JANUARY 19, 1866.

We believe no doubt remains of the resignation of Government several days ago. It is said that very strong arguments have been presented to Mr. Wilmot fore the fact is officially made public, but we think the press is justified in stating the rumor, and the have been mainly sustained by his strong influence, will greatly tend to its speedy and entire destruction, seems to be the general opinion. It seems to be pretty well understood by those best informed on the subject, that several of the people's representatives respondent writing to the Morning Telegraph, says: have decided to comply with the wish of Her Majesty and the Imperial Government in relation to coloniin the United States, is beginning to be pretty well understood, and is having the effect of waking up the doyal feeling of the people of the Provinces.

STRANGE INTEMATION ! - An esteemed friend in Dorchester-and one who is, we believe, a very staunch supporter of the Hon. Mr. Smith-in a letter recently persuasion, and has not since been seen. It is scarcely to Peru. forwarded to us, adds the following postseript: "I to be hoped that she has by any means escaped. don't think the Governor is a Fenian." What our She was a native of Sackville, and had two children. friend means by this, we can only guess, as he gives others all their clothing, books, &c. The principal, no explanation; but it would seem as though some Dr. Pickard, has lost a splendid Library and apparfoolish and erroneous reports or intimations are in atus, besides many stores belonging to the Institution. existence in Dorchester relative to his Excellency, Professor David Allison was in an adjoining neigh-We can assure our friend that no intimation of the kind, nor a thought that his Excellency favored this clothing, &c., are all consumed. He resided in one desperate and wicked anti-British and anti-Protestant | apartment of the Academy. Mr. Towse, the Steward of the Province. It is true that some have intimated siderable extent in property. AQUEDUCT PIPE.

Mr. EDITOR, -I beg to inform you that I have been engaged in the business of boring and laying down Water Pipes for the last nine years; that during that peried I have laid down not less than fifteen miles. The pipes are of Tamarac and Pine, 7 feet in length, Britain and elsewhere, have followed this movement and from 5 to 8 inches in diameter.

I am prepared to contract at the price of 40 cents per rod, bore and match them for putting in the drain. For digging, covering in, and completely fluishing, 80 cents would be the cost.

Parties wishing anything in the above line, will give notice as soon as convenient. Address, JOHN R. JONES, Bound Hill, Greenwich.

DR. KIDGE'S FOOD FOR INFANTS AND INVALIDS is so carefully and scientifically prepared that it is immensely superior to Arrowroot, Sago, Tapioca, Bread, Biscuit, Corn Flour, or any other kind of farinaceous cod for intants, not alone from its purity, strength, and great nourishing properties, but also from its having been pecuharly and thoroughly cooked in its manufacture, which renders it more easily digestible. It cannot cause Acidity or nach. It can be made ready for use without trouble in other fluid, the PATENT FOOD is pre-eminently suited to INVALIDS, from its wholesome and strengthening qualities. cessible to all. For sale only by

THE GREAT NEW ENGLAND REMEDY

DR. J. W. POLAND'S WHITE PINE COMPOUND

" It was early in the spring of 1855 that this Compound was originated. A member of my family was afflicted with an irritation of the throat, attended with a disagreeable cough. I had for some months previous thought that a preparation, having for its basis the inside bark of white pine, might be so compounded as to be very useful in the case of the throat and lungs. To test the value of it in the case ailuded to, I compounded a small quantity of the medicine that I had been planning, and gave it in teaspoonful doses. The result was exceedingly gratifying. Within two days the irritation of the throat was removed, the cough subsided, and a speedy cure was effected. Soon after this, I sent some to a lady in Londonderry, N. H., who had been suffering for some weeks from a bad cough, occasioned by a sudden cold, and had raised mucus streaked with blood. She soon found relief, and sent for more. She took about ten ounces of it, and get well. S. B. Clark, Esq., editor of the Manchester Daily Mirror, made a trial of the same preparation in the case of a severe celd, and was oured immediately. He was so highly pleased with the results, and so confident of success attending its sales, if placed before the public, that he finally persuaded me to ive it a name and send it abroad to benefit the suffering. November, 1855, I first advertised it under the name of White Pine Compound. In two years from that time there had been wholesaled in Manchester alone one hundred doilares' worth, where it took the lead of all the cough remedies in the market, and it still maintains that position.

