MORE VICTORIES FOR CONFEDERATION .- Telegraph advices from Woodstock yesterday (Thursday) announce the election of Messrs. Beveridge and Herbert

in Victoria County, by large majorities. Babbit, Confederates, have carried even the anti-confederate strongholds, and triumphed with overwhelm-

ing majorities. SAD TRAGEDY !- A serious disturbance took place ended in James Robinson, Esq, of Five Mile House, Robinson's injuries are also severe. A man named Orr has been arrested on suspicion of having fired the fatal shot. - Telegraph.

A CRUMB OF COMFORT. - A gentleman, writing to us from Nova Scotia, says :--

"I am pleased with the honest, straightforward manner with which you have dealt with the great question which is agitating your Province and ours also. I have often thought that a man with the six the same morning. " Globe" against him must have a good deal of nerve to do his duty as firmly as you."

If our correspondent knew what a little Globe it bour such thoughts.-ED. INT.

THE UNIVERSITY. - We learn that the Douglas Gold Medal has this year been awarded to Mr. George Eulas Foster, of Studholm, King's, and that the Alumni Gold Medal has been gained by Mr. Leigh R. Harrison, of Sheffield, Sunbury County. W congratulate these gentlemen on obtaining honors, alike creditable to them and their preparatory instructors. They are the more valuable, as the ancient and well-equipped University of Edinburgh, having respect to the course of instruction given at our University, has agreed to recognize attendance on its classes, as part of the curriculum required for a de-gree in Edinburgh. The Encoenia is this year to be held on the 28th inst. There is a Scholarship for the English Language and Literature, value \$60. tenable for one year, a classical scholarship of same value and tenure, and also a Mathematical scholarship of the same value and tenure, to be competed for on the 4th inst. These and the County Scholarships, sometimes left vacant, ought to attract the greatest attention from our studious youth. Corrent events enhance the value of scholarship. The best educated men must come to the surface in the future of British North America. - Morning Journal.

FINANCIAL .- Commercial affairs in England continued to show great depression in Bank returns. Continued drain of gold and pressure of money indicates crisis not yet over. The Times' city article says that although the suspension of Bank Charter Act did good for the moment by arresting a disastrous run on the Banks, it can now hardly be questioned but that it has in some respects aggravated the commercial pressure, and intensified the inconveni-ence to which all mercantile and financial classes Sherry, Soda Tumblers, Decanters, Finger Bowls, &c. have been exposed.

# HAIR DRESSING

A dressing for Children's Hair, which can be used with at fear of injury to its growth or texture, has hitherto een unattainable. Most, if not all, of the Hair Dressing eretofore sold at the Drug Stores are composed chiefly of I and alcohol-ingredients which are antagonistic to the fe of the hair.

### Knights' Hair Dressing

Contains neither oil nor alcohol, is purely vegetable in its composition, and is the most perfect HAIR RENEWER AND INVIGORATOR that has ever been made available the public

Persons whose hair has been thinned by sickness or age, hould give this preparation a trial, with the assurance that a luxuriant growth of hair will result, unless the roots are lead, when such an effect is impossible.

#### KNIGHTS' HAIR DRESSING

Is an elegant preparation, exquisitely perfumed, inclines the hair to curl, will not soil the skin or any article of apparel, and is fast superseding the pernicious articles which have so long deceived a credulous public.
