TESTIMONIAL TO LEWIS CARVILL, ESQ., SUPERINTENDENT OF THE E. & N. A. RAILWAY.—The Employees of this Railway, understanding that Mr. Carvell's connexion with it is about to cease, have presented him with a valuable gold watch and chain. The address and reply are as follows:

ADDRESS,
St. John, N. B., 3rd August, 1864.

LEWIS CARVELL ESQ.,
General Superintendent,
European and North American Railway.

SIR—Learning that it is your intention to resign the position you have held on this Railway since its early history, we, the Employees cannot permit you, under whose immediate jurisdiction we have served with so much confidence, to do so without expressing our sincere regret. In doing so, we ask your acceptance of the Watch and Chain (here presented) as a mark of esteem for you personally as well as officially.

Individually and collectively we will always be pleased to learn of your success and prosperity.

We remain yours sincerely,

In behalf of ourselves and other Employees,
H. A. Whitney, Locomotive Sup't: William Rainnie, Track Master; H. D. McLeod, Accountant; J. E. Trites, Operator and Clerk; A. McNaughton, Ticket Agent; John Hunter, Car Foreman; Samuel Watson, Storekeeper; James Coleman, I. W. J. Henderson, C. F. Olive, Alex. Davidson, John S. Trites, G. Flewelling. W. W. Price, A. Johnson, R. Davidson, J. Jodrey, O. T. Stone, *Station Masters.* James H. Bartlett, Jas. M. Decker, Gavin Rainnie, Robert Bustin, W. F. Humbert, *Conductors.* R. M. Stevens, W. D. Aitken, Jos. H. Moore, D. A. Sinclair, John Fogarty, *Engine Drivers.* James Rafter, A. McCafferty, Jessie Bennett, J. McPherson, Richard Driver, Chas. Rowe, Thos. Sizer, H. Kilpatrick, Jas. Walton, Wm. Stimson, John Hewlett, *Foremen Track Repairs.*

REPLY.

European and North American Railway.
General Superintendent's Office,
St. John, N. B., 3rd Aug., 1864.

DEAR SIRS—I accept with pleasure, and thank you, for the address with which you have favored me, as well for the gratifying manner in which it was so unexpectedly presented, as for the sentiments it contains and the very handsome Gold Watch and chain by which it was accompanied.

As a token of the confidence and kindly relations, which have ever subsisted between us personally and officially, it will be preserved.

While exacting the strictest discipline, it has been a source of satisfaction to me to reflect that the labors of this office, always arduous and responsible, have been much relieved by the prompt, cheerful and intelligent manner in which the duties of your several positions have been performed, and it affords me sincere pleasure to bear testimony to the great efficiency which has been found so generally to characterize the officers and men placed under my control in the management of this Railway.

The future interests of my family only could have induced me to seek to resign a position, the duties of which have afforded me the opportunity to have intercourse with a class of men who perform their duties with pride, and in a spirit of emulation, and are a credit to the positions they severally occupy.

My best wishes and feelings are with you all.

I am, dear Sirs, yours sincerely,
L. CARVELL.

To Messrs. Wm. Rainnie, H. A. Whitney, H. D. McLeod, John S. Trites, and others, on behalf of the Railway Employees.

The watch presented to Mr. C. bears the following inscription:

Presented to
LEWIS CARVELL, ESQ.,
General Superintendent,
by the
Employees of the
European and North American Railway.

EXHIBITION BUILDING.—From the Business Circular of Mr. John Thomas, we take the following particulars of the Exhibition Building and Grounds in Fredericton. The Building is rapidly approaching completion:

"The Exhibition building is located in a lot containing one and three-quarter acres, and is in the form of a Greek cross, the arms of the cross are 75 feet; height to top of cupola or lantern 120 feet; occupying ¼ of an acre of land; to cost, when finished, $14,000. The City of Fredericton gives towards the building $2,000; the County of York $2,000; Provincial Board $2,000; York Co., Society $1600; Sunbury Society $600; proposed to raise by subscription this year $2,000, the balance expected from Provincial Board in surplus proceeds of Exhibition, of which there is no doubt.

The Track is located in a Park of 50 acres, and is from 50 to 60 feet broad, and one mile (less 225 feet) long; with a grand stand 225 feet long with five tiers of seats, with backs, which will seat two thousand persons, divided into two compartments, one for ladies accompanied with gentlemen and the other for gentlemen alone, and opposite is the Judge's stand, and in same range, but more towards the centre of the Park, is an octangular stand for the Band, a beautiful elm springing up from the centre its tops shading the stand. The whole Park is enclosed by a substantial cedar and pine fence 9 feet high, and the ground is thoroughly drained, and studded with elms, and the drains are bridged over to allow visitors to enter the grounds inside of the track, and the track is railed by a picket fence 300 feet each side of the Judges stand, giving standing accommodation inside of fence; there are four substantial bridges across the track. The angle next the show yard is fenced, inside of which is a refreshment Booth; other improvements have also been made in the way of clearing land, &c.; the whole improvement of track, including fence, buildings, clearing, &c., cost $4,900, and was raised in the following way: two years Society's grant, $1600; subscription 1862-3, $1500; Corporation of City of Fredericton, $600; income of track $500.

The Show Yard proper is enclosed around the outside by ranges of stalls, pens and horse boxes, and covers three acres of land; the above are sufficient to accommodate 150 head of cattle, 40 head of horses, 70 sheep pens, to contain 6 each, and the same for pigs; two buildings, 100x40 feet, in the centre, 12 feet high, for Horticulture, Agriculture and manufactures; near the front gate is another range of buildings for offices and refreshment rooms. These improvements cost nearly $3000, which amount was raised by subscription in the City of Fredericton in 1859-60-1-2-3, $1000; from County Council $600; Society grant $240; balance from admission at gate.

Total of buildings, track and show ground cost $21,000.

BRITISH AND FOREIGN.

NEW YORK, Aug. 11.

Persia arrived this morning.

The conclusion of peace between Germany and Denmark is announced in the Paris journals; basis unknown.

Parliament was prorogued 29th.

Queen's Speech read by Commission. It deeply regrets continuance of civil war in America; promises continued strict neutrality; expresses satisfaction at influx of cotton from all quarters of the world, and consequent mitigation of distress in manufacturing districts; regrets failure of the Dano-German Conference, but hopes new negotiations at Vienna will result in peace.

Remainder of speech enumerates accomplished facts, etc., and rejoices at continued prosperity of country.

Markets without quotable change.

FATHER POINT, Aug. 8.

The steamship Hibernian, from Liverpool, 28th, and Londonderry, 29th ult., for Quebec, passed this point at 6½ this morning.

The Lord Mayor of London gave a grand banquet to the Ministers on the 27th. The speeches generally were of the ordinary routine character. Earl Russell, however, made some defence of his foreign policy, and asserted that England never stood in a prouder position, and its influence was never greater with all foreign countries than at present. The remarks of Earl Russell were very coldly received.

The *London News* says a vessel has just arrived at London with 1500 bales of cotton, the proceeds of which will go towards the sinking fund for redeeming the bonds and paying dividends on the April account, provision having already been made for September.

The Danish Plenipotentiary to the Vienna Conference declared, at a preliminary meeting of the Conference, that he was fully empowered to conduct negotiations, reserving only to his Government the right of ultimate ratification.

A Copenhagen journal of the 26th gives a report that an armistice for nine months had been concluded, during which period the occupation of the Duchies by Austria and Prussia will be continued. If this is true the arrangement must have been made by foreign mediation.

Liverpool, July 29th.—Political news unimportant.

The House of Lords finally decided that Mrs. Yelverton had failed to establish the validity of her marriage.

The invasion of Maryland seems to be much more formidable than its predecessor. And this time an attack on Washington is probably the chief object in view. We learn from private information that when Washington was menaced by the Confederates in their recent raid as a feint to get off their plunder unmolested, that city was almost undefended on the Maryland side There were not even guns in the batteries, and there was no adequate force to resist a serious attack. These facts have probably transpired, and there may now be a dash made to improve the opportunity lost a few weeks ago. The administration of military affairs at Washington does not seem to inspire confidence anywhere.—*Montreal Witness.*

THE DISASTER AT PETERSBURG.—A correspondent of the N. Y. *Tribune* writes as follows:—

I tell no secret when I say that Grant wrapped himself in silence on Monday, and that his heart was gnawed at by disgust and rage—and the statement of this fact is the measure of a great soldier's appreciation of the misconduct which turned an accomplished victory into a disgraceful and ruinous disaster.

