Gilbert introduced a bill to encourage agricul- the amendment lost, eleven voting in favor. Dr. Vail then moved that the Central route be the one selected. FRIDAY, April 10.

This also was lost, only three, the mover, and Messrs. At 11 o'clock, the Provincial Secretary resumed Stiles and Scovil voting for it. Progress was reported.

his speech on the Railway bill, reviewed the arguments of the opponents of the bill, and wished espe- The order of the day was taken up, and the second cially to call their attention to the data upon which section read. Mr. Smith presented a number of queshe would establish the fact that the proposed road tions in writing as to the selection of the route, and would pay working expenses, as some of them had the meaning of certain terms and words in the Railsaid that they would support the measure, if that way bill. The Hon. Mr. Tilley stated that he would could be proved to their satisfaction. He maintained take time to consider the questions. The section that there would be a large amount of traffic over passsed, however, by a vote of 26 to 9. The third the road from this Province to Nova Scotia. The section was then read, and Mr. Boyd then moved an traffic by the boat last year amounted to about 3000 pas- amendment, giving the selection of the route, so sengers, while freight was also carried in abundance. far as the line passes through this Province. When the Railroad is constructed, he was of opinion to the Legislature thereof. This after being debated that this boat would not be on the route at all, as at some length, was lost. Then Mr. Smith moved the owners would not now run her, unless a subsidy that the selection of the route be by the British is given by the Government of New Brunswick and Government, as well as the Government of this Pro-Nova Scotia. This subsidy would be withdrawn ; vince. This was also debated at great length, and and this traffic, to say nothing of the local traffic many and varied constructions were put upon the of agricultural districts of Nova Scotia, will find a wording of the bill. Mr. Gray contended that the market for their produce in St. John. It had been words site and line and route were synonymous terms, said that this traffic would not come by the railroad, and he believed that the Government of New Brunsas the schooners and sailing vessels would still do a wick will have its weight in the selection of the large portion of the carrying trade, but he held that route. Mr. Smith said that he would offer no further no person would take the uncertain and precarious opposition to the bill, if the Government say that sailing of vessels, when the certain means of convey- this is the unequivocal meaning of the bill. After ance by railway was at their disposal. Besides all some further cross-firing the vote was taken, and the this natural traffic, there will be an increased trade amendment lost, 11 voting for and 27 against. An for our present line of railroad, while the Truro additional section to make the whole bill in operative, branch of the Intercolonial road is being built. The unless it could be shown that the contemplated work trade then by either route from Canada, he estimated can be finished for £3,000,000, was moved by Mr. as at a large quantity. There is now imported from Smith, but it was lost, only 14 voting for it. He New York one million barrels of flour, and most of then declared that he would offer no further amendthis is Canadian produce. It was but reasonable to ment except, in the 11th section to substitute the assume that this flour would come over this line in word line for site. This was lost by a vote of 14 to preference to being imported by way of the United 22. The same gentleman then moved that the word States. Our merchants and consumers would prefer site be displaced by the words route and line. This to purchase the article from the dealers in Montreal being put to vote, 10 stood in the affirmative, and it Governor and Duke of Newcastle relative to his conor any other part of Canada, to importing it from was consequently lost. Mr. Stevens moved an amendthe United States at an extra cost. There is there- ment that the words "and line" be inserted after the Act now sought to be restrained, be read, to place fore 1,000,000 barrels required for the Lower Provin- word site. Mr. Smith here stated that he would him right with country. Attempts had been made ces alone, and in order to leave a margin to meet all vote for this, and after that, he would take no further to ruin his character. This he would resent whether the objections of the opposition, he would only esti- interest in the bill. The amendment was lost. On made by Duke or Governor. Despatches read. mate that one fourth of this quantity would pass over the reading of the 13th section, his honour the the line, which would be 250,000 barrels, which, at Speaker said he thought it would be well to consider 40cts. per barrel, would make a sum of \$100,000, the provisions of that section, as the engineers may and assuming that one eighth of this sum would come make whatever returns they wish, and underrate the cost of the road, in order that they may get the employment which would ensue from the work being undertaken, which they would not get, in case the road cost more than £3,000,000 as it would then be | except Seely and Minchin. april 10-wvpi SAYER'S PATENT NEW BRUNSWICK masses, but by governments, men of science, and FLOUR.-Landing, ex "Prince of Wales:-750 barrels ASYER'S PATENT NEW BRUNSWICK PLOUGHS, which are considered by those who have used them, to be PLOUGH. superior to any others now in use in this Province. The peculiar advantage of those Ploughs consists in the gentle convexity of surface which it presents to the soil, making it easy of draught, turning the sod well, and preventing any clogging of the earth to the mould board. The Share is made of a peculiar description of iron and chilled, mak-ing it fully equal to steel. The Landside is in two pieces which give it an advantage over the ordinary kind, as the upper part will wear out a number of the lower or sole pieces by which a very great saving is made. I also cast the mould boards for the above mentioned ploughs as well as for other kinds, on patent chills which makes the wearing surface hard and equal to any steel plough. The advantage of which requires only to be known in order to bring them into general use. For sale low at No. 17 Water Street, New Bridge, and at the New Branswick Foundry, CAUTION .- Any person infringing the above Patent will be dealt with as the law directs. april.10.-pi. JAMES HARRIS.
