MY BIBLE. BY REV. B. FRANKLIN RATTRAY.

When my heart is with sorrow and bitterness press'd. And my mind overshadowed, cast down and distress'd ; What gives me sweet comfort, enjoyment and rest?

My Bible. When Satan approaches, my bark to assail, And makes my poor soul in terror to quail; What points to a refuge that never can fail ?

My Bible. When diseases invade this body of clay, And the pillars of nature to ruins decay ; What assures me of life in the land far away ?

My Bible. When the last ray of light from my life lamp has fled, And friends lay me low in the vaults of the dead ; What declares I shall reign with Jesus my head? My Bible.

When voices, once pleading in accents of prayer, Shall mingle with harpers, God's love to declare , What gives me to know I shall sing with them there ? _young, confiding heart, exclaimed-

My Bible. When oblivion shall roll o'er the shipwreck of time, And the ransomed of earth eternally shine ; What tells me, dear Jesus, the glory is thine ?

With wavering faith again the little soft hand pleided for entrance, and the tremulous voice cried piteously-

* Charley, darling, dear, sweet little brother, please open the door to your own poor Katie. Don't love the little angels better than me. O Charley ! Charley !' She threw herself upon the wet ground, and sobbed in an agony of grief and disappointment.

'No,' said Katie with touching hopelessness; 'I shall never come again. Let us go.'

She rose without another sob or fresh tear even upon the wet cheek ; but the grieved expression of the sweet, childish mouth was pitiful to behold. Back again over the dreary way went Katie and Belle. Little shoes wet, little dresses dripping, little heads bent like dew-laden flowers, little hearts very heavy. At Katie's door stood her anxious mother, peering through shadows for her darling. The child sprang which will be sold at lowest market rates. Few are aware of the importance of checking a Cough "slight Cold" in its first stages; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. Brown's Bronchial Troches are a most valuable article, especially so at this season of the year, when Coughs, Colds, Bronchitis, Influenza, Hoarseness and Sore Throat are so prevalent. The Troches give sure and almost immediate relief.

MESSRS. JOHN I. BROWN & SON. N. S., Sept. 18, 1862. Gentlemen,-We take this method to inform you that during our peregrinations round the world, exposed to all the different temperatures of climate between 50 degrees north and 50 degrees south of the equator, making in all one hundred degrees of latitude, and in all longitudes, we have carried with us a supply of your " Bronchial Troches," which we have always found to be efficacious in cases of

THE peculiar taint of infection which we call SCROPULA lurks

in the constitutions of multitudes of

comes incompetent to sustain the

vital forces in their vigorous action,

and leaves the system to fall into

disorder and decay. The scrofulous

contamination is variously caused

by mercurial disease, low living, dis-

rdered digestion from unhealthy

bood, impure air, filth and filthy habits, the depressing vices, and

bove all, by the veneral infection

Whatever be its origin, it is here ditary in the constitution, descend

ng "from parents to children unto he third and fourth generation;"

Him who says, "I will visit the

iniquities of the fathers upon their

children." The diseases it originates take various names,

according to the organs it attacks. In the lungs, Scrofula

produces tubercles, and finally Consumption ; in the glands,

swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce

indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the

same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these

dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

AYER'S SARSAPARILLA

is compounded from the most effectual antidotes that medi-

cal science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far supe-

extraordinary in their effect upon this class of complaints

is indisputably proven by the great multitude of publicly known and remarkably cures it has made of the following diseases: King's Evil or Glandular Swellings, Tumor's, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose of St. Anthony's Fire Salt Rheum Scald Head Compts

Female Weaknesses, and, indeed, the whole series of com-

plaints that arise from impurity of the blood. Minute re-

ports of individual cases may be found in AYER'S AMERICAN

ALMANAC, which is furnished to the druggists for gratui-

tous distribution, wherein may be learned the directions

for its use, and some of the remarkable cures which it has

made when all other remedies had failed to afford relief.

Those causes are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal
