The circumstance may also have facilitated the withdrawal of Mr. Anglin from the Government, that he got a double share of blame for the insulting Minute of Council addressed to the Imperial Ministry. This he well knew could not long be popular in the loyal Province of New Brunswick. He knew the storm of opposition which it must encounter at the coming general elections, and he chose rather to stand behind the scenes and there witness the condemnation of the farce, than to stand boldly in the front and take his share of censure as one of the principal actors. He also probably new that in a short time the Government would find it necessary to compliment the Catholics of New Brunswick, in some way or other, at the expense of the Protestant churches, and the of Fenianism, to work out this little conception, could not be well sustained with his own presence in the Government. The thing however has overshot the Government. The thing however has overshot thrift are the great barriers to their advancement. been in these Eastern Provinces, if it had not been already crushed in the mother country, we will not presume to say; but we have a right to assume that, while no good Catholic would connect himself with the order, and there being, notwithstanding, so many of a contrary disposition its open advocates in other parts of the world, so a few of the latter, disregarding the sound precepts of their clergy, and fearless of the law, might be found even in New Brunswick. On these grounds we believe that no good Catholic should, and no bad Catholic would, thank the Government for His Excellency's speeches at St. Sthephen and Woodstock. What good Protestants and bad ones may think of those speeches will if we are not much mistaken, be revealed at a future day in this Pro-

FREDERICTON BRANCH RAILWAY .- Two Bills have been drawn up by the Hon. Charles Fisher, member for York, and published in the Reporter. It is intended to introduce them before the House during the next session. The first is entitled "A Bill to incorporate the Fredericton Railway Company," and the second "A Bill to facilitate the construction of a Eyre's position will be that of Governor on leave. Railway to Fredericton,"

The following article communicated to the Reporter, bad effect on negroes. refers to the bills, and presents two methods by which the road may be constructed :-

THE FENIANS AND IRELAND. - Stephens, the "Head Centre" of the Fenian Brotherhood in Ireland, had not been recaptured at latest advices. It was uncertain whether he had made his escape to some foreign country, or was hiding in the vicinity of Dublin. His escape gave the Government much uneasiness, not so much on account of his own importance, as because it revealed the existence of treachery in Government places, which might be found in forts, arsenals and dockyards, as well as in prisons. But if Stephens has escaped, his associate Luby has not. This unfortunate gentleman was tried before a jury, convicted of an attempt to overthrow the Queen's authority in Ireland, and was immediately sentenced to twenty years of penal servitude. Severe as the occasion which has since been taken, on the subject the redress of wrongs by the education of her people, sentence is, it is not too severe. Ireland must seek We never hear of the "wrongs" of Scotland, because the people there possess intelligence, sturdy independence of character, and a stubborn enterprise which makes the most of everything. If the Fenians would only establish good schools in Ireland, with the five millions of dollars said to have been collected in this country for revolutionary purposes, and give their countrymen the benefits of a practical and uncertain education, another generation would see a wonderful change in the condition of the Emerald | way Isle. - N. Y. paper.

We would call attention to Mr. Atherton's Advertisement in another column. Persons having occasion to travel between St. John and Woodstock, have by Mr. Atherton's line of stages an unusual chance for both speed and cheapness.

THE GREAT NEW ENGLAND REMEDY DR. J. W. POLAND'S WHITE PINE COMPOUND!

" It was early in the spring of 1855 that this Compound was originated. A member of my family was afflicted with an irritation of the throat, attended with a disagreeable cough. I had for some months previous thought that a preparation, having for its basis the inside bark of white ine, might be so compounded as to be very useful in the case of the throat and lungs. To test the value of it in the case alluded to, I compounded a small quantity of the medicine that I had been planning, and gave it in teaspoonful doses. The result was exceedingly gratifying. Within two days the irritation of the throat was removed, the cough subsided, and a speedy cure was effected. Soon after this, I sent some to a lady in Londonderry, N. 11., who had been suffering for some weeks from a bad cough, occasioned by a sudden cold, and had raised mucus streaked with blood. She soon found relief, and sent for more She took about ten ounces of it, and got well. S. B. Clark, Esq., editor of the Manchester Daily Mirror, made a trial of the same preparation in the case of a severe cold, and was cured immediately. He was so highly pleased with the results, and so confident of success attending its sales, if placed before the public, that he finally persuaded me to give it a name and send it abroad to benefit the suffering. In November, 1855, I first advertised it under the name of White Pine Compound. In two years from that time there had been wholesaled in Manchester alone one handred dollarss' worth, where it took the lead of all the cough remedies in the market, and it still maintains that position. There is good reason for all this. It is very soothing and healing in its nature, is warming to the stomach, and pleasant withal to the taste, and is exceedingly ches "As a remedy for kidney complaints, the White Pine Compound stands unrivalled. It was not originated for that purpose; but a person in using it for a cough, was not only cured of the cough, but al-o cured of a kidney difficulty of ten years' standing. Since that accidental dis-

