-----UNITED STATES.

A NEW PARTY.

A new political party has sprung into existence. The Philadelphia Convention which met on the 14th inst., was a success. North, South, East, West, all eagerly availed themselves of it, and many Republ cans cast in their lot with it. Its chief promoter and

the New York Times. The Southerners, at least the nor, and Bro. J. E. Rude. most reasonable portion of them, patronized the Concrats of the North-their old allies. Here was a new ald. opportunity to join hands ; and they have done it. The extreme "Copperhead" leaders were not admitted. This was evidently to save appearances, and to and such like were ejected, and soundly abused in the Elders W. Downey, Noble, Hartley, and Bro. Gray. bargain. President Johnson openly approved of the Convention and the principles propounded by the spokesmen. The new party accepts as its platform the inevitable effects of the late war, and the principles established by recent legislation-the abolition of slavery, and the absolute supremacy of the central Government. It has issued a Manifesto in which the President's policy is fully endorsed and the present Congress most severly handled. Congress is charged with "absolute and intolerable tyranny," with seeking to confiscate and trample under foot the Southern States, with lawless usurpation, and indeed all the political crimes in the calendar. This Manifesto deusurpation, just as unwarrantable when exercised by ern, and not to be fortified or palliated by anything in the past history, either of those by whom it is attempted or of those upon whose rights and liberties it is to take effect. It finds no warrant in the Constitution. It is at war with the fundamental princiinstance, it becomes the precedent for future invasions of liberty and constitutional right dependent tical factions. It is against this, the most formidable

government, that the Constitution of the United cessible to all. For sale only by States was intended most carefully to provide. We demand a strict and steadfast adherence to its provisions." Through column after column the present Congress

is denounced in all the moods and tenses, and the tol-

doings. British Americans cannot fully sympathize

with either party. We cannot forget how both,

are very ignorant and foolish.

(AIRD'S celebrated Patent Corn and Bunion Plaster Many thousands of bona fide successful cures have at length fairly established the unrivalled virtue of this famous Plaster, being in simple truth what is here stated, viz., a certain remedy, speedy and safe, and giving rise to no trouble or inconvenience. By its use instantaneous and perfect ease is obtained ; from its extraordinary virtue of destroying the sensibility of the Corn and Bunion (even whilst undergoing pressure), and producing a comolete removal of all Callosities, whether Corns, Bunions, Enlarged Great Toe Joints, Warts, or execrescences of any kind. It entirely differs in its mode of action from any other Solvent or Plaster, as by its marvellous chemical virtue it at once removes all pain, and causes the Corn to become dead and detached from the surrounding flesh, thus performing a painless and radical cure."
