

THE RELIGIOUS INTELLIGENCER.

If it is not an omen to say it, I would state that the May meetings have begun. The Church of England Young Men's Society held its annual meeting in Exeter Hall the other evening, the Duke of Marlborough presiding. This morning the friends of the Baptist Union have met at the Mission House in Throgmorton and next Thursday the Exeter Hall meeting of the Baptist Missionary Society will be held. Without being sectarianized we may rejoice at the evident spread of those doctrines and practices which we deem accordant with divine revelation; and it is not we as Baptists who are chargeable with giving it a place in the church which the New Testament demands. Mr. Thorne, the Independent Minister of Winchester, has written another book on Infant Baptism, fin which he has discovered that we attach vital importance to the "form" and but little to the "subject" of Baptism. He ought to be presented with a testimonial in honor of his detective abilities. He has constituted a new argument for the baptism of infants—and a new one was certainly needed—from the declaration of Paul that "the fathers" were "baptized unto Moses in the cloud and in the sea." Some Pedobaptist reviewers are in raptures at the new toy, mistaking the rattle for a piece of artillery. Perhaps they will change their minds before long.—The May meetings have now a world-wide celebrity, and those of 1860 promise to rival if not to exceed all their predecessors in interest and influence. That there is dress with the gold may be admitted—in what work of man is there none?—but taken as a whole, both as to the objects advocated, and the character of the advocacy, the world would lose much if the May meetings were made to cease. I forgot to say, in speaking of the Anglican Establishment, that Mr. Rother, an inhabitant of St. George's-in-the-East, has been condemned to pay £10 in a suit instituted against him in the Ecclesiastical Courts for "brawling" in the church of that name. The commotion there continues, and the Parish Vestry have officially petitioned Parliament for an Act to restrain the clergy from departing from the usual observances in performing divine service. The public and magistrates are at their wits end how to make things even passably quiet between the stiff-necked Rector and the turbulent crowd that repairs there every Sunday to attack him. The free services in the Theatres are still held with a reasonable absence of noise, and signs of good.—Another phenomena—the night meetings for fallen females—has been repeated, and more than a hundred of that class have been removed to penitentiaries. Yet the harvest is great!

In regard to sun and heat the season is very backward. Sharp cold winds and showers of sleet are still our guests, and spring is still enveloped in cloaks and goes forth umbrella in hand—a very unpoetical object! The fruit trees and shrubs, however, will profit, it is said, by their retarding influences—and with such prospective compensation we must be content. The last six months have been unfavourable to health, and it is difficult to meet with a person who has not some complaint to make of cold and its effects. Foreign news is a little more cheering, and as the French Emperor can have no ambition to be "set upon" by the Great Powers, he will probably after annexing Savoy some engagements about the neutralized districts which will be accepted by Switzerland and the Princes as satisfactory. At the same time he has lost ground in England, and all belief in his disinterestedness is cast to the winds. The Papial excommunication is laughed at here, and has fallen a *brutum fulmen* in Italy itself. Surely Pio Nino has fallen in evil times! The close of the Spanish war with Morocco has been signalled for the sudden revolt, which was as suddenly suppressed. The Carlist party played some very shallow or some very deep game, but not yet sounded—for the last thing expected or desired by Europe was a Carlist resolution. General Ortega, the military leader, has been shot by order of court martial, and some relatives of the French Emperor are capitally imprisoned. The last news from Austria announces the appointment of a popular Governor to Hungary and a gradual return to the former government in force before 1848. Kosuth will hear the tidings with sorrow, unless he entertains hopes that any increase of liberty of action must tend to national independence. The "sell" of Savoy and Nice by Savoy to France, will be condemned by the historian and none the less because according to King Victor it was an inevitable sacrifice. Now that France goes out of the way to gnaw its bone the furtherance of Italian unity becomes possible, and both the Pope and King of Naples cast trembling glances at the "great feat" which touches the dominions of both. The insurrection in Sicily has appeared to fail, but the presentation of a sword of honour from the city of Rome to the King of Piedmont is an ominous circumstance for the Papacy. On the fate of that strange amalgamation I do not speculate—it is with the spiritual rather than with the temporal power of the Roman Apostasy that we should concern ourselves, praying that it may be overthrown and that right early, as it will be one day, not my night, nor by power, but by the Spirit of the Lord: and he all who have that spirit say Amen!

ARRIVAL OF THE "CIRCASSIAN"
St. John's, N. P., May 6, 1860.
Parliamentary news unimportant. Reform Bill had been debated without action.
Another Cashier of the Union Bank, London is asserted, is in a small deficiency of 12,000. No additional developments relative to Palmerston. Rumours of our serious discoveries wholly unfounded.
Price of Wales not to visit Canada before first week in July.
Voting in Savoy will exceed 100,000 in favor of annexation, only 1200 nays and 3 who abstained.
Reported that several arrests were made at Paris in consequence of the discovery of a plot by Italians against Emperor. Existence of plot denied.
FRANCE.—Two Military expeditions for Timbuctoo.
Slight insurrection occurred in French possessions in Africa, promptly suppressed.
English and French Ambassadors for China left Marseilles, 28th.

DOMESTIC.

IMPORTANT RUMOUR.

The members of the Executive were in this city during several days of last, and a part of this week, and rumor says that important business was before them, which may result in important changes. It is believed that matters connected with the Railway works occupied a portion of their deliberations, while also the new Post office stamp created some difficulty. The management of the Post Office Department of this Province under Mr. Connell's superintendence has been a credit to himself and to the Government of which he is a member; and the last Report is one of the most full, clear, and satisfactory public documents ever issued by any public officer in this Province, and the additional explanations given by him in his speech before the Legislature, and which was published in our columns, not only silenced the accusers of Mr. C.'s management, but drew forth the encomiums of some of his political opponents in the House and out of it. The P. O. Department of the Province is now, we believe, in the most efficient state it ever was; several new offices and routes have been established during the last year for the sole accommodation of the people, and every complaint or request as soon as made is promptly investigated or examined, and the necessary action taken. The new five cent stamp which bears the profile of the Post Master General seems to be the only difficulty at present in the Department. The enemies of the Government and of Mr. C. have seized hold of this as though a crime had been perpetrated in the Department, and have actually raised a tempest in *Minutiae* with the evident design of injuring his official standing. Some of the pretended friends of liberal politics have also joined in the condemnation of the stamps, and it may be that important results will grow out of this trifling affair. We have before stated that we see no impropriety in the designs of any of these stamps, we still adhere to this judgment. If any gentleman worthy and efficiently performs the duties of the office of P. M. General, we cannot really see what great objection there can be, to the stamp issued from his office bearing his profile.

Rumor says that influences which have been at work, may apply for the suppression of the new five cent stamp. In case this should be so, little doubt can exist but that Mr. Connell will resign his office as P. M. General, and also his seat at the Executive Board, as the only course undoubtedly, which any independent man could pursue under the circumstances. We shall deeply regret if any thing of this kind should occur, as the public would thereby be deprived of the services of a most efficient officer, whose place we think it would be rather difficult to present for the Government to supply.

The *Protestant* says.—It is stated that Bishop Sweeney has applied for three blocks of ungranted land—ten thousand acres in each—situated in Queens, Westmorland, and Albert Counties, and that a survey has been made of the block in Queen's County.

SETTING OUT TREES. We are much pleased to see our neighbours in Carleton manifesting a little taste and public spirit. Owners of property on King Street are setting out young elm trees on both sides of the Street. We hope they will join work to work and try and have at least one ornamented street on that side of the harbour.