covery, many thousands have used it for the same complaint, and have been completely cured." The above was written by Dr. Polaud in 1860. Since then, as in Manchester, the White Pine Compound has taken the lead of all cough remedies, as well as preparations for the cure of kidney difficulties, in every city, town, village, and hamlet throughout the New England States. The past year has given great opportunity to test the

virtue of the White Pine Compound. It has been an unusual time for colds and coughs, and very large quantities of the White Pine Compound have been sold and used with he bappiest effects. It speaks well for the Medicine; and the people where it is prepared are high in its praise. One bottle of the Compound is generally sufficient to remove a bad cough, and frequently I have known persons to have a cold entirely removed in two days, by using less than half a bottle. From one to two teaspoonfulis is a large dose. I sometimes put a little white sugar and hotwater with it when taken on going to bed.

The limits to which I purposely confine myself in this Circular, will not allow of that full expression which I would like to give in favor of the White Pine Compound. It is universally admired by all who use it; it has attained such a popularity among those whose opinion is valuable indeed, that VANITY may probably in part prompt the torecord more here than hurried people will have patience to read; so I will stop, by merely recommending it to all who need a rough or kidney remedy, to test the virtues of the WHITE PINE COMPOUND.

TESTIMONIALS.

A very large number of important testimonials have already been received from Physicians, Clergymen, Apothe caries, and indeed from all classes in society, speaking in the most flattering terms of the White Pine Compound.

Dr. Nichols, of Northfield, Vt., says :-"I find the White Pine Compound to be very efficacious, not only in coughs and other pulmonic affections, but also in affections of the kidneys, debility of the stomach, and other kindred organs.

Dr. J. K. Chase, of Rumney, N. H., writes :--circle of relatives and friends, to mourn their irreparable | Guide me, O Thou great Jehovah ...... Emerson. 35 | just taken the Compound for a cold, and it works char-

Hon, P. H. Sweetser, of South Reading, writes:-" Having long known something of the valuable medicinal properties of the White Pine, I was prepared, on seeing an advertisemen' of your White Pine Compound, to give the medicine a trial. It has been used by members of my DLUE VITRIOL -11/4 Tons Blue Vitriol -wholesale family for several years, for colds and coughs, and in some cases of serious kidney difficulties, with excellent results, Several of our friends have also received much benefit from the Compound. We intend to keep it always on

Rev. H. D. Hodge, Peels; 50 boxes Layer Raisins; 4 cases Currants; 30 bxs Of West Randolph Vt., who is a practising physician, as Eleme Figs; 1 ton N. B. and American Cheese; 80 barrels | well as preacher, in a letter to Dr. P., dated May 21, 1862, says,-"I find it an excellent medicine in kidney disease." From a Boston Pustor.

> Boston, January 16, 1862. REV. J. W. POLAND, M. D. : DEAR STR-Your White Pine Compound has been used in my own family, and I know of others who have used it, always with a good effect, and I feel fally justified, and it is with pleasure that I say that I regard it (unlike most preparations of the day) as wholly deserving of the entire confidence of the public. Not only do I consider it a safe but an efficient remedy for all diseases of the throat

