The people of Canada are anxious for the execution of the prisoners, and it seems justice to the country, justice to the condemned themselves, and necessary for the vindication of law, the maintenance of public security, and to prevent similar attempts to disturb the peace of the provinces, that the men who have been found guilty should be executed. Their reprieve would be injustice to the innocent, and encouragement to further acts of aggression and bloodshed. state, and is talked about, or perhaps rather whisper

For the speedy cure of Coughs, Colds, Bronchitis, Croup, and all affections of the throat and longs we always provide by the timely use of Dr. Larookah's Pulmonic Syrup, while in the spring we purify the blood and arouse the sluggish appetite by a few doses of Dr. Larookah's Sarsaparilla Compound.