IMPROVEMENT.—We are glad to notice that one of the old wooden buildings on King Street is being torn down. During the summer a fine brick building will be erected in its place by John Fisher, Esq. We hope to see similar changes on our principal business streets before the expiration of the year.—*Globe*.

ORNAMENTAL.—We are pleased to notice that the owners of the houses at the head of Jeffrey's Hill are putting out young trees on the side walk. It shows excellent taste on their part, and is a good omen for the future beauty of our city. We trust the example thus set will be imitated in other streets.—*Id.*

FIRE IN THE WOODS.—The woods in many places in King's County are on fire, the smoke of which, on the line of Railroad, is almost suffocating; unless there is rain soon there is an apprehension of the destruction of much valuable property contiguous to these fires.—*News*.

AMOUNT RAISED.—The Courier says that since the £35 were sent, the Woodstock sufferers by fire, from this City, further sums have been forwarded—
On 26th, per steamer *Tobique*,
14 lbs. Flour, 1 cask Molasses,
12 lbs. Corn Meal, 1 box Tea, } 41 10 0
costing in all,
Balance Cash forwarded this day to
the Mayor of Woodstock, } 26 10 0
Making altogether £103. More would have been sent had it not been for sufferers from fire in Smyth street in this City requiring aid, for whom £31 more were collected. The Committee of Management were John W. Cudlip and C. H. Fairweather, Esqrs.

A sailor named Daniel Chase fell or jumped from the steamer *Eastern City* on her way from Eastport on Tuesday. When the body was recovered life was quite extinct.

SMALL POX.—Number of cases reported at Board of Health Office for week ending May 5th.—Thirty-four. Number of deaths, Two.

JOHN ANSLY, Clerk.
SENTENCE OF DEATH.—*Belvidere, N. J.*, May 3.—Rev. Mr. Harden, convicted of the murder of his wife, was to-day sentenced to be executed on the 28th of June. He made no remarks.

AN INSURANCE SWINDLE.—The Great Western Insurance Company, of Philadelphia, whose agents are scattered thickly over Canada, must now be added to the catalogue of swindlers. The scoundrels who managed, having reaped a rich harvest of premiums, have closed the door, and the crowd of confiding people who fancied themselves "insured," suddenly find that they must pay their money over again to more reputable concerns.—*Hamilton, C. W., Times*.

OPENING OF MEETING HOUSE.
The F. C. Baptist Meeting House in Carleton, Vermont, N. S., is now finished, and will be opened by Divine Service (D. V.) on the first Sabbath in June. Our ministering brethren are particularly invited to be present.
May 4.
JOSEPH DURKEE.

Present engagements render it out of our power to accept the very kind and urgent invitation of our friends to be present at the dedication of the Meeting House in Vermont, N. S., on the first of June.

MARRIED.

On the 23rd March last, by the Rev. B. Merritt, Mr. E. H. Peters, of H. Hampstead, to Miss Margaret Jane, daughter of David Ebbitt, Esq., of Gagetown.

DIED.

On the 6th instant, Martha Annie Dawson, daughter of James and Mary Ann Dawson, of this City, aged 4 years and 11 months.
In Upper Hampstead, Q. C., on Saturday morning, May 5th of Putrid Sore Throat, Miss Susan O'Neill, formerly of Upham, King's Co., aged 24 years and three months.

"Her soul's alight with love,—Glory and truth and immortality?—
Vain thing ever, no son of time may see that holy vision."
And even the Seraph at her side
Hath covered his face with his wings."

In Campbell, March 29th, after a lingering illness, which she bore with christian patient, Mrs. Frances Young, beloved wife of Mr. Christopher Young, aged 66 years, leaving a numerous circle of friends to mourn her loss. She died in the triumph of faith.

In Campbell, April 29th, after a few days illness, Mrs. Elizabeth Siris, relict of Mr. Wm. Siris, aged 72 years, truly a constant friend of the afflicted, and a true christian.

