For the Religious Intelligencer. IS IT GOD. BY REV. B. FRANKLIN RATTRAY.

What's this that rises to my sight, Is it God! 's it God?

Nor moon, nor stars that shine at night, Nor sun with all its world of light, Could give my soul such pure delight, Is it God! is it God?

Transporting scene! O angels tell, Is it God! is it God? Ye seraphs who in glory dwell, Whose notes the highest arches fill; And cry, "He doeth all things wel!,"

Is it God! is it God? Around him stands a white robed throng, Is it God! is it God? Honor and praise to him belong

They shout in loudest, sweetest song, While Gabriel's harp the tones prolong. Is it God! is it God?

Angels and Seraphs join reply, It is God! it is God!

And all the armies of the sky, Who have gone home no more to die; Immortal anthems raise on high, It is God! it is God!

Sing O my soul and praise and pray, It is God! it is God! O speed thee on the heavenly way,

On sin's dark plains no longer stay;

Ascend to realms of endless day, There is God! there is God. January, 1863.

# CLEAN LIPS.

We know a dear old lady who, many years ago, taught a little private school in a certain town. Her heart was pure, and therefore her words were sweet. She leved the blessed Saviour, and cared most tenderly for the lambs of his fold. She seemed to live in the little children's world, rejoicing and suffering with them. She had always something pleasant to say, and a flower or kiss to give, so that the scholars

A WARNING TO YOUNG MEN.

In nearly all the larger towns and cities, young men form themselves into clubs of various kinds, to enable them to pass away the long winter evenings socially and pleasantly.

They are, many of them, among strangers, far Thine eyes shall see the king in his beauty: they shall away from the home circle, and the pleasant associabehold the land that is very far off.—Isa. 33: 17. tions which gather round the hearthstone of their childhood, and they find it difficult to get into society. Their time, after the business hours of the day are past, drags heavily, and they are ready to take up with almost anything, that offers itself in the shape of amusement or recreation. A club of jolly good fellows has many attractions under these circumstances. While we would not do anything to curtail the real enjoyment of the young, especially under such circumstances as we have detailed above, we would warn them against those, which are injurious to either soul or body.

An old merchant related in our hearing, a few evenings since, his own experience and observation in regard to this matter. When he left home to go into business in the city, he felt lonely in the evenings, and longed for companionship. He was diffident, and had no influential friends, to take him by the hand and introduce him into society. A friend invited him to join a social club. They spent their time in song and jest, eating and drinking, and general jollity. He kept a list of all who belonged to the club, during his connection with it, and has traced their histories since. Of forty-nine, but three remain now enjoying a green old age. Most of the others went to early graves, the victims of intemperance. Very few of them were ever successful in business, though some DEFINED SUGAR.-Landing ex "S. V. Coonan, of them were young men of fine business capacities. Many a young man is ruined there before he is aware of his danger."-Presbyterian

Public Speakers and Singers. Few are aware of the importance of checking a Cough "slight Cold" in its first stages; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. Brown's Bronchial Troches are a most valuable article, especially so at this season of the year, when Coughs, Colds, Bronchitis, Influenza, Hoarseness and Sore Throat are so prevalent. The Troches give sure and almost immediate relief.

From the Alleghanian Vocalists and Swizs Bell Ringers. alifax, N. S., Sept. 18, 1862. MESSES. JOHN I. BROW & SON.

Gentlemen,-We take this method to inform you that during our peregrinations round the world, exposed to al the different temperatures of climate between 50 degrees WEST OF ENGLAND BLACK AND COLORED north and 50 degrees south of the equator, making in all one hundred degrees of latitude, and in all longitudes, we have carried with us a supply of your " Bronchial Troches," which we have always found to be efficacious in cases of hoarseness, and irritation or soreness of the throat, &c. To Singers and Public Speakers, a box of the "Troches" are an invaluable "Pocket Companion Trowscrings in cudiess variety. iniquities of the fathers upon their children." The diseases it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce same origin, require the same remedy, viz., purification dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" heathy, you cannot have scrofulous disease.

This we now offer to the public has led us to spend years in perfecting a remedy which is under the name of AYER'S MARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on pounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in

this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence to cine from any other which has been before the people, and is far more effectual than any other which has ever been AYER'S CHERRY PECTORAL.
