The revenue returns of Great Britain for the year

According to statistics recently published, the French Government possesses at present, either finished or in progress of completion, 43 screw ironplated vessels, being altogether of the force of 24,000 perses, with 1,356 guns. Of these there are 4 ships of the line, 19 frigates, 19 gunboats, and 1 ship with a spur. The French navy possesses further 245 screw steam vessels, representing a force of 63,850 horses, and carrying 5,528 guns, together with 105 sailing vessels, carrying 2,344 guns-making altogether 478 ships, 9,766 guns, and 107,075 horsepower. The French merchant navy comprises nearly

GARIBALDI, after an absence of ten years, was to enter London on the 16th inst. With certain exceptions, the heart of the nation seems to be stirred in expectation of his arrival. It is fitting that the nation, which is almost the only true home of freedom, even in the year of grace 1864, should give to the hero and liberator of Italy a hearty welcome.

The "right hand" and the "sword" of this martyr soul, General Garibaldi, having left Caprera, has arrived at Malta, where he has been very properly received as a great man, and bas taken his bonours the guest of a member of Parliament both in the Isle of Wight and in London; and it is to be hoped that he will not be allowed to fall into the hands of the eighty or ninety thousand men. "working man" and his friends; not, of course, as we before said, of the true working man, who is a account of the copperhead rebellion at Charleston, thinker as well as a worker, but of the mouthing, Ill., April 4th, is from an eye witness: Paddy kicks up a row a few thousand very strong found. hands are only too ready to "pacify" him.

Garibaldi, himself, states that he goes to England, "to thank in person those generous hearts whose symhis distress and sorrow." But the Dublin Evening | meet their just reward if returned alive. Mail truly observes that:

Whatever may be the design of this simple hearted itself as well as to the whole Continent of Europe.

of an able bodied man in Ireland, the father of a clothes, and he not hurt at all. family, who receives but £3 10s. and his oatmeal food as wages for six months. He also remarks that brother who had fallen, whereupon it is estimated some years ago emigration was pointed out as the that at least twenty-five shots were fired at him, when grand panacea for Irish ills ; new it is commerted on he returned uninjured. Col. Mitchell was fired at

muissioners in the year ending Nov. 20, 1563, was paid during the same period was £11,678 4s. 1d.

March, 280 persons died of bronchitis. The total by cars, they aiming to bring down an escaping deaths from all causes during the week was 1,664.

TWO-STORIED RAILWAY CARRIAGES .- The Illustrated News has an engraving of the new two-storied to prevent his ingress. The elder Jenkins was also third-class carriage in use upon the Bombay, Baroda, assisting in holding the door, but cautiously laid and Central Indian Railway. It was first tried in the himself upon the floor escaping the volley. Secesh early part of the year 1862, and has been found to be fell dead also. Five balls passed through this door, most popular with the natives as well as economical many more through the second story windows, and for the company. These carriages are constructed one ball, even knocked a brick from the top of the each to carry 120 passengers, -viz., 70 in the lower | building, three stories high. story and 50 in the upper; whilst the ordinary carriages only carry 70 persons each. The importance wounded. The Butternuts took away their wounded, of this will be understood by railway managers, so their number is not known. The loyal citizens especially for the traffic of a country where more than are exasperated to the highest pitch, and finding that 95 per cent, of the travellers are third class passengers. The roof of the first story serves as a floor of determined that copperhead reign is at an end. the second, the seats are longitudinal instead of transwerse, so that the sides of the carriage serves as backs to the seats; but there are also some seats down the

history of the railway comes to be written, says the capture him. Railway News, one of the most interesting and important chapters will be that devoted to its social effects. Up to the end of 1824, when not a hundred | pass Senate Gold Bill by small majority. miles of railway had been opened, the annual average of travellers by coach was some six millions a year ; ten years afterwards there were more than four times that number; and at the present moment an average day's work of the railways of the United Kingdom is ring to the great change in Baltimore within three to carry 500,000, passengers, 258,000 tons of mine | years. Then Union soldiers were shot in the streets. rais and merchandise, 35,000 live stock, 1,100 dogs; Now a large assemblage to honor them. The war is and 730 horses; the aggregate distance run over in settling the slavery question, and giving correct delithe year being 105,141,440 miles, or ten million nition of freedom. miles more than the distance between the earth and Alluding to Fort Pillow massacre he declared Go-

An Egyptian Company, for the growing of cotton, capital four miliions, and an English Company for the same object, in the same field of operations, are being organized. No country in the world can excel Egypt in facilities for cotton growing, and the quality is of the best.

