> of the ordinary vocations of life. 2. And whereas, just at this time, a special appeal has reached this Committee from the Parent Society for contributions in aid of the purchase and erection of new premises in London, rendered necessary in 5 or 10 per cent. is reported the authority of a Haconsequence of the present site being required by the lifax paper. public authorities, and also by the enlarged and increasing operations of the Society : -

President on Thursday, November 30th, 1865. The

Therefore Resolved, -That a Subscription List be at once opened to all persons willing to contribute expressly for the purpose of the appeal above mentioned, and that, as a tribute to the memory of one who will long be held in affectionate and respectful rememberance, and a memorial of his warm attachment to the principles of the great institution of which this is a branch, the amount so obtained shall a letter addressed " to the laring classes of Queen's be called-

"THE PARKER TESTIMONIAL FUND, in connection with the British and Foreigh Bible Society," and as such be presented to the Society. Extracts from the minutes.

H. W. FRITH, Rec. Sec'y. Sir,-The undersigned having been appointed a Sub-Committee for the purpose of publishing and circulating the aforegoing Resolutions, with a view to raising the proposed Fund, beg to submit them to you with the request that any amount you may feel disposed to give or collect in aid of it, may be forwarded with as little delay as possible to W. SELLY, Esq., the Treasurer of this Auxiliary.

The Committee feel assured that the double object of thus responding to the appeal made by Me Society, and honoring the memory of one of the Society's most faithful adherents and officers will at once commend itself to all supporters of this Auxiliary throughout the Province. Yours respectfully,

W. J. STARR, H. W. FRITH,

DOWNING STREET, Nov. 24th, 1865. Sir, -I think it right to acquaint you that I have Kent, the mother of Victoriand these facts have been informed by the Secretary of State for Foreign | led him to make frequent visito England. His re-Affairs that, in the opinion of Her Majesty's Repre- lations to his own people and the governments of sentatives at Washington, the necessity of having to Europe have continued harmious during a long R. submit a Treaty of Commerce to the separate action reign, and through many ptical agitations and C. E. Grovesnor, Eel River. of the various Provincial Legislatures would be a changes, and his death will bencerely lamented. serious difficulty in this way, and that the Union of the Provinces would afford the best hope of obtaining

It is evident that if the gentlemen who are now about to proceed to Mexico, the British and Spanish West Indies, and Brazil for the purpose of ascertaining in what manner the trade and commerce of these countries with North America can be extended, shall | 4ng: bring their journey to a successful conclusion, and shall be able to suggest to Her Majesty's Government, on the part of the British North American tion, which is in the words folling, namely : Provinces, any new arrangements with the countries in question, for the benefit of those Provinces, a the several States a propositio to amend the Consimilar difficulty may be expected to arise in every stitution of the United States: such case, afford the best hope of bringing such arrangements to a speedy and satisfactory conclusion.

I have the honor to be, Sir, Your most obedient an humble servant, (Signed) EDWARD CARDWELL.

Association designs to open a week of prayer in the valid to all intents and purpos as a part of said large Hall of the Mechanics' Institute on the first day of the year, at 12 o'clock, noon, to be continued each day during the week. May a spirit of believing suppli. cation be poured forth upon the people. - Visitor.

University Examination. - The public oral examination of the students-ending the Michaelmas Term-took place in the Library of the University yesterday morning (Tuesday.) The visitors present were the Governor-accompanied by Capt. Hallowes, asth Regt. Hon. Mr. Justice Wilmot, the Lord Bishop, B. Brooke, Dr. Spurden, the Rev. Mr. Lathern, the Hon. vr. 41. Odell, the Chief Superintendent of Schools, G. Fenety, E.a. &c. &c. The Junior Class was first examined in Crasics, by Professor Campbell, and acquitted themselves went. The Freshmen-imposing in number and appearance-were next put through Euclid, by the President, Dr. Jaca, and though some seemed to be a little bashful, yet, on the whole, the class gave evidence of more than average capacity. The Senior and Junior Classes in French were next called up by Professor d'Avray. The Freshmen then were examined by Prof. Campbell-at His Excellency's request-in Virgil, and did themselves credit. The Seniors and Juniors afterwards took the floor, and were examined by Professor Bailey in Mineralogy and Physical Geography, and showed particularly an intimate acquaintance with the distribution of the useful minerals in this Province. The Seniors were next examined in a Greek play, and gave evidence of careful training and very considerable familiarty with that very difficult

written examinations had occupied three days pre- part of the Constitution of thUnited States. viously, a more lengthy oral examination was not deemed necessary. At the close Judge Wilmot addressed the students in his usual impressive manner, and exhauty them to diligence -not only while prosecution their studies within the halls of the University, but also, to continuous effort and patient appliation when they left to engage in the serious busihes of life. He reminded them of the duties they owed to facir parents, to the University, and to their native by the fact that during its four ears existence the to hear of the sons of New Brunswick attaining dis- 1,000,000 tons of coal. WHOLESALE AND RETAIL. JOHN ARMSTRONG & CO. THE GREAT NEW ENGLAND REMEDY!

