A bill which has been before the House some two or three times, in relation to Corporations, was up It is asserted in one quarter and denied in another, human expectation, by the most astonishing cures of again this day (Tuesday). The main features of this the Legislature. It was referred to a select committee.

The whole of this afternoon was occupied in discussing the bill, by which the Corporation offer a free gift of right of way to the Government for railway extension to the breakwater, with a view to the erection of a cheap water terminus there. The river members appear to have some antipathy to this bill, because in it they see a certainty of the railway terminus being constructed at the breakwater. Mr. Fisher moved postponement until the next meeting of the Legislature, because in it there was a legislative expression in favor of the breakwater. The Provincial Secretary, Mr. Stevens and others thought that by postponing the bill it would be a direct ex. pression against the breakwater in favour of some other place. The motion to postpone was lost, and the bill was referred to a select committee to investigate. The expression, " dedication to the public," was also thought to mean something serious, but it was explained away.

The Provincial Secretary brought in a bill for the incorporation of a Co operative Society in Carleton, and a petition in favor thereof. He also laid before the House those endless accounts asked for by W. J. Gilbert, of Court expenses in causes involving sums under £20. Several petitions presented by Mr. Ryan, for the removal of the Shire Town of King's County to some point on the line of railway.

Bilitown, Cornwallis, Jan. 9, 1063. For over five years I have suffered severely with Asthma, Palpitation of the Heart, and Nervous affection, so that I have seldom been able to work, and I have used every means from which I could hope for relief without obtaining any permanent benefit, until about three months ago, I was persuaded to use GRAHAM'S PAIN ERADICATOR, which I tried without any faith in it, and to my agreeable surprise I have so effectually improved that I have been able to work the most part of my time since, and have done more work since using it than I had done in five years previous. believe that this medicine has no equal for the above

I have learnt with much surprise that an impression prevails in New Brunswick that this Act has been disallowed, or at least disapproved by Her Majesty's Government. The Act has not received the express sanction of Her Majesty, because it was evidently useless to bring it under the formal consideration of the Government until a similar law had been passed by Canada. In fact far from having been disallowed, it is still actually in force in the Province, and ! shall have been greatly misunderstood if, by refusing to submit it prematurely to my colleagues, I am supposed to indicate any disapproval of its provisions, or any feeling of lukewarmness with regard to the important object which it is intended to effect. Such a misunderstanding would cause me no ordinary regret, because I am particularly sensible of the honorable warmth, promptitude and straightforwardness with which this matter has been dealt with in New Bronswick.

the war will not continue much longer. It is ascertained that General Lee has been heavily reinforced, and the opinion prevails, that he will immediately advance once more into Maryland. There is considerable alarm on the subject in Washington, and the defences there are being strengthened.

It is also ascertained beyond doubt, that General Johnston has commenced an advance movement from Dalton, and that his lines extend at the present moment beyond Ring-gold. A comprehensive plan of the spring campaign has evidently been agreed upon, by the Confederate leaders, but at present, we see clearly only two of the moves. A few weeks or perhaps days will enable us to judge of its extent. We have rumors, however, that preparations for ac. Mr. David Roberts, on the 16th inst., by the Rev. E. C.