sant withal to the taste, and is exceedingly cheap. 'As a remedy for kidney complaints, the White Pine Compound stands unrivalled. It was not originated for that purpose; but a person in using it for a cough, was not only cured of the cough, but also cured of a hidney difficulty of ten years' standing. Since that accidental discovery, many thousands have used it for the same comlaint, and have been completely cured.' The above was written by Dr. Poland in 1860. Since then, as in Manchester, the White Pine Compound has taken

There is good reason for all this. It is very soothing and

healing in its nature, is warming to the stomach, and plea-

the lead of all cough remedies, as well as preparations for the cure of kidney difficulties, in every city, town, village, and hamlet throughout the New England States. The past year has given great opportunity to test the virtue of the White Pine Compound. It has been an unusual time for colds and coughs, and very large quantities of the White Pine Compound have been sold and used with he happiest effects. It speaks well for the Medicine; and the people where it is prepared are high in its graise. One bottle of the Compound is generally sufficient to remove a bad cough, and frequently I have known persons have a cold entirely removed in two days, by using less

han half a bottle. From one to two teaspoonfulls is a large doso. I sometimes put a little white sugar and hot water with it when taken on going to bed. The limits to which I purposely confine myself in this Circular, will not allow of that full expression which I would like to give in favor of the White Pine Compound It is universally admired by all who use it: it has attained such a popularity among those whose opinion is valuable indeed, that VANITY may probably in part prompt me to record more here than hurried people will have patience to read; so I will stop, by merely recommending it to all who need a rough or kidney remedy, to test the virtues of the

WHITE PINE COMPOUND. TESTIMONIALS.

A very large number of important testimonials have ala eady been received from Physicians, Clergymon, Apothecaries, and indeed from all classes in society, speaking in the most fattering terms of the White Pine Compound. Dr. Nichols, of Northfield, Vt., says:

" I find the White Pine Compound to be very efficacious, ot only in coughs and other pulmonic affections, but also in affections of the kidneys, debility of the stomach, and other kindred organs.

Dr. J. K. Chase, of Rumney, N. H., writes :--" I have for years regarded your White Pine Compound as an invaluable remedy. I can truly say that I regard it as even more efficacious and valuable than ever. I have just taken the Compound for a cold, and it works char-

Hon, P. H. Sweetser, of South Reading, writes :-"Having long known something of the valuable medicinal properties of the White Pine, I was prepared, on seeing an advertisement of your White Pine, Compound, to give the medicipe a trial. It has been used by members of my family for several years, for colds and coughs, and in some cases of serious kidney difficulties, with excellent results. Several of our friends have also received much benefit from the Compound. We intend to keep it always on

Rev. H. D. Hodge, Of West Randolph, Vt., who is a practising physician, as well as preacher, in a letter to Dr. P., dated May 21, 1868, says, -"I find it an excellent medicine in kidney disease. From a Bosson Pustor.

Bosron, January 16, 1862. REV. J. W. POLAND, M. D. : DEAR SIR-Your White Pine Compound has been used in my own family, and I know of others who have used it, always with a good effect, and I feel fully justified, and it is with pleasure that I say that I regard it (unlike most preparations of the day) as wholly deserving of the entire

confidence of the public. Not only do I consider it a safe but an efficient remedy for all diseases of the throat. From James J. Hoyt. BRADFORD, N. H., September, 1860. DR. POLAND-In the Fall of 1857 I took a very violent old, which brought on a very severe cough, pain in side

and lungs, and raising blood. I was also very badly afflicted with that troublesome disease the Kidney Complaint For the three years past I have been very much troubled with my throat and longs, choking up and raising an immense sight, with a bad cough after raising blood; I fel that my time here must be short unless I soon got relieft The spring following, I was induced to try your White Pine Compound, though my faith in it was small. But to my astonishment, before I had taken two bottles my cough was better; the kidney trouble also; and I could rest nights without choking up and raising so much. I have taken nearly three buttles, and am feeling like a well man. I would add that my father's family is inclined to con-

sumption: my father, mother, and two sisters having died Letter from Rev. L. C. Stevens.,

