncompromising advocate of sound and progressive principles, ever regarding with favor those measures which promote the general prosperity of the inhabitants of this favorably situated Province. While we shall, in the advocacy of all questions, endeavor to pursue a liberal policy, we shall not forget that, to be truly liberal it is our imperative duty to be the faithful conservator of the people's inalienable rights. We make no rash promises, but shall strive to discharge the duties of our station in a fearless and creditable manner.

To the COMMERCIAL man, we shall endeavor to make the BRITISH NORTH AMERICAN more than ordinarily useful and attractive.

The AGRICULTURAL interests of our Province, shall find in us a staunch advocate and friend.

The MECHANICAL portion of our community shall meet with a due share of regard.

Our LITERARY friends shall not be forgotten. Pen and sissors shall be alike employed for their benefit.

As a NEWSPAPER we are determined that the BRITISH NORTH AMERICAN shall have no superior.

The terms of the BRITISH NORTH AMERICAN shall be for the tri-weekly issue, 12s. 6d. a year, if paid in advance; single copies 1d.

The size of the paper will be the same as the "Morning News."

THE WEEKLY OR COUNTRY EDITION will be supplied at 7s. 6d. a year, invariably in advance.

# PROSPECTUS.

"THE RELIGIOUS INTELLIGENCER AN EVANGELICAL FAMILY NEWSPAPER, FOR NEW BRUNSWICK AND NOVA SCOTIA."

This Paper has now been in existence nearly seven years; nearly the two last of which it has been the sole property of the subscribers, who are also the Editors. The character of the INTELLIGENCER is so well known that we need scarcely allude to it. Suffice it to say, that it is a religious, evangelical, and non-sectarian paper.

It is a religious newspaper, influenced by no party or denomination, but aiming at general usefulness, by adapting itself to the wants of the country. What it is, it will continue to be.

It contains a digest of the News of each week, Foreign and Domestic; and in this department also knows no party or men; its object being to inform its readers of current events. It is intended for, and is acknowledged by many of those who receive it, as a first class Family Religious Newspaper.

It pays particular attention to Family reading; giving weekly a large amount of such as the Editors believe will interest and benefit the young.

The present Proprietors assumed the responsibility of its publication at a time when it was greatly embarrassed, and had much influence against it; but they have great pleasure in now announcing that, with God's blessing, they have surmounted the difficulties they had to contend with, and they believe it is now established on a firm basis, and its continuance with judicious management—insured.

They tender their sincere thanks to their friends and patrons who have stood by them in their struggle.

The PREPAYMENT system, adopted by them, has proved to be the saving of the paper.

The RELIGIOUS INTELLIGENCER is published in St. John every Friday. Terms, SEVEN SHILLINGS AND SIX PENCE, ALWAYS IN ADVANCE.

We solicit subscriptions. Contributions and patronage are solicited. We already have circulation, by recommending it to their neighbours and others as far as they conscientiously can.

ONE DOLLAR, enclosed to our address, will procure the INTELLIGENCER eight months; Seven and Six Pence, one year.
