DR. RIDGE'S FOOD FOR INFANTS AND INVALIDS is so carefully and scientifically prepared that it is immensely superior to Arrowroot, Sago, Tapioca, Bread, Biscuit, Corn Flour, or any other kind of farmaceous con for infants, not alone from its purity, strength, and great nourishing properties, but also from its having been pecuharly and thoroughly cooked in its manufacture, which renders it more easily digestible. It cannot cause Acidity or Wind. It is very agreeable, and from the nature of its composition is exactly adapted to all conditions of the stomach. It can be made ready for use without trouble in two or three minutes. Mixed in Beef Tea, Milk, or any other fluid, the PATENT FOOD is pre-eminently suited to INVALIDS, from its wholesome and strengthening qualities. It is a real blessing, and from its remarkable cheapness accessible to all. For sale only by GEO. A. BAYARD,

Successor to JOHN M. WALKER, No. 7 Market square

GRAND DIVISION SONS OF TEMPERANCE, THE GREAT NEW ENGLAND REMEDY! DR. J. W. POLAND'S WHITE FINE COMPOUND!

> "It was early in the spring of 1855 that this Compound was originated. A member of my family was afflicted with an irritation of the throat, attended with a disagreeable cough. I had for some months previous thought that a preparation, having for its basis the inside bark of white pine, might be so compounded as to be very useful in the case of the throat and lungs. To test the value of it in the case alluded to, I compounded a small quantity of the medicine that I had been planning, and gave it in teaspoonful doses. The result was exceedingly gratifying. Within two days the irritation of the throat was removed, the cough subsided, and a speedy cure was effected. Soon after this, I sent some to a lady in Londonderry, N. H., who had been suffering for some weeks from a bad cough, occasioned by a sudden cold, and had raised mucus streaked with blood. She soon found rehef, and sent for more She took about ten ounces of it, and got well. S. B. Clark, Esq., editor of the Manchester Daily Mirror, made a trial of the same preparation in the case of a severe cold, and was cured immediately. He was so highly pleased with the results, and so confident of success attending its sales, if placed before the public, that he finally persuaded me to give it a name and send it abroad to benefit the suffering. n November, 1855, I first advertised it under the name of White Pine Compound. In two years from that time there had been wholesaled in Manchester alone one hundred dollarss' worth, where it took the lead of all the cough remedies in the market, and it still maintains that position. There is good reason for all this. It is very soothing and healing in its nature, is warming to the stomach, and pleasant withal to the taste, and is exceedingly cheap. "As a remedy for kidney complaints, the White Pine Compound stan's unrivalled. It was not originated for that purpose; but a person in using it for a cough, was not only cared of the cough, but also cured of a kidney difficulty of ten years' standing. Since that accidental dis-

covery, many Lousands have used it for the same complaint, and have been completely cured." The above was written by Dr. Poland in 1860. Since then, as in Manchester, the White Pine Compound has taken the lead of all cough remedies, as well as preparations for the cure of kidney difficulties, in every city, town, village, and hamlet throughout the New England States. The past year has given great opportunity to test the virtue of the White Pine Compound. It has been an unusual time for colds and coughs, and very large quantities of the White Pine Compound have been sold and used with the happiest effects. It speaks well for the Medicine; and the people where it is prepared are high in its praise.

One bottle of the Compound is generally sufficient to re-

move a bad cough, and frequently I have known persons to have a cold entirely removed in two days, by using less than half a bottle. From one to two teaspoonfulls is a large dose. I sometimes put a latte white sugar and hot water with it when taken on going to bed. The limits to which I purposely confine myself in this Circular, will not allow of that full expression which I would like to give in favor of the White Pine Compound. It is universally admired by all who use it: it has attained

such a popularity among those whose opinion is valuable indeed, that VANITY may probably in part prompt me to record more here than hurried people will have patience to read; so I will stop, by merely recommending it to all who need a cough or kidney remedy, to test the virtues of the WHITE PINE COMPOUND.

#### TESTIMONIALS.

A very large number of important testimonials have already been received from Physicians, Clergymen, Apothecaries, and indeed from all classes in society, speaking in the most flattering terms of the White Pine Compound. Dr. Nichols, of Northfield, Vt., says:-

"I find the White Pine Compound to be very efficacious, not only in coughs and other pulmonic affections, but also in affections of the kidneys, debility of the stomach, and other kindred organs."

Dr. J. K. Chase, of Rumney, N. H., writes :-"I have for years regarded your White Pine Compound as an invaluable remedy. I can truly say that I regard it as even more efficacious and valuable than ever. I have just taken the Compound for a cold, and it works char-

Hon. P. H. Sweetser, of South Reading, writes :-"Having long known something of the valuable medicinal properties of the White Pine, I was prepared, on seeing an advertisement of your White Pine Compound, to give the nedicine a trial. It has been used by members of my family for several years, for colds and coughs, and in some cases of serious kidney difficulties, with excellent results. Several of our friends have also received much benefit from the Compound. We intend to keep it always on

Rev. H. D. Hodge, Of West Randolph, Vt., who is a practising physician, as well as preacher, in a letter to Dr. P., dated May 21, 1863, says,-"I find it an excellent medicine in kidney disease." From a Boston Pastor.

