DECRIVED and opening this day-New Winseys, New | THE GREAT NEW ENGLAND REMEDY! DR. J. W. POLAND'S WHITE PINE COMPOUNDS " It was early in the spring of 1855 that this Compound.

> an irritation of the throat, attended with a disagreeable cough. I had for some months previous thought that a preparation, having for its basis the inside bark of white pine, neight be so compounded as to be very useful in the case of the tirroat and lungs. To test the value of it in the case alluded to, I compounded a small quantity of the medicine that I had been planning, and gave it in teaspoonful doses. The result was exceedingly gratifying. Within two days the irritation of the throat was removed, the cough subsided, and a speedy cure was effected. Soon after this, I sent some to a lady in Londonderry, N. H. who had been suffering for some weeks from a bad cough, occasioned by a sudden colo, and had raised mucus streaked with blood. She soon found reited, and sent for more She took about ten ounces of it, and got veil. S. B. Clark, Esq., editor of the Manchester Duely Misser, made a trial of the same preparation in the case of a severe cold, and was cured immediately. He was so highly pleased with the results, and so confident of success attenuing its sales, if placed before the public, that he finally persitaded me to give it a name and send it abroad to benefit the suffering-In November, 1853, I first advertised it under the name of White Pine Compound. In two years from that time there had been wholesaled in Manchester alone one hundred dol-larse worth, where it took the lead of all the cough remedies in the market, and it still maintains that position, There is good reason for all this. It is very soothing and healing in its nature, is warming to the stomach, and pleasant withal to the taste, and is exceedingly cheap.

"As a remedy for kidney complaints, the White Pine Compound stands unrivalled. It was not originated for that purpose; but a person in using it for a cough, was not only cured of the cough, but also cured of a kidney difficulty of ten years' standing. Since that accidental discovery, many thousands have used it for the same complaint, and have been completely cured."

The above was written by Dr. Poland in 1860. Since then, as in Manchester, the White Pine Compound has taken the lead of all cough remedies, as well as preparations for

the cure of kidney difficulties, in every city, town, village, and hamlet throughout the New England States. The past year has given great opportunity to test the virtue of the White Pine Compound. It has been an unusual time for colds and coughs, and very large quantities. of the White Pine Compound have been sold and used with he happiest effects. It speaks well for the Medicine; and the people where it is prepared are high in its praise. One bottle of the Compound is generally sufficient to re-

large dose. I sometimes put a little white sugar and hot The limits to which I purposely confine myself in this Circular, will not allow of that full expression which I would like to give in favor of the White Pine Compound It is universally admired by all who use it is been aligned uch a popularity among those whose opinion is valuable indeed, that VANITY may probably in part prompt me to record more here than hurried people will have patience to read; so I will stop, by morely recommending if to all who need a rough or kidney remedy, to test the virtues of the WHITE PINE COMPOUND.

TESTIMONIALS.

A very large number of important testimonials have already been received from Physicians, Clergymen, Apothecaries, and indeed from all classes in society, speaking in the most flattering terms of the White Pine Compound. Dr. Nichols, of Northfield, Vt., says :-

" I find the White Pine Compound to be very efficacious, not only in coughs and other pulmonic affections, but also in affections of the kidneys, debility of the stomach, and other kindred organs,' Dr. J. K. Chase, of Rumney, N. H., writes :-

" I have for years regarded your White Pine Compound as an invaluable remedy. I can truly say that I repard it as even more efficacions and valuable than ever. I have just taken the Compound for a cold, and it works char-Hon, P. H. Sweetser, of South Reading, writes :---

" Having long known something of the valuable medicinal properties of the White Pine, I was prepared, on seeing an advertisement of your White Pine Compound, to give the medicine a trial, It has been used by members of my family for several years, for colds and coughs, and in some cases of serious kidney difficulties, with excellent results. Several of our friends have also received much benefit from the Compound. We intend to keep it always on Rev. H. D. Hodge, Of West Randolph, Vt., who is a practising physician, as

says, -d I find it an excellent medicine in kidney disease, From a Bosson Pastor. Boaron, January 16, 1869, DEAR SIR Your White Pipe Compound has been used in my own family, and I know of others who have used it, always with a good effect, and I feel fully justified, and it is with pleasure that I say that I regard it (unlike most

