

latter debt which is approximately valued at \$350 million francs, will be definitely fixed.

Eastern question again claims considerable attention.

Continental journals say that it is no longer the insurrection in Candia alone which causes uneasiness in the Balkans, but movements are beginning in Epirus, and in Islands of Chios and Cyprus.

Morning Post says it is stated that the British Government have advised Porte to accord to Island of Crete an autonomy similar to Serbia, but that Porte refused to accede to it.

The 15th September was the second anniversary of the Paris Convention for the evacuation of Rome, and the London Times says that it is understood that the evacuation will be completed by December 9th.

meanwhile the so-called French Pontifical legion, 1800 men, was to embark on the 13th at Anifles, for Civita Vecchia, on board a French steamer, as General in command at Rome objects to his French troops being brought into contact with these new Pope's soldiers.

The legion is to be sent to Vieterbo in spite of strong remonstrances from that place.

The King of Italy had been ill, and Bismarck was suffering from neuralgia in the leg.

General Marmier was found dead in his bed of apoplexy.

LONDON MONEY MARKET.—Rather less easy. The Bank rate remains at 5, good demand for discount on the 14th for monthly settlement.

Arrangements are progressing for a resurrection in Agria as Masterman Bank on a firm basis.

The Bank returns show a decreased bullion of two hundred and twenty thousand gns.

Berlin, Sept. 20.—The King of Prussia has written an address to the people thanking them for their part borne in the war, and congratulating them on victory and peace.

The abdication of Ludwig I., King of Bavaria, is now regarded as certain.

Trieste, Sept. 20.—The British Legation at Athens have authoritatively denied that Great Britain agreed to the head of the great riot near Palermo.

Florence, Sept. 20.—The riot among the brigands near Palermo was not so serious as was at first apprehended. No alarm is felt.

Boulogne, Sept. 21.—The Prussian army returning from the war made grand triumphal entry into the national capital to-day amid great rejoicing and enthusiasm.

Paris, Sept. 21.—La France announces that it has copies of the Saxon treaty, and that by one of its provisions King John is to abdicate the throne in favor of his son.

Paris, Sept. 21.—It is said that the Empress Eugenie will shortly repair to Rome, to condole with the Pope. There is an apparently well-grounded rumor that M. Lavalee will retain the French foreign office in an editorial way, and the announcement of the peace of Saxony and Prussia is premature.

Frankfort-on-the-Main, Sept. 22.—A memorial is being extensively signed for the independence of Frankfurt.

Vienna, Sept. 22.—Duke Albert has been made commander-in-chief of the Austrian army.

CHOLERA FACTS.—A multitude of children in London have been left orphans by the recent visitation of Cholera. It is ascertained that in Mile-end, Old Town, alone one hundred and twenty-five fathers of families have been cut off by this devastating disease.

There were one hundred and forty deaths in one week in August. The scourge has been terrific on the continent. Eight hundred Prussian soldiers in Bohemia alone have been killed by it. In Brussels its ravages are terribly severe. It has broken forth with devastating power in Naples. In one public school for girls it swept off thirty-four out of eighty in the short space of three hours.

## UNITED STATES.

New York, Sept. 21. The following has been received:

Sept. 24, Thursday evening, Press, N.Y. To D. H. Craig, General Agent Associated Press, N.Y.:

"I arrived here this afternoon. The cable across the Gulf of St. Lawrence was successfully completed this evening. I leave to-morrow to recover a few miles of cable lost in the Gulf during the gale of Monday, and then proceed in the 'Medway' to Pictou for coal, and afterwards go to lay the cable across the Straits of Northumberland. The steamer 'Terrible' is to accompany. All well.

(Signed) CYRUS W. FIELD.

New York, Sept. 22. The steamer General Bull, plying between Louisville and Cincinnati, was seized by 200 guerrillas at Warsaw, Ky., on Thursday evening, and Dr. Ferris, the mail agent, was taken away by them. He had formerly been in command of the district of Kentucky, and had executed two guerrillas near that town. It is supposed that he was seized in revenge, and will probably be murdered.

Boston, Sept. 24. A despatch from Toronto has the following:—The Daily Evening Telegraph says the Government has issued a circular to County Attorneys and Police Magistrates, instructing them to order the seizure of all arms in the possession of parties who they considered dangerous to the public peace, and all persons known or suspected of having connections with Fenians will be vigorously prosecuted.

Fenians were committed to jail to-day, and a list of several hundred names including some well known residents of this city, is now in the hands of the police. Strict inquiries have been made by the police and detectives now in the city in regard to everything connected with Fenianism.

From this time forward every railroad train and steamer arriving in this city will be closely watched, and suspicious characters searched and arrested, and if their business is not satisfactorily explained they will be committed to jail under the habeas corpus act of the last Parliament.

New York, Sept. 25. At a Fenian Pic-Nic yesterday Stephens made a speech in which he repeated that fighting would commence in Ireland this year and he would be with them in the fight. A Toronto special of yesterday says: Orders have been issued to the police to keep a close watch on the Fenians at the Pic-Nic, and to be alert to any signs of fire, to be all equipped with forty rounds of ball cartridges. An attempt to burn or capture the city is feared. Large quantities of military stores, including revolvers, are arriving here. The regular troops and volunteers are continuing to come well equipped. A yacht was seized to-day, and her crew of three men arrested on suspicion of being Fenians. A small quantity of ammunition was found on board.

