UNITED STATES.

Events of the utmost importance mark this week's history of the war.

A terrible fight in the vicinity of Richmond, last ing two days, resulting in a complete Federal victory; the reinforcement of Banks and his return to Strasburg, driving the Confederates back over the same route which they pursued him a week ago; the forced march of Fremont in pursuit of the rebels, attacking and routing them near Strasburg, recapturing Federal prisoners and taking a large amount of stores; the surrounding of this rebel force, cutting off their connection with Richmond, and their continued flight Southward; the evacuation of Corinth, and complete scattering of Beauregard's army; the capture of Little Rock, the capital of Arkansas, by Gen. Curtis, and the occupation of the Arkansas River by Federal gunboats; the surrender of Vicksburg, the last Confederate fortified town south of Memphis; the capture of half a dozen rich prizes by the blockading fleet, and commencement of attack on Wilmington, N. C. and Mobile; these are the principal items of news from the war.

THE FIGHT BEFORE RICHMOND. - On Saturday the main body of the rebel army attacked the Federal left wing, hoping to reach the James River and cut off Federal communications. Gen. Casey's division behaved badly, and were flying before the enemy, when the divisions of Gen's. Heintretman and Kearney appeared, who drove back the Rebels at the point of the bayonet. On Sunday the Rebels again advanced to the attack, and after a desperate struggle were driven back two miles and a half by the bayonets of the Federals, leaving 12,00 of their number dead on the field; the number of their wounded is unknown; a large number were taken prisoners among whom is Gen. Pettigrew and Colonel Long. Federal loss in killed and wounded is 3000.

BANK'S DIVISION .- Official reports of the loss of

management of the retreat, before such an overwhelming force. He has been strongly reinforced, turned upon his pursuers, and now occupies the farthest position from which he was driven.

Fremont's advance guard has driven Jackson from Strasburg and through Woodstock, and is pressing upon him in Lope to force a stand up fight.

Fremont's and M'Dowell's movements have wholly relieved the Shenandoah Valley and Northern Vir-

It is reported that Gen. Stoneman with 25,000 men has marched round Richmond towards Petersburg.

If this latter movement is successful the rebel army cannot escape Southward, and must conquer or be

annihilated at Richmond. HALLECK AT CORINTH. - Again, as at Yorktown, the Confederates leave intrenchments of immense strength and extent, "because of the near approach of the Federal parallels." Hallcek now occupies the rebel works, and has taken three or four thousand prisoners. Beauregard's army is scattered. 10,000 under Gen. Bragg, are reported gone South, and the deserters who come into the Federal lines by scores. It is said that the whole force under Beauregard did not exceed 60,000. They carried every thing away with them, and Halleck's troops are not a little

dostroy the whole army. It is not possible for these troops to reach Richmond in less than three weeks, as the only railway connection is held by the Federals.

ARKANSAS. - By obtaining possession of Vicksburg the Federal fleet on the Mississippi was enabled to proceed up the Arkansas river, on which Little Rock, the capital of that State, is situated. They are thus masters of the whole region of country west of the

"Father of Waters." Memphis still holds out, but Farragut is almost upon it; the rebel gunboats have been abandoned and their guns removed to Fort Randolph. This, with Fort Wright, are the only points held by the Southerners on the whole length of the Mississippi-

Gen. Butler is governing New Orleans in rather a peculiar manner. When the place was captured there were not more than three days provisions in it. No weeks. It appears that the citizens generally seem effective measures being taken by the city authorities | to care very little for the welfare of these classes, and to supply the poor, by bringing provisions from other they, feeling this keenly, give themselves up to a places, Gen. Bangor, June 5. Gen. Pope with 40,000 men is 30 miles south of

Corinth, pushing the enemy hard. He already reports 10,000 prisoners and deserters taken, and 15,000 stand of arms captured. A farmer says that when Beauregard learned that

We regret to say that we think His Worship the Mayor and a portion of the Aldermen of St. John are making themselves appear ridiculous by their course in relation to the Act of the Legislature to abolish the fishery lottery. GUILTY OF MURDER.—The poor unfortunate man Mackie, under trial this week for murder in St. John, has been found guilty, and sentenced by the Chief Justice to be executed on the 5th of August next. Mackie was a runner for some sailor boarding houses; Fitzgerald the murdered man, kept a similar house; they disputed about something, and Mackie attacked the other on the street, knocking him down, and kicking him so violently as to produce death.

SARSAPARILLA.

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases. From Emery Edes, a well known merchant of Oxford, Maine. "I have sold large quantities of your Sarsaparilla, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin. From Rev. Robert Stratton, Bristol, England.
"I only do my duty to you and the public, when I add
my testimony to that you publish of the medicinal virtues
of your Sarsaparilla. My daughter, aged ten, had an af-

flicting humor in her ears, eyes, and hair for years, which we were unable to cure, until we tried your Sarsaparilla. She has been well for some months. From Mrs. Jane E. Rice, a well known and much esteemed lady, of Denniville, Cape May Co., N. J.
"My daughter has suffered for a year past with a scrofu-

ous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her." From Charles P. Gage, Esq., of the widely known Gage,

Murray & Co., manufacturers of enamelled papers in Nashua, N. H. "I had for several years a very troublesome humor in my face, which grew constantly worse, until it disfigured my features, and became an intolerable affliction. I tried almost every thing a man could, of both advice and medicine, but without any relief whatever, until I took your SARSAPA-RILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and, without a doubt, owe it to your Sarsaparilla."

Erysipelas-General Debility-Purify the Blood. From Dr. Robert Sawin, Houston-st., New York. DR. AYER-I seldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your Sarsaparilla, and I have just now cured an attack of Malignant Erysipelas with it. No alterative we possess equals the Sarsaparilla you have supplied to the profession as well as to

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years, I had the yellow Ervsipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsaparilla. Took two bottles, and some of your Pills. Together they have cured me. I am now as well and sound as any body. Being cured me. I am now as well and sound as any body. Being in a public place, my case is known to every body in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your Sarsaparilla in my family, for general debility and for purifying the blood, with very beneficial results, and feel confidence in commending it to the official."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes. From Harvey Sickler, Esq., the able editor of the Tunkhannock Democrat, Pennsylvanie

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the estering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sarsaparilla, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease. From Dr. Hiram Sloat, of St. Louis, Missouri.
"I find your Sarsaparilla a more effectual remedy for the secondary symptoms of Syphilis and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have." From A. J. French, M. D., an eminent physician of Law-rence, Mass., who is a prominent member of the Legislature

of Massachusetts.
