highly satisfactory results were shown :---FIRE DEPARTMENT.

The most gratifying proof of the expansion of the busi- invariably succumbed to a tew applications of this powerful ness is exhibited in the one following fact-that the increase alone of the last three years exceeds the entire business of some of the existing and of many of the recently defunct fire insurance companies of this kingdom. While the Premiums for the year 1558 are.... 196,148 r upwards of 50 per cent. in three years.

The recent returns of duty made by Government for this atter year (1858) again show the "Royal" as more than maintaining the ratio of its increase as stated in former years. Only one among the London insurance offices exhibits an advance to the extent of one-half the increase of the Company, while all the others respectively fall far short of the noiety of its advance.

LIFE DEPARTMENT. The amount of new Life Premiums received this year is

by far the largest received in any similar period since the commencement of the business, and must far exceed the Burns, average of amount received by the most successful offices Chapped Hands, in the kingdom. The number of policies issued in the year was 832, the sum assured $\pm 887,752$ 6s. 8d., and the premium Fistula, £12.854 8s. 4d. CONCLUSION,

Suffering and weakness made Baby Jim seem even smaller and younger to his brother's eyes than when they parted. Rough companions and hard usage had been his lot since then. CAUTION! CAUTION! CAUTION THE Proprietor of PICKSTONE'S WASHING AND L CLEANSING CRYSTAL, deems it his duty-to caution the public against spurious imitations of his highly celebrated Washing Crystal, which is the most harmless compound extant. It is free from Lime, Vitriol, and all other deadly mixtures so common to be found amongst washing compounds. Try Pickstone's Washing Crystal, f you want ease, comfort, and economy in washing, which

washes every thing, and has rapid sale. It will be found invaluable for the following domestic purposes, viz. :--It washes all fine things, such as Muslin, Lace, Crotchet Work, Baby Linen, &c,; cleaning Sponges, Combs, and Brushes; removing stains from the hands, an grease from Carpets, Cloth, Flannel, &c. It makes Hard Water Soft, and may be used with good effect in Baths, as t immediately removes all condensed perspiration from the miniculatery removes an condensed perspiration from the skin. If you have not used this Cleansing Crystal, lose no time in obtaining it. Nothing has ever been introduced into this country which has effected such a wonderful change upon Washing Days. It saves your time-saves your clothes---saves your money; and it does not injure the most delicate hands. Pickstone's Cleansing Crystal makes washing a pleasure, reduces the cost of fuel, the wear and tear of labor, and improves every article washed. For Linens, and heavy washes, it cannot be surpassed; for Laces, and fine fabrics, it is unequalled. It does not injure the color of Prints, but strengthens and improves them--by its use they retain their original brilliancy. Flan-