An Ottawa, C. W., despatch says: Cabinet meetings of the Canadian Government are being held daily in Quebec, the subjects discussed being military condition of the Province, Confederation, and the failure of the Bank of Upper Canada. Much uncertainty is felt in financial circles. The Fenians are said to be assembling for an invasion at Highgate. Large quantities of military stores are being received from Toronto and sent by rail to the Western portion of the Province. Gold 144.

ODENSBURG, N. Y. 26. It is reported upon good authority that a large number of Fenians are concentrating in Northern Vermont for a raid upon Canada.

Considerable excitement exists in those Counties which border on the Canada line.

New York, Sept. 26.—Special despatches from Ottawa says the Cabinet members are returning to Canada from the case of Lamirande, the French banker, was up before the Court of Queen's Bench in Montreal on Monday.

The Judge, in his charge to the Jury, said Lamirande had been illegally carried off beyond the Court's jurisdiction, and an investigation into the affair was demanded.

Two transports with ammunition, and two steamers with troops, the Europa and Tarifa, had arrived at Quebec.

An offer has been made by the priests to purchase the Parliament building in Ottawa, and it was alleged that the offer had reference to the eventuality of the Pope establishing his See in Canada.

There were fifty-five deaths from cholera on Sunday last in Nashville, Tenn., and the people are leaving the city. The total number of deaths in St. Louis last week, of cholera, were 202.

## The Christian Era, of Boston, says:—

In a republican government, periodical, political excitement are perhaps inevitable. Two or more parties will always exist, and though each may undergo a radical change from time to time in its party platform, the two principal parties are sure to represent the two extremes of national policy. Each will have its press and its stump orators, which always represent their own party as the only true patriots, and the success of their party the only hope of the nation. No doubt the welfare of any republic is promoted by the existence of two parties; and yet it is possible that devotion to party may eclipse devotion to Government and loyalty to truth and integrity.

The bitterness of party devotion has been witnessed in this country during our terrible struggles for liberty and national existence, and this bitterness has in no wise abated. For a person to read the papers and listen to the stump orators of either party, he might well conclude that all other parties were composed of knaves and traitors. Complete recklessness as to truth is truly an alarming feature of our present political warfare, and unless we seek not to enlighten the understanding and convince the judgment of the masses, but to prejudice and deceive. The more ignorant the people, the greater the efforts of political wire-pullers to operate on them and to secure their votes.

Hence it is no uncommon thing for thousands of foreigners, not only of the fundamental principles of our republic, but equally ignorant of letters, to be drummed up in swarms and pressed through the process of naturalization in order to give their votes for the given party.

At the present time political partisanship is being fanned to its most dangerous flame. To one accustomed to witness the operation of these intermittent fevers of excitement, it might well appear that our nation is tottering on the verge of ruin.

Each party is denounced by the other as sure to bring down the government, unless defeated. Political papers and orators play upon the feelings of the populace by proclaiming the imminent danger of another war whose horrors they portray in crimson hues, with desolation brooding over the land.

The zeal of such alarmists is commendable and worthy of noble hope. Though their rage and foam, it is but for a season. When the Fall elections shall have passed, this fever will subside, and the war-cloud now raised for political effect will pass over.

The contest is in no small degree one between the *ins* and *outs* while the honors and emoluments of office constitute the grand impelling motive. The *ins* would readily accede to all that the *outs* demand, rather than the *outs* come in, but for their party affiliations.

Stern principle is not always inviolable in politics. That our churches suffer by these excitements, there can be no doubt. Many excellent christian workers, of anything like excitement in religious matters, become completely engulphed in the excitements of the day. Some of them are carried so far that religious duties and obligations are for the time disregarded, and their spiritual interests sadly affected.

Some of them, and sometimes even years, before their brethren are able to again speak of the joys of salvation. A christian freeman in the full exercise of his rights of citizenship is the noblest type of manhood. But that manhood is degraded when the badge of christian discipleship is covered up by the glittering shield of party.

A THING OF BEAUTY IS A JOY FOREVER.—REV. JOS. MCKEE, N. Y. City, writes:—I recommend Mrs. S. A. Allen's World's Hair Restorer and Zybalismum as the best remedies to remove baldness and grayness yet discovered. They may be relied on confidently.

Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER AND DRESSING. A lady writes:—My hair is now restored to its original color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." Sold by all Druggists.

AN ARTICLE OF TRUE MERIT.—Brown's Bronchial Troches is the most popular article in this country or Europe for Throat Diseases and Coughs, and this popularity is based upon real merit, which cannot be said of many other preparations in the market, which are really but weak imitations of the genuine Troches.

THE MOTHER'S TREASURE.—Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurse in the United States, and has been used for thirty years with never-failing safety and success by millions of mothers for their children. It cures wind colic, regulates the bowels, corrects acidity, and gives rest and health to the child.

AGENTS for the sale of Sheridan's Calvary Condition Powders are hereby authorized to refund the money to any person whom they believe to be honestly dissatisfied after giving them a fair trial.

A WONDERFUL MEDICINE.—Notwithstanding this has never had the advantage of newspaper publicity, it has yet acquired a higher and more extended popularity than any other similar compound. We refer to Johnson's Anodyne Liniment.
