Dated at St. John, 4th Jan., 1864. MODERN SCHOOL FOR THE ORGAN, A NEW PROGRESSIVE AND PRACTICAL METHOD, by John Zundel, Organist and Director at Plymouth Church, Brooklyn, N. Y. THIS work meets the student after he has obtained a moderate knowledge of the elements of Music, and of the Key board of the Organ, and conducts him through the details of Fingering, Touch, Stops, Pedal playing, &c , to a full and complete mastery of the Instrument. In every department of Organ playing, ample material and instruction is furnished; difficult points made clear, and in the progress of the pupil, every obstacle is removed.

The Lessons and Exercises for Pedal playing, are unusually explicit. The voluntaries are selected from the works of Rink, Schneider, and Best. As a whole, the work is, as its title indicates, the most comprehensive, pleasing, and efficient school for the Organ extant.

S. T.-1860.-X. Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will no

try the celebrated PLANTATION BITTERS. which are now recommended by the highest medical authorities, and warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure, and must supersede all other tonics where a healthy, gentle stimulant is required. They purify, strengthen, and invigorate.

They create a healthy appetite. They are an antidote to change of water and diet. They overcome effects of dissipation and late hours. They strengthen the system and enliven the mind. They prevent miasmatic and intermittent fevers. They purify the breath and acidity of the stomach, They cure Dyspepsia and Constipation. They cure Diarrhea, Cholera, and Cholera Morbus. They cure Liver Complaint and Nervous Headache.

They make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the On the 4th inst., of scarlet fever, James Walker, aged one celebrated Calisaya back, wintergreen, sassafras, roots, and
