Can hope to walk this earth.

We are, we were not! here our mind Looks round with hopes and fears; This point is Time; before, behind, Eternity appears.

'Tis yet, through grace, within our power To choose what we would be; On the decision of an hour Depends eternity.

This hour, this moment, let us take The narrow upward path; This hour, this moment, all forsake The broad down road to wrath.

O Lord our Shepherd! lest, like sheep,
Thy children go astray,
Feed us with knowledge, guide and keep
Our souls in thy right way.

So when a hundred years are fled, Remembering this day's choice.
On earth though numbered with the dead, In heaven we may rejoice.

II.-A BYGONE YEAR.

Reply from heaven or hell.

"For who is this that engaged his heart to approach unto me? saith the Lord."—(Jer. xxx. 21.) A Year, another year, is fled; Its issues who can tell ? Millions of voices of the dead

> All these were living at the birth Of the departed year; They all have vanish'd from the earth. We fill their places here.

Though to the eye, the ear, the mind Of man their speech is seal'd, The eternal meaning each may find In two plain words reveal'd.

Lost spirits, from the dark abyse, Cry mournfully " Beware!" Spirits in glory, and in bliss, Sing joyfully "Prepare!"

Thus timely warn'd, and moved with fear Of wrath, let us beware: For life or death, in this new year, For earth and heaven prepare.

Who then of those with us this day. In childhood, youth, or age, "To love the Lord our God" can say, "We all our hearts engage ?" -Montgomery.

They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and disease. While in this condition, oppressed by the derange ments, take Ayer's Pilis, and see how directly they restore the natural actions of the system, and with it the buoyant the natural actions of the system, and with it the buoyant feeling of lealth again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders

Statements from leading physicians to some of the principal cities, and from other well known public persons.

FROM A FORWARDING MERCHANT OF ST. LOUIS, FEB. 4, 1856.

Dr. Ayer: Your Pills are the paragon of all that is great in medicine. They have cored my little daughter of uiccrous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

Your Pills are the prince of purges. Their excellen qualities surpass any cathartic we possess. They are mild but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment Headache, Sick Headache, Foul Stomach

Headache. Sick Headache. Foul Stomach

From Dr. Edward Boyd, Baltimore.

Dear Bro. Ayer. I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative medicine. I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May I, 1855.

Dr. J. C. Ayer. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. Yours with great respect,

Ed. W. Preble, Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theadore Bell, of New York City.

Not only are your Pills admirably adapted to their pose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of bilious complaints than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTEBIOR, Washington, D. C., 7th Feb., 1856.

Sir: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided; consequently they are an admirable remedy for derangements of that organ. Inoeed. I have seldom found a ca-e of bilious disease so obstinate that it did not readily yield to them.

Dysentery, Diatrica, Relax, Worms.

From Dr. J. G. Green. of Chicago.
Your Pills have had a long trial in mylpractice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for bilious dysentery and diarrhæa. Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.
From Rev. J. V. Himes, Pastor of Advent Church, Boston.
Dr. Ayer: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Warsaw, Wyoming Co., N. Y., Oct. 24, 1865.
Dear Sir: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

From Dr. J. P. Vaughn Montreal, Canada.
Too much cannot be said of your Pills for the cure of cost tiveness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the live, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the Latural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and expel worms. They are so much the best physic we have that I recommend no other to my patients. are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church Pulaski House, Savannah, (ia., Jan. 6, 1866.

Honored Sir. I should be ungrateful for the relief your skill has brought me if 1 d d net report my case to you. A cold settled in my limbs and brought on excruciating neuralgic paius, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but suie. By persevering in the use of them, I am now entirely well.

Sente Chamber, Baton Rouge, La., 5 Dec. 1855.

Dr. Ayer: I have been 'entirely cured, by your Pills, of Rheumatic Gout—a painful disease that had affitcted me for years.
