THE GREAT NEW ENGLAND REMEDY !

DR. J. W. POLAND'S WHITE FINE COMPOUND !

" It was early in the spring of 1855 that this Compound was originated. A member of my family was afflicted with an irritation of the throat, attended with a disagreeable cough. I had for some months previous thought that a preparation, having for its basis the inside bark of white pine, might be so compounded as to be very useful in the case of the throat and lungs. To test the value of it in the case alluded to, I compounded a small quantity of the medicine that I had been planning, and gave it in teaspoonful doses. The result was exceedingly gratifying. Within two days the irritation of the throat was removed, the cough subsided, and a speedy cure was effected. Soon after this, I sent some to a lady in Londonderry, N. H., who had been suffering for some weeks from a bad cough occasion ed by a sudden cold, and had raised mucus streaked with blood. She soon found relief, and sent for more She took aboutten ounces of it, and got well. S. B. Clark, Esq., editor of the Mauchester Daily Mirror, made a trial of the same preparation in the case of a severe cold, and was cured immediately. He was so highly pleased with the results, and so confident of success attending its sales, if placed before the public, that he finally persuaded me to ve it a name and send it abroad to benefit the suffering. November, 1835, I first a vertised it under the name of White Pine Compound. In two years from that time there had been wholesaled in Manchester alone one hundred dolarss' worth, where it took the lead of all the cough remelies in the market, and it still maintains that position. There is good reason for all this. It is very soothing and healing in its nature, is warming to the stomach, and pleasant withal to the taste, and is exceedingly cheap.

"As a remedy for kidney complaints, the White Pine Compound stands unrivalled. It was not originated for that purpose; but a person in using it for a cough, was not only cured of the cough, but also cured of a kidney difficulty of ten years' standing. Since that accidental discovery, many thousands have used it for the same complaint, and have been completely cured.

The above was written by Dr. Poland in 1860. Since then, as in Manchester, the White Pine Compound has taken the lead of all cough remedies, as well as preparations for the cure of kidney difficulties, in every city, town, village, and hamlet throughout the New England States.

The past year has given great opportunity to test the virtue of the White Pine Compound. It has been an unusual time for colds and coughs, and very large quantities of the White Pine Compound have been sold and used with e happiest effects. It speaks well for the Medicine ; and the people where it is prepared are high in its praise.

One bottle of the Compound is generally sufficient to remove a oad cough, and frequently I have known persons o have a cold entirely removed in two days, by using less than half a bottle. From one to two teaspoonfalls is a large dose. I sometimes put a little white sugar and hot water with it when taken on going to bed.

The limits to which I purposely confine myself in this Circular, will not allow of that full expression which I would like to give in favor of the White Pine Compound It is universally admired by all who use it: it has attained uch a popularity among those whose opinion is valuable indeed, that VANITY may probably in part prompt me to record more here than hurried people will have patience to read ; so I will stop, by merely recommending it to all who need a cough or kidney remedy, to test the virtues of the WHITE PINE COMPOUND.

TESTIMONIALS.

A very large number of important testimonials have aleady been received from Physicians, Clergymen, Apothecaries, and indeed from all classes in society, speaking in the most flattering terms of the White Pine Compound. Dr. Nichols, of Northfield, Vt., says :--

"I find the White Pine Compound to be very efficacious, not only'in coughs and other pulmonic affections, but also in affections of the kidneys, debility of the stomach, and other

