OUR NEW TERMS. We have now fairly entered upon our new terms for the "INTELLIGENCER." Henceforth its price will be Two Dollars per year to all subscribers. We have raised the price with great reluctance, and had it not been that the future existence of the paper depended on this change, we could not have consented to it. But our struggle and efforts to sustain it during the last two years at the low rate at which it was then published, were too great to be continued any longer, and we had to choose whether to raise the price, or cease to publish it. The latter we could not think of doing, and therefore the former was our only alternative. We tender our sincere thanks to the friends who have already so liberally forwarded us their two dollars for next year. We solicit the continued patronage of all our subscribers. We hope none will discontinue on account of the small increase in the price. We have been publishing it at a loss. Fifty cents a year will be but a small amount for each of our patrons, but in the aggregate it will be a handsome sum for us, and will relieve us from much mental anxiety, and a great burden of care which the financial interest of the paper has imposed upon us in the past. NEW BEDFORD, MASS., Nov. 24, 1863. DEAR SIR-I have been afflicted many years with severe prostrating cramps on my limbs, cold feet and hands, and general disordered system. Physicians and medicine failed to relieve me. Some friends in New York who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine glassful after dinner. Feeling better by degrees in a few days I was astomshed to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. I feel like another being. My appetite and strength have also greatly improved by the use of the Plantation Bitters, Respectfully; JUDITH RUSSELL."

years standing, and some of them were far advanced. Charges moderate. Address, DR. W. S. FOSHAY, Rockland,

The following Certificates speak for themselves :-Rockland, Dorchester, April 11th, 1864. With pleasure I inform the world that one year ago Dr. W. S. Foshay was sent for to see my sister (P. A. Mc-Laughlan), with a Cancer in the side, which was supposed to be too far advanced to be cured. I also had one in my arm, one inch in diameter, which he removed in a short time by applying plasters, with very little suffering, and has been perfectly sound ever since; and I know of many others that he has cured, and would advise all persons to seek his aid in all cases of Cancer as soon as possible, for I do not know of any cases of failure where the disease

had not too far advanced. MRS. DAVID TAYLOR. Grand Diy, K. C., May 4th, 1864. I am happy to inform my fellow creatures that I had a Cancer in my face, of nine years standing, and about breaking out. It was one and a quarter inches in diameter, and through the cheek. I had it examined by a number of the doctors, who could not do anything for me. I applied to Dr. Fosbay, who removed it in a short time with very little suffering. I would advise all to employ him in cases of Cancer, for he makes sure and quick cures.

VITOR GALANC. Memrameook, June 2d, 1854. This is to certify that I was afflicted with a Cancerous fumor in the side of my face, extending from the ear to the angle of the jaw, and two inches in width. I employed an eminent physician, who applied blisters, with other treatment, to no purpose. I also tried various applications without benefit. I was now very miserable, and was given up as a hopeless case. I heard of Dr. Foshay, and employed him. He removed the Tumor in a short time with very little suffering, by applying plasters, and built up my general health. 1 am now well-tnanks to Dr. Foshay and

FOSHAY - Dear Sir-I will state a few facts for you o publish if you wish, for the benefit of others similarly flicted. I had a Cancer in my breast, of nine years standing, which affected me very much, with pain darting through to the shoulder. I employed Dr. Foshay, who removed it in a short time, and I am now well. I would advise all to employ him in cases of Tumor or Cancer, as he makes quick and permanent cures. I remain yours truly,

This is to certify that I had a Cancer in my under lip; I had it examined by Dr. Wilson, of Dorchester, who told me that it was a Cancer, and a bad one, and the sooner it was out the better. I employed Dr. Foshay, who applied a plaster that removed it in a few days without pain. Employ him all who have Cancers, for I am now well. Salisbury, June 8.th, 1864.
