## THE MOTHERLESS.

You're weary, precious ones! your eyes Are wandering far and wide ; Think ye of her, who knew so well Your tender thoughts to guide ! Who could to Wisdom's sacred love Your fixed attention claim ! Ah ! never from your hearts erase That blessed mother's name !

'Tis time to say your evening hymn, My youngest infant dove ! Come, press thy velvet check to mine, And learn thy lay of love. My sheltering arms can clasp you all, My poor deserted throng ! Cling, as you used to cling to her Who sings the angel's song.

Begin, sweet birds! the accustomed strain, Come, warble lone and clear ; Alas ! alas ! you're weeping all-

You're sobbing in my ear. Good night !-- go say the prayer she taught Beside vour little bed-The lips that used to bless you there,

Are silent with the dead !

A father's hand your course may guide Amid the thorns of life ; His care protect these shrinking plants, That dreads the storms of strife ; But who upon your infant hearts Shall like that mother write? We touch the strings that rule the soul ? Dear smitten flock-good night !

The following startling and emphatic statements can be seen at our office :---

York Regiment : Near Acquia Creek, March 4, 1863. Owing to the great exposure and terrible decomposition after the battle of Antietam, I was utterly prostrated and very sick. My stomach would not retain medicine. An article called Plantation Bitters, prepared by Dr. Drake, of New York, was prescribed to give me strength and an apite. To my great surprise they gave me immediate re lief. Two bottles almost allowed me to join my regiment. \* \* I have since seen them used in many cases, and am free to say, for hospital or private purposes I know of nothing like them. REV. E. F. CRANE, Chaplain. Letter from the Rev. N. E. GILDS, St. Clairsville, Pa. Gentlemen-You were kind enough, on a former occasion, to send me half a dozen bottles of Plantation Bitters for will please send us six bottles more for the money enclosed. I am very truly yours, N. Chairman of the London Board .- SAMUEL BAKER, Esq. oct 14. Chairman in Liverpool.-CHARLES TURNER, Esq. The Royal Insurance Company is one of the largest Offices in the kingdom. At the Annual Meeting held in August 1859, the following highly satisfactory results were shown :---FIRE DEPARTMENT. The most gratifying proof of the expansion of the busi-ness is exhibited in the one following fact—that the increase alone of the last three years exceeds the entire business of THE Lightest, Cheapest, most Durable, and most nat some of the existing and of many of the recently defunct fire insurance companies of this kingdom. The Premiums for the year 1855 being ..... £180,060 While the Premiums for the year 1558 are .... 196,148 Showing an actual increase of ..... 66,088 or upwards of 50 per cent. in three years. The recent returns of duty made by Government for this latter year (1858) again show the "Royal" as more than maintaining the ratio of its increase as stated in former years. Only one among the London insurance offices exhibits an advance to the extent of one-half the increase of the Company, while all the others respectively fall far short of the moiety of its advance. LIFE DEPARTMENT. The amount of new Life Premiums received this year is PRESSES, Chases, Cases, Galleys, Inks, &c., for sale upon by far the largest received in any similar period since the the most reasonable terms.