An article in the Lancet, takes high ground massacre. against the use of alcohol as a stimulant in medical treatment. " We shall look," says the writer, " most Gillmore will be recalled from Charleston, and ordered anxiously to the advocates of high stimulation for an elsewhere; but this change will not delay the operaexplanation of the fact, that fever in Glasgow, under | tions before Charleston, a very moderate allowance of wine and stimulants, Foreign news reports that the Courts of London, atimulation, it kills 25 per cent."

The commission to examine the Pasha of Egypt, in the case of the Attorney General v. Laird and others, in the matter of the Mersey steam-rams, has given notice of a motion in the House of Commons, on the reassembling of Parliament, on the subject.

"The Word of God and the Modern Pharisees," a \$7.70. work written by Andre Moretti, deputy to the Italian Parliament, has been condemned by the Congregation of the Index at Rome.

fated "City of New York," had pointed out the perils to steamships entering Queenstown harbour, hauled by ten thousand of enemy. Cavalry gave friends.

At Bas from the presence of the Daunt Rock. He had offered to place a light-ship over it, but the "consti-tuted authorities" declined the proposition.

THREE DAYS LATER FROM EUROPE.

SANDY HOOK, 18th .- 1 30 P. M. The steamahip Saxonia, from Hamburg via Southampton 6th inst., has just passed this point, bound

for New York. In the House of Commons Lord Palmerston said all the Powers that signed the treaty of 1852 have consented to send representatives to the conference. No answer has been received from the German Diet. The conference would endeavour to restore peace without an armistice.

Mr. Stansfield has resigned his position in the Government. Garibaldi arrived at Southampton on the 8d, and

was enthusiastically received. Sir A. Agnew would ask the government on the 8th inst., if the reports received from consular officers in the United States, to the effect that English subjeets have been kidnapped, detained, or otherwise outraged, with the object of forcing them to serve as

soldiers in the Federal army, were true. Lord Clanricarde had moved in the House of Lords for correspondence in reference to the removal of

British consuls from Southern ports, which was The Duke of Newcastle has resigned, and Cardival were worsted near Grand Ecore. has succeeded to the Colonial Secretaryship.

Lord Clarendon has accepted the Chancellorship of was beaten. the Duchy of Lancaster. The Times says the question of the acceptance of defeat of tien. Banks, with 14,000 loss in killed the Mexican Crown by Maximilian is doubtful. All the powers interested have agreed to the hold- Brig "Gen. Prince" has been ordered to comman ing of the conference. powers abandoning the treation of 1201.

UNITED STATES.

PROGRESS OF THE WAR .- Gen. Grant is moving ending on the 31st March, 1864, afford abundant about with great expedition. On Friday he was at assurance of the prosperity of the country. The amount | the extreme front, and issued a general order directreceived was £70,308,963, notwithstanding the relining all sutlers and private citizens to leave the army quishment of a portion of the tea duties and income by the 26th, except agents of the Sanitary and Christax. The Chancellor of the Exchequer has therefore | tian Commission and registered newspaper corresponan actual surplus of about £2,500,000. Thus amid dents. The authority of corps commanders to grant all the gloom and disaster which trouble other na- furloughs is revoked, and leaves of absence are stopped. tions, England is able to maintain her own even and All this looks like work, and as soon as the roads becheerful course, without interference from abroad or come sufficiently settled active operations will no discontent at home. There is, we believe, no Govern- doubt commence. Virginia now seems likely to bement on the face of the earth at the present time that come the chief theatre of the war. The Burnside excould produce such a statement of its financial affairs. | pedition, 50,000 strong, now gathering at Annapolis, is undoubtedly to co-operate in a movement on Richmond, probably from a point somewhere in Gen. Also reported Longstreet marching towards Shenan-Butler's department. The Mass. 36th from Tenn. has already arrived at Annapolis, and all the 9th corps is to go in the expedition. The rebels are undoubtedly strengthening Lee's army as much as possible, and there is evidently soon to be fighting of the most determined character in Virginia, Gen. Sheridan is ordered to the command of cavalry in the army of the Potomac in place of Pleasanton, who goes West.

The heavy rains which have recently prevailed, especially in the region of the Potomac, have doubt-15,000 sailing vessels, 500 steamers, and 9,000 fishing less put a stop to an immediate general movement in any direction-the peninsula route not excepted. According to the correspondents we are to have three separate, but simultaneous, movements as soon as the weather permits; one in North Carolina by Gen. Burnside, another at peninsula by Gen. Smith, and still another by Geo. Meade on the Rapidan, Meantime the rebels are actively plying the spade along the South side of the Rapidan and about Richmond, in hopes to make up for any deficiency in men. That they have great advantages in position, and will use them as best they can, is expected. A party of refugees from Richmond bring intelligence of a daily with the calm dignity of true greatness. He will be augmentation of Lee's army by large numbers of conscripts from various portions of the Confederacy. The rebels expect to start Lee out with not less than