Also, in Campbell, May 5th, a very young child, of Erysipelas, Mr. William Snell, Light House Keeper, aged 59 years, leaving a wife and four children to mourn his sudden exit from time to eternity. Bro. Snell was an upright, sincere, devoted christian; a member of the Methodist body, but a lover of all christians. A good man, and a true christian, and we feel it as much as if he were connected with us in church relations. We shall miss him, for he was always at his post, always at work for God. May the dispensation of Divine Providence be sanctified to the good of his bereaved family.—*Com.*

At Hampstead, on the 29th of March, Mr. Levi Vanvorst, aged 23 years. His end was peace.

At Wickham, on the 3rd inst., Nancy Jane, aged 35 years, wife of Mr. Alexander McDonald, and youngest daughter of the late George Henry, leaving a husband and seven children to mourn their loss. Mrs. McDonald was a constant member of the Baptist Church for the last seven years of her life; ever exhibiting those graces which adorn the christian character and bearing her last illness, which was long and severe, without murmuring or impatience. She died in faith, beloved and regretted by all who knew her.

At Lincoln, on Thursday evening last, after a long and tedious illness, Mrs. Elizabeth McCleary, aged 56 years, year of her age. She exhibited during all her illness that patience and resignation, which characterize the true christian; and after being purified by suffering here on earth, she, through the merits of her Redeemer, "passed through death triumphant home."

O what are all my sufferings here,
If, Lord, thou count me meet
With that exultant host to appear,
And worship at thy feet."

At Hampstead, on Thursday, April 26th, of Water on the Brain, James Leonard, infant son of A. Tyler, and Annie Jane Thompson, aged 1 year and 17 days.
Bodily infirmity and death, die, die,
Beneath the ground, this infant lies lie;
Say, is it lost or saved?
If earth's sin, they sinned: for they lie here,
If heaven's by works, in heaven they shall appear.
Reason—ah! how depraved:
Revere the Bible's sacred page; the knots untied;
They died, for Adam sinned!
They live, for Jesus died!

OBITUARY.

The late Mr. Thomas Carpenter of Wickham, Q. C., who departed this life February 10th aged 85 years came to this province with the Loyalists in 1783. His father soon after settled in Wickham with his family and the deceased continued to reside there until his death. A brother still survives him in that place. Mr. Carpenter was a strict integrity and moral uprightness. In 1839 he publicly professed religion, and was long connected with the Free Baptist Church, and was long, once weekly and often used for the public worship of God and his christian profession remained untarnished to the last. His mental faculties continued strong even in his last illness, and his last days were spent in literally waiting for his lord and his end was triumphant. Mr. C. left many surviving children, fifty one grand children, and eight great grand children. His funeral was improved by sermon by the Rev. B. Merritt from the appropriate text in 2nd Timothy, 4th chapter, 6, 7 and 8th verses—"For I am now ready to be offered and the time of my departure is now at hand, I have fought a good fight."

PARRY DAVIS'S PAIN KILLER—Its efficacious qualities are constantly experienced, and reports to that effect are continually making. A Pastor of one of our Baptist Churches in Chester County, Pa., stated to us a few days ago, that he had repeatedly tried it, and found it equal to its claims. Other pastors and reliable men in this vicinity have repeatedly testified in the same words used by the pastor in Chester County, see referred to. It is but justice to Parry Davis & Son that they, as well as others, should know these facts.—*Christian Chronicle*.

Cramp and Pain Killer

The world is acquainted with the wonderful cures performed by the CRAMP AND PAIN KILLER, prepared by CURTIS & PERKINS. Its equal has never been known for relief of pain in all cases; for the cure of Spinal Complaints, Rheumatism, Neuralgia, Headache, Toothache, Stomachic Pain, Bilious Colic, Chills, and Fever, and for the relief of all the most distressing pains ever experienced by man. Evidence of the most wonderful cures ever performed by any medicine are on circulars in the hands of agents.