Pastor of Baptist Church, Goffstown Centre, N. H. Da. J. W. Polang -My Dear Sir-You asked me what I think of your White Pine Compound. I never before put pen to paper, to tell any man what I thought of a patent medicine. My father, a physician of the old school, early led me to serious suspicions of all nostrams, of whatever kind, not bearing the stamp of that fraternity. But these aspicions I have parted with by degrees, as I have careully acquainted myself with the leading principles of Mybropathy, Howcopathy, Thompsonianism, Eclecticism, and other systems, which have obtained public favor within the last twenty five years; so that I feel at liberty on this

ground to speak my conviction Then the symprthy which I feel for you, as a former Haptist pastor obliged to relinquish the ministry merely on account of ill-health, but still cherishing all the arder of your early years for this blessed work, and laboring to your utmost in other ways, to proclaim the glorious gospel, inclined me, as a matter of duty, to comply with your

In 1858 I became acquainted with Deacon Holmes Boardman, of Maine, brother of the late George Dana Boardman, formerly missionary in Burmah; and from him for the first time, learned the wonderful medicinal qualities of white pine bark. He had a few years before been brought to the porders of the grave by what the best of physicians proacunced pulmonary consumption, and was given up to die; but was nevertheless entirely cared by a preparation made by his own hands from this bark. Since that time, until became acquainted with your article, I have been surprised that no philosophical mind was found to undertake a cough preparation from white pine. As soon as your article was brought to my notice, it there-

fore secured my attention; and I have not failed to acquaint myself with a sufficient number of facts to produce a settled judgment as to its value. Some of my own family have tried it with signal benefit. I believe it one of the best cough medicines ever prepared. Besides its value as a Cough Medicine, I have good reason to believe it to be all t claims as a remedy for kidney diseases and diabetes. Yours truly,

|Several other Olergymen and Physicians have also written to Dr. P., highly approving of his White Pine Compound. ] " Brown Elery E. Cahoon.

BREWSTER, Mass., March 19, 1868. DR. POLAND-I feel it my duty to inform you of the very great benefits which I have received from the use of your While Pine Compound. In August, 1801, I took a very severe cold, which continued to afflict me, increasing in severity, attended with a very hard cough, night sweats, and some bleeding, probably from the throat. Through the fall and winter my cough was very distressing, reducing my flesh and strength, and rendering me unfit for labor. tried medicines of various kinds, but none of them, how-ever valuable, gave me any relief. In March 1863, as you may remember, I wrote to you, stating my difficulties, and asking advice. You seame some of the White Pine Compound. I commenced taking it, and immediately began to amend. At the time of writing to you, my weight was only soon began to have persons apply to me for the medicine, and, as you know, I ordered it for sale. In eight months, though without making much exertion, I disposed of 540 bottles of the Compound here on the Cape. I would add that several persons of my acquaintance, whose case was as hopeless as my own, have been cared by the White Pine Compaund.

The White Pine Compound, advertised at length in our columns, is not only as to its name inviting, but is a highly approved medicine. Dr. J. W. Poland, the toventor, has the confidence of the many who know him, a confidence which he enjoyd while labouring usefully many years as a Baptist minister. His experience as a sufferer led him to make experiments, which issued in his medical discovery. - Watchman and Ruflector.

Should you think fuvorably of this medicins, be careful when purchasing, that it is the WHITE PINE COMPOUND that is affered you, as we know that other preparations have been palmed off for it by unprincipled dealers.

THE WHITE PINE COMPOUND

Is Manufactured at the NEW ENGLAND BOTANIO DEPOT; 196, Hanaver Street, Baston. GEORGE W. SWETT, M. D., PROPRIETOR.
