places, until arriving at the mouth of the Oromocto.

Thence, for about 12 miles to Fredericton, the river

s narrower and the country is perfectly charming.

The capital of New Brunswick, although to all in-

tents and purposes a city, yet has but few of the

characteristics common to most cities. It is rather

an extensive country town, with its military garrison

and public offices. It consists of three or four par-

rallel streets about three quarters of a mile in length,

with others intersecting them. The one fronting the

river is, however, the principal business street, on

one side only of which are stores. These are not in-

ferior to the majority of those in St. John. The

University and Cathedral are perhaps the edifices of

the greatest pretensions. The former shews well

from the river, nestled in trees on the hillside. It is

a square building, with but little of the ordinary

ornament given to educational institutions. But the