Until I gather the sure facts of the case I will only say generally that the commander of the corps charged with the duty and intrusted with the coveted honor of making the assault, did not accompany the troops that led it; that not a commander of a division of the corps accompanied the troops; that the work which their absence thus discredited and impaired was left entirely to brigade commanders; that the charge which was made by the leading force was not supported for three quarters of an hour; that when the support came up to and entered in the crater produced by the explosion of the mine, it found it full of the advance, in a necessarily disordered state; that the delay in supporting the leading charge gave the rebels time to recover from the confusion and terror caused by the explosion, to gather opposite the breach all their available force, to drive back into the crater the force that had advanced beyond it, to train upon the fatal pit all their artillery, to rain into it a fire of musketry, grape and canister, that tore remorselessly and without the possibility of error of aim, the solid mass of wriggling, heaving, twisting, crawling, helpless soldiers, black and white, that, inextricable intermingled, defied all attempts to tactically extricate them. The survivors crawled out of the hell-hole one by one. The rebels swooped upon the pit before it could be emptied. I am assured that we left in it, of dead and of wounded and captured, and have under treatment this side of it of wounded, 5000 men."

The Richmond papers of the 3d inst., publish the following despatches:—

ATLANTA, Aug. 1.—Hon. J. A. Seddon: The following despatch is just received from Brig. Gen. Iverson, through Major Gen. Cobb, at Macon, concerning the party of raiders who struck the Macon and Savannah road.

"Gen. Stoneman, after having his force routed, yesterday, surrendered, with 500 men, the rest of his command are scattered and flying towards Eatonton. Many have been already captured. I shall be in Macon to-night, and with rations for my men and prisoners." J. B. Hood, Gen.

MACON, Ga., Aug. 1, 1864.—S. Cooper, Adjutant and Inspector General: Gen. Stoneman, with a cavalry force estimated at 2,800, with artillery, was met two miles from the city by our forces, composed of Georgia reserves—local companies—and the militia which Governor Brown is organising here. The enemy's assault was repulsed, and his force held in check along our entire line all day. Retiring towards Clinton, he was attacked the next morning by Gen. Iverson, who, having routed the main body, captured Gen. Stoneman and five hundred of his command. Gen. Iverson's men are still capturing stragglers.

HOWELL COBB, Major General.

MACON, Aug. 1—6 P. M.—Our cavalry, under Gen. Iverson, attacked the enemy yesterday, near Clinton. The Yankees, commanded by Gen. Stoneman, were routed, and Stoneman, seventy-five officers and about five hundred prisoners, with two pieces of artillery, surrendered and have just reached this city. The rest of the Yankee force are scattered and flying towards Eatonton. The pursuit continues. Many have already been killed or captured. The trains are running regular to Atlanta. Affairs were reported quiet there yesterday and this morning.

MACON, Aug. 2.—Trains from Atlanta arrive and depart on regular time. Affairs there wear the usual aspect. The shelling yesterday did no damage. The raiders who cut the Macon and Western Railroad were driven towards Newman by Jackson's and Harrison's cavalry. Their advance reached Newman just after the arrival of the train carrying Roddy's command to Atlanta. He attacked them in front, and, the pursuers coming up, the Yankees broke and fled, leaving about five hundred prisoners, all their artillery—six pieces—and seven hundred horses in our hands, the rest sought to escape across the Chattahoochee, and it was supposed they would be taken. Three pieces of artillery taken from Stoneman have been brought here. Six hundred horses and eight hundred mules are reported to have been captured from the same. Governor Brown left this morning for Atlanta. This militia, who are pouring in, are being rapidly sent to Atlanta.

The New York *World* says:—

Richmond has passed conspicuously into the same category with Charleston—a town that has foiled the most colossal attempt the Administration could organize for its capture. We have no interest in deceiving ourselves, but every interest that our subsequent efforts shall be based upon a correct appreciation of the actual position of affairs. We cannot take Richmond. It has been evident to good judges, for several weeks, that Grant's campaign is a failure; but though an adverse fate had the deed drawn and signed, it lacked the seal of final authentication which was impressed upon it by the battle of Saturday.

The New York *Times* of Saturday last remarks:

"The rebels have undoubtedly large bodies of troops west of the Mississippi River, as appeared in Gen. Bank's Grand Ecore campaign last spring. They have a force sufficiently large to strengthen greatly either of the two main rebel armies, and yet it is incapable of effecting anything of value where it now is. Rumors have lately been reached us, both through Southern and other sources, that the force under Kirby Smith, has been crossing to this side of the Mississippi, and is now, or recently has been, marching to reinforce Gen. Hood at Atlanta."

BOSTON, August 9th.

New York 9th.—The Richmond *Sentinel*, 8th, has the following official despatch from Mobile, 5th:—Seventeen Federal war vessels, including three ironclads, passed Fort Morgan this morning. One Monitor sunk by Fort Morgan. Ram Tennessee surrendered after a desperate fight to Federals.

