CONFLICT AND VICTORY. The raging waves of passion, Like ocean's billows roll, Amusements, lusts and fashion Now captivate the soul. Humanity is crying, O who will show us good? While multitudes are dying, Feeding on serpents' food.

Where are the valiant Christians, Led by the Lord of hosts? Are not the proud Philistines, Invading Israel's coasts? Come forth in martial beauty, Alarm the enemy; Let no one flinch from duty, And ours is victory.

God's people's flery trials, We must expect to meet; For apocalyptic vials Are not exhausted yet. Watch, watch, working and praying, Faith views a scene sublime, God only seems delaying, He's working all the time.

I hear his chariot coming, His messengers are here, The advancing day is looming, The orient sky is clear. Soon, soon the glorious cherus, Shall wake the nations up; The glory is before us, Rejoice my soul in hope. Fredericton, Sept. 13th, 1864.

The morning bell rung; we started up, washed, and were turned out for the day. When we reached the bottom of the stairs, the morning was raw, cold, and very dark. "My companion replied, 'Wait, Tom, wait; we cannot command God.'

"This shut my mouth; we stood in silence. An hour had passed away. But, sir, I was wrong; God does hear and answer prayer. THE ROYAL INSURANCE COMPANY, 92 Chairman of the London Board.—Samuel Baker, Esq.
Chairman in Liverpool.—Charles Turner, Esq.
The Royal Insurance Company is one of the largest

Offices in the kingdom. At the Annual Meeting held in August 1859, the following highly satisfactory results were shown FIRE DEPARTMENT. The most gratifying proof of the expansion of the business is exhibited in the one following fact—that the increase

alone of the last three years exceeds the entire business of some of the existing and of many of the recently defunct re insurance companies of this kingdom. The Premiums for the year 1855 being.....£130,060 While the Premiums for the year 1558 are.... 196,148 Showing an actual increase of ...... 66,088 upwards of 50 per cent. in three years.

The recent returns of duty made by Government for this atter year (1858) again show the "Royal" as more than utaining the ratio of its increase as stated in former years. Only one among the London insurance offices exhibits an advance to the extent of one-half the increase of the Comadvance to the extent of one-half the increase of the Company, while all the others respectively fall far short of the moiety of its advance.

DISORDERS OF THE STOMACH, LIVER, AND

BOWELS The Stomach is the great centre which influences the health or disease of the system-abused or debilitated by excess-indigestion, offensive breath and physical prostration are the natural consequences. Allied to the brain, it is the source of headaches, mental depression, nervous complaints and unrefreshing sleep. The Liver becomes affected and generates bilious disorders, pains in the side, &c. The Bowels sympathise by Costiveness, Diarrhoa and Dysectery. The principal action of these Pills is on the stomach, and the liver, lungs, bowels and kidneys participate in their recuperative and regenerative operation

ERYSIPELAS AND SALT RHEUM Are two of the most common and virulent disorders prevalent on this continent; to these the Ointment is especially antagonistic-its modus operandi is first to eradicate the vermin and then complete the cure. BAD LEGS, OLD SORES, AND ULCERS.