Boston, January 16, 1862. REV. J. W. POLAND, M. D. : DEAR SIR-Your White Pine Compound has been used in my own family, and I know of others who have used it. always with a good effect, and I feel fully justified, and it is with pleasure that I say that I regard it (unlike most preparations of the day) as wholly deserving of the entire confidence of the public. Not only do I consider it a safe

but an efficient remedy for all diseases of the throat From James J. Hoyt. BRADFORD, N. H., September, 1860. Dr. Poland-In the Full of 1857 I took a very violent cold, which brought on a very severe cough, pain in side and lungs, and raising blood. I was also very badly afflicted with that troublesome disease-the Kidney Comptaint. For the three years past I have been very much troubled with my throat and longs, choking up and raising an im-

mense sight, with a bad cough after raising blood; I fel. that my time here must be short unless I soon got relieft The spring following, I was induced to try your White Pine Compound, though my faith in it was small. But to my astonishment, before I had taken two bottles my cough was better; the kidney trouble also; and I could rest nights without choking up and raising so much. I have taken nearly three bottles, and am feeling like a well man. I would add that my father's family is inclined to consumption: my father, mother, and two sisters having died Letter from Rev. L. C. Stevens., Pastor of Baptist Church, Goffstown Centre, N. H. Dr. J. W. POLAND -My Dear Sir-You asked me what I

suspicions I have parted with by degrees, as I have carefully acquainted myself with the leading principles of Hydropathy, How copathy, Thompsonianism, Eclecticism, and other systems, which have obtained public favor within the last twenty five years; so that I feel at liberty on this ground to speak my conviction Then the symprthy which I feel for you, as a former Bantist pastor-obliged to relinquish the ministry merely on account of ill-health, but still cherishing all the arder of

your early years for this blessed work, and laboring to

think of your White Pine Compound. I never before put pen to paper, to tell any man what I thought of a patent

medicine. My father, a physician of the old school, early

led me to serious suspicions of all nostrams, of whatever

kind, not bearing the stamp of that fraternity. But these

your utmost in other ways, to proclaim the glorious gospel, -inclined me, as a matter of duty, to comply with your In 1858 I became acquainted with Deacon Holmes Boardman, of Maine, brother of the late George Dana Boardman, formerly missionary in Burmah; and from him for the first time, learned the wonderful medicinal qualities of white pine bark. He had a few years before been brought to the borders of the grave by what the best of physicians pronounced pulmonary consumption, and was given up to die : but was nevertheless entirely cured by a preparation made by his own hands from this bark. Since that time, until I became acquainted with your article, I have been surprised that no philosophical mind was found to undertake a cough

preparation from white pine. As soon as your article was brought to my notice, it therefore secured my attention; and I have not failed to acquaint myself with a sufficient number of facts to produce a setled judgment as to its value. Some of my own family have tried it with signal benefit. I behave it one of the best cough medicines ever prepared. Besides its value as a Cough Medicine, I have good reason to believe it to be all it claims as a remedy for kidney diseases and diabetes.

Yours truly, [Several other Clergymen and Physicians have also written to Dr. P., highly approving of his White Pine Compound. ] From Elery E. Cahoon.

BREWSTER, Mass., March 19, 1868. Dr. Poland-I feel it my duty to inform you of the very great benefits which I have received from the use of your White Pine Compound. In August, 1861, I took a very severe cold, which continued to afflict me, increasing in severity, attended with a very hard cough, night sweats, and some bleeding, probably from the throat. Through the fall and winter my cough was very distressing, reducing my flesh and strength, and rendering me unfit for labor. tried medicines of various kinds, but none of them, how-ever valuable, gave me any telief. In March 1862, as you may remember, I wrote to you, stating my difficulties, and asking advice. You sent me some of the White Pine Compound. I commenced taking it, and immediately began to amend. At the time of writing to you, my weight was only 185 pounds. In five weeks I was out in active labor, and in a few months gained up to 160 pounds. I know that it was the White Pine Compound which did all this for me. I soon began to have persons apply to me for the medicine, and, as you know, I ordered it for sale. In eight months, though without making much exertion, I disposed of 540 bottles of the Compound here on the Cape. I would add that several persons of my acquaintance, PRINTS, GREY AND WHITE COTTONS, whose case was as hopeless as my own, have been cured by

the White Pine Compound. The White Pine Compound, advertised at length in our columns, is not only as to its name inviting, but is a highly approved medicine. Dr. J. W. Poland, the inventor, has the confidence of the many who know him, a confidence which he enjoyd while labouring usefully many years as a Baptist minister. His experience as a sufferer led him to make experiments, which issued in his medical discovery. - Watchman and Reflector.

Should you think favorably of this medicine, be careful when purchasing, that it is the WHITE PINE COMPOUND that is offered you, as we know that other preparations have been palmed of for it by unprincipled dealers.

> THE WHITE PINE COMPOUND Is Manufactured at the