Dr. J. K. Chase, of Runney, N. H., writes :-

Mr. Bright's reform speech at Rochdale is univer- negro. sally regarded by the press as a decided modification prepared to accept such moderate measures as the of property. Cabinet may be expected to propose. His political enemies credit him with being far less offensive than

in any previous speeches. It is reported that Mazzini is seriously ill in London. The weekly official returns of the cattle disease again show a large increase in numbers attacked. A railway train, in which the Lord Lieutenant of with a multitude of sick. Ireland and Lady Wodehouse were travelling, was fired at by some unknown man near Millingar. The ed after having destroyed the wells. driver of the engine had a narrow escape, a bullet striking the iron hood under which he was standing. It is assumed that injury to the Lord Lieutenant was and about 800 soldiers belonging to the Foreign contemplated. Two young men who gave the names of Henry Wilson and John Clewn are said to have recently returned. from America, were arrested at Dublin on charge of Fenianism. Arms, ammunition and treasonable documents are said to have been found upon them. Special Commission for trial of Fennans resumed sittings at Duolin on the 5th. FRANCE. -- It is stated that the opposition Deputies held a meeting in Paris to consider their course of procedure in the approaching session, and decided to direct their efforts chiefly to the Mexican question. SPAIN .--- Two incomplete regiments of cavalry stationed at Aranguez and Ocana revolted on the 4th. Three superior and the majority of inferior officers took no part in the movement. Gen. Tarata, Minister of Marine, immediately set out from Madrid with strong column in pursuit of insurgents, who are reported to be instigated by Gen. Prim. They were retreating hastily towards the mountains of Canenea. Latest despatches assert Gen. Prim and Carlos Lalorne, were at head insurgents - that movement was to-day took out four hundred thousand dollars in . surgents was " Viva Expartero-Viva Prim." After leaving Ocana, it is said they destroyed bridges over Tagus to delay pursuit of Zavala, who at the time was almost within reach of them, being only one hour's march in rear. Madrid was perfectly tranquil, but reports were current that martial law would be proclaimed there.

he might belong to an enterprising family of McLeods, train whose duty it is to inspect the car at every well known in the Glengarry region, but could stopping-place. " I have for years regarded your White Pipe Compound as an invaluable remedy. I can truly say that I regard it as even more efficacious and valuable than ever. I have just taken the Compound for a cold, and it works charmingly

Hon. P. H. Sweetser, of South Reading, writes :---

" Having long known something of the valuable medicinal roperties of the White Pine, I was prepared, on seeing an advertisement of your White Pipe Compound, to give the medicine a trial. It has been used by members of my family for several years, for colds and coughs, and in some cases of serious kidney difficulties, with excellent results. Several of our friends have also received much benefit from the Compound. We intend to keep it always on

Rev. H. D. Hodge,

Of West Randolph, Vt., who is a practising physician, as well as preacher, in a letter to Dr. P., dated May 21, 1868, says, -" I find it an excellent medicine in kidney disease." From a Boston Pastor.

Boston, January 16, 1862.

REV. J. W. POLAND, M. D. DEAR SIR-Your White Pine Compound has been used in my own family, and I know of others who have used it, always with a good effect, and I feel fully justified, and it is with pleasure that I say that I regard it (unlike most preparations of the day) as wholly deserving of the entire confidence of the public. Not only do I consider it a safe but an efficient remedy for all diseases of the throat.

From James J. Hoyt.

BRADFORD, N. H., September, 1860.

DR. POLAND-In the Fall of 1857 I took a very violent cold, which brought on a very severe cough, pain in side and lungs, and raising blood. I was also very badly afflicted with that troublesome disease-the Kidney Complaint. For the three years past I have been very much troubled with my throat and lungs, choking up and raising an immense sight, with a bad cough after raisieg blood; I fel. that my time here must be short unless I soon got relieft The spring following, I was induced to try your White Pine Compound, though my faith in it was small. But tomy astonishment, before I had taken two bottles my cough was better; the kidney trouble also; and I could rest nights without choking up and raising so much. I have taken nearly three bottles, and am feeling like a well man. I would add that my father's family is inclined to consumption : my father, mother, and two sisters having died. of 11.

Letter from Rev. L. C. Stevens.