> From dames J. Hoyt. Bradford, N. H., September, 1860. DR. POLAND -In the Fall of 1857 I took a very violent cold, which brought on a very severe cough, pain in side and lungs, and raising blood. I was also very badly afflicted. with that troublesome disease—the Kidney Complaint For the three years past I have been very much troubled with my throat and longs, choking up and raising an im mease sight, with a bad cough after raising blood; I fel that my time here must be short unless I soon got relieft The spring following, I was induced to try your White Pine Compound, though my faith in it was small. But to my astonishment, before I had taken two bottles my cough was better; the kidney trouble also; and I could rest nights without choking up and raising so much. I have taken nearly three bottles, and am feeling like a well man.

sumption: my father, mother, and two sisters having died Letter from Rev. L. C. "evens., Pastor of Baptist Church, Goffstown Centre, N. H. Dr. J. W. Poland -My Dear Sir-You asked me what I think of your White Pine Compound. I never before put pen to paper, to tell any man what I thought of a patent edicine. My father, a physician of the old school, early led me to serious suspicions of all nostrams, of whatever kind, not bearing the stamp of that fraternity. But these spicions I have parted with by degrees, as I have carefully acquainted myself with the leading principles of Hydropathy, Homocopathy, Thompsonianism, Eelecticism, and other systems, which have obtained public favor within the last twenty five years; so that I feel at liberty on this

I would add that my father's family is inclined to con-

ground to speak my convicti Then the symprthy which I feel for you, as a former Baptist pastor-obliged to relinquish the ministry merely on account of ill health, but sull cherishing all the arder of your early years for this blessed work, and laboring to your utmos in other ways, to proclaim the glorious gaspel, -inclined me, as a matter of duty, to comply with your

In 1853 I became acquainted with Deacon Holmes Boardman, of Maine, brother of the late George Dana Boardman, formerly missionary in Burmah; and from him for the first time, learned the wonderful medicinal qualities of white pine bark. He had a few years before been brought to the borders of the grave by what the best of physicians pronounced pulmonary consumption, and was given up to die; but was nevertheless entirely cured by a preparation made by his own hands from this bark. Since that time, until I became acquainted with your article, I have been surprised that no philosophical mind was found to under ake a cough preparation from white pine.

As soon as your article was brought to my notice, it therefore secured my attention; and I have not failed to acquaint myself with a sufficient number of facts to produce a settled judgment as to its value. Some of my own family have tried it with signal benefit. I beneve it one of the best cough medic nes ever prepared. Besides its value as a Cough Medicine, I have good reason to believe it to be all

[Several other Clergymen and Physicians have also written to Dr. P., highly approving of his White Pine Compound. From Klery E. Cahoon.

BREWSTER, Mass., March 19, 1863. DR. POLAND -I feel it my duty to inform you of the very great benefits which I have received from the use of your White Pine Compound. In August, 1881, I took a very severe cold, which continued to afflict me, increasing in severity, attended with a very hard cough, night sweats, and some bleeding, probably from the throat. Through the fall and winter my cough was very distressing, reducing my flesh and strength, and rendering me unfit for labor. tried medicines of various kinds, but hone of thom, howasking advice. You sent me some of the White Pine Compound. I commenced taking it, and immediately began to amend At the time of writing to you, my weight was only 135 pounds. In five weeks I was out in active labor, and ta a few months gained up to 160 pounds. I know that it was the White Pine Compound which did all this for me. I soon began to have persons apply to me for the medicine, and, as you know, I ordered it for sale. In eight months, though without making much exertion, I disposed of 540 bottles of the Compound here on the Cape. I would add that several persons of my acquaintance, whose cuse was as hopeless as my own, have been cured by the White Pine Compound.

The White Pine Compound, advertised at length in our columns, is not only as to its name inviting, but is a highly approved medicine. Dr. J. W. Poland, the inventor, has the confidence of the many who know him, a confidence which he enjoyd while labouring usefully many years as a Baptist minister. His experience as a sufferer led him to make experiments, which issued in his medical discovery. - Watchman and Reflector.

Should you think favorably of this melicine, be careful when purchasing, that it is the WHITE PINE COMPOUND that is offered you, as we know that other preparations have been palmed off for it by unprincipled dealers.

THE WHITE PINE COMPOUND

Is Manufactured at the NEW ENGLAND BOTANIC DEPOT. 196, Hauover Street, Boston. GEORGE W. SWETT., M. D., PROPRIETOR.