well as preacher, in a letter to Dr. P., dated May 21, 1883,

preparations of the day) as wholly deserving of the entire confidence of the public. Not only do I consider it a safe but an efficient remedy for all diseases of the throat. from James J. House. BRADFORD, N. H., September, 1860, Da. Pogano In the Fall of 1857 I took a very violent cold, which brought on a very severe cough, pain in side and lungs, and raising blood. I was also very bailty afflicted with that troublesome disease the Autrey Complaint. For the three years past I have been very much troubled with my throat and longs, choking up and raising an immense sight, with a bad cough after raising blood; I fol. hat my time here must be short unless I soon got relieft The spring following, I was induced to try your White Pine Compound, though my faith in it was small. But to

my astonishment, before I had taken two bottles my cough

was better; the kidney trouble also; and I could rest

nights without choking up and raising so much. I have taken nearly three bottles, and am feeling like a well man, I would add that my father's family is inclined to consumption: my father, mother, and two sisters having died Letter from Rev. L. C. Stevens. Pastor of Baptist Church, Golfstown Contro, N. H. Dr. J. W. POLAND -My Dear Str-You asked me what I think of your White Pine Compound. I never before put pen to paper, to tell any man what I thought of a patent medicine. My father, a physician of the old school, early ed me to serious suspicions of all nostrams, of whatever kind, not bearing the stamp of that fraternity. But these anapiciona I have parted with by degrees, as I have carefully acquainted myself with the leading principles of Hysdropathy, Homosopathy, Thompsonianism, Echecticism,

and other systems, which have obtained public favor within the last twenty five years; so that I feel at liberty on this ground to speak my conviction Then the sympethy which I feel for you, as a former Haptist pastor obliged to relinquish the ministry morely on account of ill health, but still cherishing all the arder of your early years for this blessed work, and laboring to your utmost in other ways, to proclaim the glorious gospel. inclined me, as a matter of duty, to comply with your

In 1853 I became acquainted with Deacon Holmes Boards man, of Maine, brother of the late George Dana Boardman, ormerly missionary in Burmah; and from him for the first time, hearned the wonderful medicinal qualities of white pine bark. He had a few years before been brought to the borders of the grave by what the best of physicians prononneed pulmonary consumption, and was given up to die but was nevertheless entirely cured by a preparation made by his own hands from this back. Since that time, until I became acquainted with your article, I have been surprised. that no philosophical mind was found to undertaken cough. preparation from white pine. As soon as your article was brought to my notice, it there-

myself with a sufficient number of facts to produce a setbest cough medicines ever prepared. Besides its value as a Cough Medicine, I have good reason to believe it to be all [Staveral other Clergy men and Physicians have also written

to Dr. P., highly approving of his White Pine Compound 1

fore secured my attention; and I have not falled to acquaint

From Blery E. Cahoon, Buewsten, Mass., March 19, 1803. DR. POLANO I feel it my duty to inform you of the very great benefits which I have received from the use of your White Pize Compound. In August, 1801, I took a very severe cold, which continued to afflict me, increasing in severity, attended with a very hard cough, night sweats, and some bleeding, probably from the throat. Through the tall and winter my eaugh was very distressing, reducing my flesh and strength, and rendering me unfit for labor. tried medicines of various kinds, but none of them, however valuable, gave me any relief. In March tend, as you may remember, I wrote to you, stating my difficulties, and asking advice. You sent me some of the White Pine Compound. I commenced taking it, and immediately began to amend. At the time of writing to you, my weight was only 135 pounds. In five weeks I was out in active labor, and in a few months gamed up to 100 pounds. I know that it was the White Peas Compound which did all this for me. I soon began to have persons apply to me for the medicipe, and, as you know, I ordered it for sale. In eight months, though without making much exertion, I disposed of \$10

whose case was as hopeless as my own, have been cured by the White Pine Commound. The White Pine Compound, advertised at length in our columns, is not only as to its name inviting, but is a highly approved mediciae. Dr. 4. W. Poland, the inventor, has he confidence of the many who know him, a confidence which he enjoyd while labouring usefully many years as a Baptist minister. His experience as a sufferer lost him to make experiments, which issued in his medical discovery. Watchman and Reflector.

I would add that several persons of my acquaintance,

bottles of the Compound here on the Cape.

Should you think favorably of this meticins, be careful when purchasing, that it is the WHITE PINE COMPAUNA that is affered you, as we know that other preparations have been palmed off for it by unprincipled declars.

THE WHITE PINE COMPOUND Is Manufactured at the