DR. J. W. POLAND'S WHITE FINE COMPOUND! " It was early in the spring of 1855 that this Compound was originated. A member of my family was afflicted with an irritation of the throat, attended with a disagreeable cough. I had for some months previous thought that a preparation, having for its basis the inside bark of white pine, might be so compounded as to be very useful in the case of the throat and lungs. To test the value of it in the case alluded to, I compounded a small quantity of the case Preserved Ginger; 41 doz Yeast Powders; 5 dozen
Bottles Table Salt; 15 cwt. Starch; 7 bushels Hemp and ful doses. The result was exceedingly gratifying. Within Canary Seed; 50 doz boxes Day & Martin's Blacking; 140 do Mason's do; 10 doz Brooms; 7 do Pails; 15 do English cough subsided, and a speedy cure was effected. Soon Paint Brushes, 30 do Scrub, Whitewash and Black Lead | after this, I sent some to a lady in Londonderry, N. H., rushes; 38 lbs Twine; 60 dozen Writing Books; 40 doz | who had been suffering for some weeks from a bad cough, Books; 70 reams Writing Paper; 20 do Note do; 320 lbs | with blood. She soon found rehef, and sent for more | She Extracts Logwood; 1 brl Ground Fustic; 1 do Copperas; | took about ten ounces of it, and got well. S. B. Clark, Esq., editor of the Manchester Daily Mirror, made a trial of the same preparation in the case of a severe cold, and was cured immediately. He was so highly pleased with the results, and so confident of success attending its sales, if placed before the public, that he finally persuaded me to plours, dry and ground in Od; 5 casks Whiting; 1 cask give it a name and send it abroad to benefit the suffering. Paris do; 30 gallous Castor Oil; 2 cases Gold and Silver | In November, 1855, I first advertised it under the name of caf; with a general assortment of Groceries, Paints, Dye | White Pine Compound. In two years from that time there had been wholesaled in Manchester alone one hundred dollarss' worth, where it took the lead of all the cough remedies in the market, and it still maintains that position. There is good reason for all this. It is very soothing and healing in its nature, is warming to the stomach, and plea-

> "As a remedy for kidney complaints, the White Pine Compound stands unrivalled. It was not originated for that purpose; but a person in using it for a cough, was not only cured of the cough, but also cured of a kidney difficulty of ten years' standing. Since that accidental discovery, many thousands have used it for the same complaint, and have been completely cured." The above was written by Dr. Poland in 1860. Since then, as in Manchester, the White Pine Compound has taken the lead of all cough remedies, as well as preparations for the cure of kidney difficulties, in every city, town, village, and hamlet throughout the New England States.

The past year has given great opportunity to test the virtue of the White Pine Compound. It has been an unusual time for colds and coughs, and very large quantities of the White Pine Compound have been sold and used with the happiest effects. It speaks well for the Medicine; and the people where it is prepared are high in its praise. One bottle of the Compound is generally sufficient to remove a bad cough, and frequently I have known persons to have a cold entirely removed in two days, by using less than half a bottle. From one to two teaspoonfulls is a large dose. I sometimes put a little white sugar and hot

water with it when taken on going to bed. The limits to which I purposely confine myself in this Circular, will not allow of that full expression which I would like to give in favor of the White Pine Compound. It is universally admired by all who use it: it has attained such a popularity among those whose opinion is valuable ideed, that VANITY may probably in part prompt me to record more here than hurried people will have patience to read; so I will stop, by merely recommending it to all who need a cough or kidney remedy, to test the virtues of the WHITE PINE COMPOUND.

TESTIMONIALS.

A very large number of important testimonials have already been received from Physicians, Clergymen, Apothecaries, and indeed from all classes in society, speaking in the most flattering terms of the White Pine Compound Dr. Nichols, of Northfield, Vt., says:-

" I find the White Pine Compound to be very efficacious, not only in coughs and other pulmonic affections, but also in affections of the kidneys, debility of the stomach, and other kindred organs." Dr. J. K. Chase, of Rumney, N. H., writes :-

"I have for years regarded your White Pine Compound as an invaluable remedy. I can truly say that I regard it just taken the Compound for a cold, and it works char-Hon. P. H. Sweetser, of South Reading, writes:-

"Having long known something of the valuable medicinal properties of the White Pine, I was prepared, on seeing an advertisemen' of your White Pine Compound, to give the medicine a trial. It has been used by members of my family for several years, for colds and coughs, and in some soft Felt Hats, and Cloth Caps, they will be sold at less | Several of our friends have also received much benefit cases of serious kidney difficulties, with excellent results. from the Compound. We intend to keep it always on

Rev. H. D. Hodge, Of West Randolph, Vt., who is a practising physician, as well as preacher, in a letter to Dr. P., dated May 21, 1868, says,-"I find it an excellent medicine in kidney disease." From a Boston Pastor. Boston, January 16, 1862. REV. J. W. POLAND, M. D.:

DEAR SIR-Your White Pine Compound has been used in my own family, and I know of others who have used it, always with a good effect, and I feel fully justified, and it is with pleasure that I say that I regard it (unlike most preparations of the day) as wholly deserving of the entire confidence of the public. Not only do I consider it a safe but an efficient remedy for all diseases of the throat From James J. Hoyt.

