Foreign Recognition. - The London Times' city

Although the fact that the Confederate States of America have virtually established their independence is now almost universally admitted, the feeling among the commercial classes in London is as strongly opposed as ever to any action on the part of our Government toward a formal recognition of the dissolution of the Union. If it could be shown from historic precedents that the time is come for the step, and also that the Confederates will be able to charge portance, if we except a speech of Mr. Gladstone's, foreign nations with having inflicted an injury upon (delivered at Newcastle) on the American war. As them by insisting on a longer delay, there would be it has created considerable interest both in England little to say against it, because the very essence of the strict neutrality that Europe has already exercised with so much honor demands that we Bruce off North Carolina. I, for one, said the right honourable gentleman, should continue to guide ourselves solely according

with her own civil interests for desiring the disruption land, or even England and France together, are bound of the American Union. I can understand those who to take up the question on their own responsibility. I can understand those who say—and I confess it to should, it is argued, be carried out by a majority of be my own opinion—that it is greatly for the interest the leading States, or any portion of them that the of the negro race that they should have to do with majority might delegate. As regards the mere sordid consideration of immediate material interests, the bebeen the case—with their own masters backed by the lief of a great proportion of our most sagacious merchants is that the suicidal career of America is imparting a stimulus to the productive energies of other portions of the world which promises, not simply as concerns our own trade, but as concerns that of all in the interest of the negro, have thought it desira- other countries, to yield far more than compensation ble to return. The laws by which the slaves have for any injury otherwise sustained. As to any damage been governed, have been made not by the Federal to be inflicted on the Confederates by their non-Government, but by the owners of those slaves; but recognition, no one has yet pointed out in what it the enforcement of the laws made by the owners of can consist. Recognition, unaccompanied by practithe slaves has not rested in the hands of the owners cal assistance, would be but a word, and if it be of the slaves alone. They have had a right—a urged that a moral encouragement would thus be imparted, the answer is that they must already be aware own slaves in the execution of the laws that the moral encouragement of the sympathy of every that, so far as they have earned it, they already have

UNITED STATES.
