The Studs, if used, can be fastened on the front before the shirt is put on, and need not be taken out previous to undressing, the opening being at the back and thereby obviating this as well as the unavoidable crushing of the well starched front. Great economy being obtained in the manufacture of

From the above statement, it is evident that the "Perfeet Shirt" is the most comfortable, convenient, and best fitting shirt ever introduced. MANCHESTER, ROBERTSON & ALLISON.
