A NEW PROGRESSIVE AND PRACTICAL METHOD, by John Zundel, *Organist and Director at Plymouth Church, Brooklyn, N. Y.*—This book meets the student after he has obtained a moderate knowledge of the instrument. It is the **KEY** to the modern method of the Organ, and conducts him through the details of Fingering, Touch, Stops, Pedal playing, &c., to the full and complete mastery of the instrument. The department of Organ playing, ample material and instru-

tion is furnished; difficult points made clear, and in the progress of the pupil, every obstacle is removed.

The Lessons and Questions are so arranged, as to be usually explicit. The volunteers are selected from the works of Rink, Schneider, and Best. As a whole, the work is, as its title indicates, the most comprehensive, pleasing, and profitable, that the Organist can desire.

meddled with all wisdom. — SOLOMON. — Heaven, Earth and Hell; being a memorial of the three great powers, GOD, MAN, and the DEVIL.

Beginning with the location of Heaven and the creation of Angels, *anterior to time* MAN; with the derivation of the names of God, Next, on words, with discussion of the first number which continued for six days in succession on the immortality of the Soul. The conscious existence of departed spirits, and the future punishment of the impious dead. The history of the Jews, from the time of Adam.

Then on the fallen Angels of the Scriptures, proof positive of the being of Satan, and of evil spirits, with a demonstration on demonology; followed up in a chronology of the principal events of the Church and of the World, &c.

It then proceeds with the history of Satan, the origin of Sin and Sinners, the mode, probation, or trial of the Angels who were created, and the manner in which they fell, with Lucifer, son of the Morning, and how he became the father of lies: for we are prepared to prove that he told 400 lies in one time.

It then transfers the scene, and useth out of Heaven, with a vast multitude of apostate Angels, the number of which I mean to prove in this work, and which never before has been proved. Also, of what became of the wicked Angels after their fall, and of a located hell or not; and how evil spirits get possession of human beings; of their shape, power and restrictions.

Of the time in which this great catastrophe took place, and of war in Heaven, and of Hell, it was shortly after the extinction of this world. And it is to be remembered that

Then on the divergence of the sons of Noah, from the left the ark came down the mountain, and following them in their various settlements: also, of the Iabel builders, the rebellion of Nimrod, and a part of the sons of Ham, Ac.

Every subject embellished with original or selected facts, and every subject treated in a manner that is interesting and profitable. The following is a list of the subjects mentioned here, all bearing on the plan of Salvation.

CHRONOLOGICAL CHAIN.

Great care has been taken to put every event in its proper Chronological order, so that the reader as he passes along may have a correct view of the *When, Where, and How*, which are the three questions that occurred.

Therefore, all school Teachers, in the Province, Nova Scotia, Prince Edward Island and elsewhere, will find it a most profitable and pleasant to canvass as local Agents for Subscribers, should *any* person allowed them.