Rebel Admiral Buchanan lost a leg and was captured.

The Selma also captured and the Gaines beached. Federal fleet have approached the city.

9th, p. m.—Gen. Grant and staff made a brief visit to Maryland on Friday and Saturday, to personally gather facts about the threatened invasion by Lee; he returned to Head Quarters before Petersburg on Sunday.

There appears to be no doubt that the rumored raid upon the North was a feint to cover reinforcements sent to Hood at Atlanta.

The invasion panic has subsided.

We have nothing later from Petersburg, Atlanta, or Mobile, but Northern confidence in the ultimate capture of those places is stronger than ever.

Fire near Providence, R. I., last night destroyed a Woolen Mill, involving a loss of nearly half a million dollars, and throwing 450 operatives out of employment.

Gold 253.

BOSTON, Aug. 10th.

New York, 10th.—We have full confirmation of victory of Averill over rebels at Moorefield, near Harper's Ferry.

He captured 600 prisoners, including Gen. Johnson and staff, four guns, and a large quantity small arms.

Johnson subsequently escaped.

Gen. McCausland, with remnant of command, escaped to mountains.

Averill's loss very slight.

Rumors of Confederate raid from Canada on Buffalo are causing considerable excitement in the Western section of New York.

A body of Union cavalry routed a force of Early's men, engaged in gathering crops in Loudon County, Va., and captured 25 wagon loads of grain. Gold 254.

New York, 10th, P. M.—The resignation of Mr. Stanton, Secretary of War, is again rumored, and probably with some foundation of fact.

There is little doubt that Lee has sent large reinforcements to Hood at Atlanta. Some reports giving the number as high as 30,000, under Longstreet.

Sherman at last accounts was pressing the seige of Atlanta with great vigor.

Much anxiety is felt to learn details of the late fight off Mobile.

The Rebel ram Tennessee, sunk in the fight, was considered the most powerful iron-clad vessel ever constructed by the Rebels.

Gold 254.

BOSTON, Aug. 11.

New York 11th.—Richmond papers received at Fortress Monroe contain Mobile despatches of the 8th.

Fort Gaines surrendered to the Federal fleet on Monday morning. It was a very strong position, garrisoned by 600 men and provisioned for six months.

The rebels had evacuated and blown up Fort Powell. Mounted 12 guns.

The entire rebel fleet of rams and iron-clads for defence of Mobile, except one, had been captured or destroyed.

New York 11th p. m.—Fort Gaines, which surrendered to the Federal fleet off Mobile, mounted 50 guns.

Rebel newspapers are very despondent in regard to holding Mobile.

Twelve lives were lost on Lake Erie Tuesday night, by the explosion of the boiler of Propellor Racine, bound from Buffalo to Chicago.

THE GLORY OF WOMAN IS A FINE HEAD OF HAIR.—Marriage is the goal of every girl's ambition, and nothing aids in the matter of beauty, so much coveted, like a splendid head of hair, which the use of Mrs. S. A. Allen's World's Hair Restorer and Zylobalsamum, or Hair Dressing, will produce. They act directly on the roots of the hair, giving them the natural nourishment required. Every Druggist sells them.

NEVER FAILING SAFETY AND SUCCESS.—Mrs. Winslow's Soothing Syrup is a safe and certain remedy for all diseases with which children are afflicted during the process of teething. It has stood the test for thirty years. Never known to fail. Gives rest to the mother and relief to the child. Cures wind colic and regulates the bowels. 25 cents a bottle.

HOW TO SAVE THE HAIR.—It must be admitted that the great majority of young folks are possessed of hair enough and to spare; the question then should be, having the hair how to keep it; but I would talk to those as well who have none to spare, or to those whose hair has become grey. We say, from experience, procure MRS. S. A. ALLEN'S World's Hair-Restorer and World's Hair Dressing and use them, and if our word is not sufficient read the testimony of one of the numerous certificates sent Mrs. Allen, the free will offerings for benefits received. Rev. Daniel T. Wood, Middletown, Orange Co., N. Y., writes, "by the use of Mrs. S. A. Allen's World's Hair Restorer and Hair Dressing the hair has greatly thickened upon my head, and put on a very healthy appearance. The same is true of my daughter; her hair had become thin and came out constantly, until we thought the head would be almost bare; her hair has handsomely thickened up, and also has a healthful appearance." These preparations are sold by all Druggists. Manufactory and Sales Office, 198 and 200 Greenwich St. New York.