BRADFORD, N. H., September, 1860. Dr. Poland-In the Fall of 1857 I took a very violent cold, which brought on a very severe cough, pain in side and lungs, and raising blood. I was also very badty afflicted with that troublesome disease—the Kidney Complaint For the three years past I have been very much troubled with my throat and lungs, choking up and raising an immense sight, with a bad cough after raising blood; I fel. that my time here must be short unless I soon got relieft The spring following, I was induced to try your White Pine Compound, though my faith in it was small. But to my astonishment, before I had taken two bottles my cough mands against the Estate will render the same to the sub | was better; the kidney trouble also; and I could rest nights without choking up and raising so much. I have taken nearly three bottles, and am feeling like a well man. I would add that my father's family is inclined to consumption: my father, mother, and two sisters having died

> Letter from Rev. L. C. Stevens., Pastor of Baptist Church, Goffstown Centre, N. H. DR. J. W. POLAND -My Dear Sir-You asked me what I think of your White Pine Compound. I never before put pen to paper, to tell any man what I thought of a patent medicine. My father, a physician of the old school, early led me to serious suspicions of all nostrams, of whatever kind, not bearing the stamp of that fraternity. But these suspicions I have parted with by degrees, as I have carefully acquainted myself with the leading principles of Hydropathy, Homeopathy, Thompsonianism, Eclecticism, and other systems, which have obtained public favor within the last twenty five years; so that I feel at liberty on this ground to speak my convictions Then the symprthy which I feel for you, as a former Baptist pastor-obliged to relinquish the ministry merely on

> your early years for this blessed work, and laboring to your utmost in other ways, to proclaim the glorious gospel, inclined me, as a matter of duty, to comply with your fu 1853 1 became acquainted with Deacon Holmes Boardman, of Maine, brother of the late George Dana Boardman, formerly missionary in Burmah; and from him for the first time, learned the wonderful medicinal qualities of white pine bark. He had a few years before been brought to the borders of the grave by what the best of physicians pronounced pulmonary consumption, and was given up to die; but was nevertheless entirely cured by a preparation made by his own hands from this bark. Since that time, until I became acquainted with your article, I have been surprised

account of ill-health, but still cherishing all the arder of

that no philosophical mind was found to undertake a cough preparation from white pine. As soon as your article was brought to my actice, it therefore secured my attention; and I have not failed to acquaint myself with a sufficient number of facts to produce a settled judgment as to its value. Some of my own family have tried it with signal benefit. I believe it one of the best cough medicines ever prepared. Besides its value as a Cough Medicine, I have good reason to believe it to be all it claims as a remedy for kidney diseases and diabetes. Yours truly, L. C. STEVENS.

[Several other Clergymen and Physicians have also written to Dr. P., highly approving of his White Pine Compound.] From Klery E. Cahoon. BREWSTER, Mass., March 19, 1863.

Dr. Poland-I feel it my duty to inform you of the very great benefits which I have received from the use of your White Pine Compound. In August, 1861, I took a very severe cold, which continued to afflict me, increasing in severity, attended with a very hard cough, hight sweats, and some bleeding, probably from the throat. Through the fall and winter my cough was very distressing, reducing my flesh and strength, and rendering me untit for labor. tried medicines of various kinds, but none of them, how-ever valuable, gave me any relief. In March 1862, as you may remember, I wrote to you, stating my difficulties, and asking advice. You sent me some of the White Pine Compound. I commenced taking it, and immediately began to amend. At the time of writing to you, my weight was only 135 pounds. In five weeks I was out in active labor, and in a few months gained up to 160 pounds. I know that it was the White Pine Compound which did all this for me. I soon began to have persons apply to me for the medicine, and, as you know, I ordered it for sale. In eight months, though without making much exertion, I disposed of 540 bottles of the Compound here on the Cape. I would add that several persons of my acquaintance, whose case was as hopeless as my own, have been cured by

the White Pine Compound. The White Pine Compound, advertised at length in our columns, is not only as to its name inviting, but is a highly approved medicine. Dr. J. W. Poland, the inventor, has he confidence of the many who know him, a confidence which he enjoyd while labouring usefully many years as a Baptist minister. His experience as a sufferer led him to make experiments, which issued in his medical discovery.

— Watchman and Reflector.

Should you think favorably of this medicine, be careful when purchasing, that it is the WHITE PINE COMPOUND that is offered you, as we know that other preparations have been palmed off for it by unprincipled dealers.
