MELANCHOLY DEATH .-- Mr. Bannister, breakman on the down-train (from Shediac to the City,) met his death yesterday morning under heart rending circumstances. It appears that while the train was stopping at Salisbury the breakman was engaged in placing some box cars on a "siding." It is thought that after having finished coupling these cars-they being in motion-his foot slipped and he fell between them and across the rail. Eight wheels passed over his body nearly severing it, and crushing it in a shocking manner. The first intimation the other employces had of his tragic end was the sight of his mangled body. A Coroner's inquest

was held at Salisbury. Mr. Bannister is highly spoken of by his associates on the Railway, He is the son of Mr. Bannister who was a Contractor on the Rail. way under Thomas King, Esq ; and, at present, keeps a Saloon o.. Charlote-street. The deceased was 25 years of age, and had been employed on Railway Lines in Canada .-- News.

DROWNED .- The Westmorland Times has a communication to the following effect: A colored sailor belonging to the Am. ship Abby Blanchard was drowned in Shedrac harbour on the 11th iest. The ship having to weigh a kedge anchor, the second mate and five seamen were ing very heavy, and a high sea. The hoat filled with water and had it not been for the prompt exertions of the pilot, Mr. Hill, all would have been lost. The drowned man was a native of the Bahama Islands.

The examination of Trinity Church Sunday School took place on Saturday last. It was conducted by Rev. Dr. Gray, the Rev. William Armstrong, and other gentlemen, who expressed themselves highly satisfied with the result .--The children, with their teachers, attended divine service at Trinity Church on Sunday evening, when the Rev. Dr. Gray preiched an appropriate sermon from the Parable of the Sower. The collection in aid of the school amounted to £17 5s.—Church Witness.

Loss of the Canadian .- The iron steamship Canadian from Queuec for Liverpool struck on sunken ice, eight miles South of Bellisle, on the 4th of June, and sank in about thirty-five minutes. The ice looked small, scarcely above water, and under the foremast, and broke into the three compartments immediately. Directly after the collision the Canadian's head turned shorewards, the boats were lowered and sent away full of people. Poat number eight upset and all in her perished. Five minutes after the lowering of he boats the ship went down bow first with a picked up, one of whom died. At the time the ip as at down there was a fearful explosion aft. The Captain's boat was about 20 feet from the ship when it sank, and it was nearly swamp.

Mr. Pavis, second officer, went down with the ship; also, Mr. Panton, the mail officer, who was endeavoring to save the mails. Only seven mail bags were saved. The cabin passengers known to be lost are as follows :- Rev. Mr. Blount, lady, and two children; Mr. Mayhew, of Wisconsin, and Captain Wyckman.-Not less than twenty of the steerage passengers, six of They have evacuated Harper's Ferry after long illness, Elizabeth, wife of W. S. Barker the cabin, and ten of the crew were lost. The passengers suffered considerably from sleeping in the hold of a salt laden French vessel, The Ship's papers were all lost. The Canadian was an iron vessel of about 2,000 tons burthen, and are making every possible exercion in preparawas built last year.