HOLLOWAY'S PILLS.—They never fail.—Other remedies may relieve pain, but these Pills expel disease. They cleanse the blood, remove obstructions from the bowels, invigorate the digestion, calm the nerves, and renovate the constitution.

Sold at the manufactories, No. 80 Maiden Lane, N. York, and No. 244 Strand, London, and by all Druggists If the reader of this notice cannot get a box of Pills or Ointment from the Drug Store in his place, let him write to me, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 25c. 62½c., and $1 per box.

CARLETON, St. John, Feb. 25, 1864.

I had been troubled with a distressing Cough for over six weeks, the attack of coughing was so severe as to leave me quite exhausted. After trying what I thought to be the best remedy, without benefit, I yielded to the advice of a friend, and used Graham's Pain Eradicator, and was effectually cured by using it a few times.

The Charleston *Courier* makes a timely suggestion in recommending the attention of our government to the naturalization and cultivation of Calisaya, for the preservation of the health of our soldiers. This article has a peculiar effect upon the liver, and guards the system against disease by exposure and irregular diet. It is said that the great success of the Plantation Bitters of Dr. Drake, which, previous to our unhappy difficulties, was found in most Southern homes, was owing to the extract of Calisaya Bark which it contained as one of its principal ingredients.—"In confirmation of this, we have heard one of our most distinguished physicians remark, that whenever he felt unwell from ordinary dietetic or atmospheric causes, he invariably relieved himself by Plantation Bitters. Now that these Bitters cannot be obtained, a substitute should be prepared. We understand our government has opened negotiations with Dr. Drake, through a secret agent, but with what truth, we do not know." * * * * * * *

We are exceedingly obliged to the Richmond *Whig* for its remembrance of "Auld Lang Syne," but we can assure "Our Government" that the Plantation Bitters are not for sale to any "secret agent," North or South. There is probably several other things that "Our Government" will yet want.

We know that we have the best and most popular medicine in the world. We are not afraid to show what it is composed of. Physicians are compelled to recommend it.

CALISAYA BARK has been celebrated for over two hundred years, and was sold during the reign of Louis XVI., King of France, for the enormous price of its own weight in silver. It is remarkable for Dyspepsia, Fevers, Weakness, Constipation, &c.

CASCARILLA BARK.—For Diarrhœa, Colic, and diseases of the stomach and bowels.

DANDELION.—For Inflammation of the Loins and Dropsical Affections.

CHAMOMILE FLOWERS.—For enfeebled digestion.

LAVENDER FLOWERS.—Aromatic, stimulant and tonic—highly invigorating in nervous debility.

WINTERGREEN.—For Scrofula, Rheumatism, &c.

ANISE.—An aromatic carminative; creating flesh, muscle, and milk; much used by mothers nursing.

Also—Clove-buds, orange, caraway, coriander, snake-root, &c.

S.—T.—1860—X.

Another wonderful ingredient, of Spanish origin, imparting beauty to the complexion and brilliancy to the mind, is yet unknown to the commerce of the world, and we withhold its name for the present.

Humbugs and quacks howl about the Plantation Bitters; but the following is what's the matter, and they know it:

PLANTATION BITTERS WILL CURE
Cold Extremities and Feverish Lips.
Sour Stomach and Fetid Breath.
Flatulency and Indigestion.
Nervous Affections.
Excessive Fatigue and Short Breath.
Pain over the Eyes.
Mental Despondency.

NOTICE.

IN accordance with the request of many of my friends who believe me to be the only complete Cancer curer in New Brunswick, I have consented through this medium to inform the public that I have been treating Cancers for the last fifteen years with perfect success, never failing in any case of making a perfect cure. As Cancers have become so common of late, and as there are so many *impostors* with specifics for them and Scrofula, I therefore think it my duty to state that I am prepared to treat successfully any case of Cancer or Tumor that may come to hand. I have cured nearly one hundred cases, and feel confident of giving every satisfaction. Our motto is—*No Cure, No Charge!*

I have had as many as ten cases under treatment at one time, all of whom were cured in three weeks, ready to return home.

As my general practice is very extensive, I cannot always be home; but as I have an Assistant (Dr. George Lamb), who has been with me for several years, patients may be assured they will be well attended.

Board can be had at Mr. Wm. Lamb's, where patients will be well cared for, at from $2 to $3 per week.