Pastor of Baptist Church, Goffstown Centre, N. H. DR. J. W. POLAND -My Dear Sir-You asked me what I think of your White Pine Compound. I never before put pen to paper, to tell any man what I thought of a patent medicine. My father, a physician of the old school, early led me to serious suspicions of all nostrams, of whatever kind, not bearing the stamp of that fraternity. But these suspicions I have parted with by degrees, as I have carefully acquainted myself with the leading principles of Hydropathy, Howceopathy, Thompsonianism, Eclecticism, and other systems, which have obtained public favor within the last twenty five years; so that I feel at liberty on this ground to speak my convictions

Then the symprthy which I feel for you, as a former Baptist pastor-obliged to relinquish the ministry merely on account of ill-health, but still cherishing all the ardor of our early years for this blessed work, and laboring to your utmost in other ways, to proclaim the glorious gospel, -inclined me, as a matter of duty, to comply with your request.

In 1858 I became acquainted with Deacon Holmes Boardman, of Maine, brother of the late George Dana Boardman, formerly missionary in Bormah ; and from him for the first time, learned the wonderful medicinal qualities of white pine bark. He had a fow years before been brought to the borders of the grave by what the best of physicians pronounced pulmonary consumption, and was given up to die ; but was nevertheles a entirely cured by a preparation made by his own hands from this bark. Since that time, until I became acquainted with your article, I have been surprised that no philosop'meal mind was found to undertake a cough preparation from white pine.

As soon as your article was brought to my notice, it therefore secured my attention; and I have not failed to acquaint myself with a sufficient number of facts to produce a settled judy, ment as to its value. Some of my own family County, are required to make immediate payment to the best cough medicines ever prepared. Besides its value as undersigned; and all persons having any claims or de- a Crugh Medicine, I have good reason to believe it to be all it claims as a remedy for kidney diseases and diabetes. Yours truly, L. C. STEVENS.

[Several other Clergymen and Physicians have also written to Dr. P., highly approving of his White Pine Compound.]

From Elery E. Cahoon.

BREWSTER, Mass., March 19, 1863.

DR. POLAND-I feel it my duty to inform you of the very great benefits which I have received from the use of your White Pine Compound. In August, 1861, 1 took a very severe cold, which continued to afflict me, increasing in severity, attended with a very hard cough, night sweats, and some bleeding, probably from the throat. Through the all and winter my cough was very distressing, reducing my flesh aud strength, and rendering me unfit for labor. tried medicines of various kinds, but none of them, however valuable, gave me any relief. In March 1862, as you may remember, I wrote to you, stating my difficulties, and asking advice. You sent me some of the White Pine Compound. I commenced taking it, and immediately began to amend. At the time of writing to you, my weight was only 185 pounds. In five weeks I was out in active labor, and in a few months gained up to 160 pounds. I know that it was the White Pine Compound which did all this for me. I soon began to have persons apply to me for the medicine, and, as you know, I ordered it for sale. In eight months, though without making much exertion, I disposed of 540 bottles of the Compound here on the Cape.

I would add that several persons of my acquaintance, whose case was as hopeless as my own, have been cured by the White Pine Compound.

The White Pine Compound, advertised at length in our columns, is not only as to its name inviting, but is a highly approved medicine. Dr. J. W. Poland, the inventor, has the confidence of the many who know him, a confidence which he enjoyd while labouring usefully many years as a Baptist minister. His experience as a sufferer led him to make experiments, which issued in his medical discovery. - Watchman and Reflector.

Should you think favorably of this medicine, be careful when purchasing, that it is the WHITE PINE COMPOUND that is offered you, as we know that other preparations have been palmed off for it by unprincipled dealers.

THE WHITE PINE COMPOUND Is Manufactured at the NEW ENGLAND BOTANIC DEPOT. 196, Hanover Street, Boston. GEORGE W. SWETT., M. D., PROPRISTOR. Under the Supervision of REV. J. W. POLAND, M. D.

Sold, Wholesale and Ratail, by George A. Bayard, Joh Chaloner, T. B. Barker, and all Druggists in St. John. Dec. 8.-6m.
