SOWING IN TEARS-REAPING IN JOY. I had a son, a naughty son,

A son who every day Would disregard a parent's word, And tread the downward way. I wrestled long with God for him; Expressed my hopes and fears, And prayed my boy might be reclaimed-"Twas then "I sowed in tears."

Time passed-he sought me out one day; "My father dear," said he, " If Jesus for the sinner died, He surely died for me." The Spirit had convinced of sin My once unruly boy. Who now became a penitent,

And thus "I reaped in joy." L. M. T.

atter year (1858) again show the "Royal" as more than maintaining the ratio of its increase as stated in former years. Only one among the London insurance offices exhibits an advance to the extent of one-half the increase of the Company, while all the others respectively fall far short of the moiety of its advance.

LIFE DEPARTMENT.

The amount of new Life Premiums received this year is by far the largest received in any similar period since the commencement of the business, and must far exceed the average of amount received by the most successful offices in the kingdom. The number of policies issued in the year was S32, the sum assured £387,752 6s. 8d., and the premium £12,854 3s. 4d. These figures show a very rapid extension of business during the last ten years. NEW BEDFORD, MASS., Nov. 24, 1863. DEAR SIR-I have been afflicted many years with severe rostrating cramps on my limbs, cold feet and hands, and a general disordered system. Physicians and medicine failed to relieve me. Some friends in New York who were using Plantation Bitters, prevailed upon me to try them. I commenced with a small wine glassful after dinner. "Look here," said one to his companion, " we are Feeling better by degrees in a few days I was astonished to find the coldness and cramps had entirely left me, and I could sleep the night through, which I had not done for years. If the ladies but knew what thousands of them are constantly relating to ns, we candidly believe one half of the weakness, prostration and distress experienced by them would vanish. James Marsh, Esq., of 158 West 14th St., N. Y., says, "he has three children, the first two are weak and puny, his wife having been unable to surse or attend them, but that she has taken Plantation Bitters for the last two years, ane has a child now eighteen months old which she has nursed and reared herself, and both are hearty saucy and well, The article is invaluable to mothers," &c Such evidence might be continued for a volume. The bes evidence is to try them. They speak for themselves. Persons of sedentary habits, troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, diabetes, &c., will find speedy relief through these Bitters.