I would advise all persons sufferings from SALT RHEUM, TETTER, THUNDER HUMOR, or any CUTANEOUS ERUPTIONS, to procure a package of DR. GEORGE LAMB'S ALL-HEAL OINTMENT AND WASH, as it never fails in making a cure. Any person forwarding One Dollar, with Post-office address, and description of disease, will receive the Medicine by Parcel Post, and a cure warranted in every case, or *money refunded.* All letters must be pre-paid.

Address, DR. GEORGE LAMB,
Rockland, Dorchester, Westmorland Co., N. B.

☞ The following are a few Certificates and References. Any person wishing information, may correspond with any of the following parties, all of whom were afflicted with Cancers, and were perfectly cured by our treatment:—

Mrs. Stephen Price, Salisbury, W. C., cured A. D. 1859.
" Benj. Alward, Butternut Ridge, K. C., " 1859.
" Ezra Scribner, Springfield, W. C., " 1861.
Mr. Robert Horseman, Elgin, A. C., " 1858.
Miss Lucinda Bleakney, Coverdale, A. C., " 1876.
" Freseue White, Dorchester, W. C., " 1868.
Mrs. Andrew Budreaux, " " " 1864.
Mr Belone Reshard, " " " 1864.
" Victor Bushway, " " " 1864.
Miss Jane Gotro, Dover, " " 1864.
Mr. Demong Depais, " " " 1864.
Mrs. Peter Landry, Dorchester, " " 1864.

Many more cases might be given, but let these suffice. All of the above mentioned cases were from four to ten years standing, and some of them were far advanced.

Charges moderate. Address,
DR. W. S. FOSHAY, Rockland,
Westmorland Co., N. B.

The following Certificates speak for themselves:—

Rockland, Dorchester, April 11th, 1864.

With pleasure I inform the world that one year ago Dr. W. S. Foshay was sent for to see my sister (P. A. McLaughlan), with a Cancer in the side, which was supposed to be too far advanced to be cured. I also had one in my arm, one inch in diameter, which he removed in a short time by applying plasters, with very little suffering, and has been perfectly sound ever since; and I know of many others that he has cured, and would advise all persons to seek his aid in all cases of Cancer as soon as possible, for I do not know of any cases of failure where the disease had not too far advanced. MRS. DAVID TAYLOR.

Grand Diy, K. C., May 4th, 1864.

I am happy to inform my fellow creatures that I had a Cancer in my face, of nine years standing, and about breaking out. It was one and a quarter inches in diameter, and through the cheek. I had it examined by a number of the doctors, who could not do anything for me. I applied to Dr. Foshay, who removed it in a short time with very little suffering. I would advise all to employ him in cases of Cancer, for he makes sure and quick cures.

VITOR GALANG.

Memramcook, June 2d, 1864.

This is to certify that I was afflicted with a Cancerous Tumor in the side of my face, extending from the ear to the angle of the jaw, and two inches in width. I employed an eminent physician, who applied blisters, with other treatment, to no purpose. I also tried various applications without benefit. I was now very miserable, and was given up as a hopeless case. I heard of Dr. Foshay, and employed him. He removed the Tumor in a short time with very little suffering, by applying plasters, and built up my general health. I am now well—thanks to Dr. Foshay and God's providence, for sparing me to my family.

MRS. POLETE BURK.

Hopewell Corner, A. C., June 6th, 1864.

DR. FOSHAY—Dear Sir—I will state a few facts for you to publish if you wish, for the benefit of others similarly afflicted. I had a Cancer in my breast, of nine years standing, which affected me very much, with pain darting through to the shoulder. I employed Dr. Foshay, who removed it in a short time, and I am now well. I would advise all to employ him in cases of Tumor or Cancer, as he makes quick and permanent cures. I remain yours truly,

CHARLOTTE A. COLPITS.

Springhill, Memramcook, June 6th, 1864.

This is to certify that I had a Cancer in my under lip; I had it examined by Dr. Wilson, of Dorchester, who told me that it was a Cancer, and a bad one, and the sooner it was out the better. I employed Dr. Foshay, who applied a plaster that removed it in a few days without pain. Employ him all who have Cancers, for I am now well.

NELSON BISHOP.

SALISBURY, June 30th, 1864.

This is to certify that I was afflicted with three Cancerous Tumors, one of which was of seven years standing, and gave me some uneasiness. About four weeks ago I applied to the skill of Dr. W. S. Foshay, and I am now entirely well. He removed them with plasters with but little suffering. I would advise any person who is afflicted with Cancerous Tumors to apply without delay to Dr. Foshay. MRS. REV. WM. DOWSEY.

JUST RECEIVED.—
