ELECTIONS IN ONTARIO AND QUEBEC.

MONTREAL, Aug. 26.—Brown is defeated in South Ontario by about 80 majority.

Hon. Mr. McDougall, Minister of Public Works, was elected by acclamation for North Lanark to-day; and the Prime Minister of Quebec Province was elected for both Houses yesterday. Sir John A. McDonald's majority in Kingston is about 600.

Mr. Pope was also returned by acclamation for Compton, for both Houses yesterday.

MONTREAL, Aug. 28.—Brown's defeat is hailed with pleasure all through both Provinces. Rumor says Brown will run for West Peterboro', but as the nomination has already taken place, he must wait until Gordon, his nominee, is elected and Parliament meets, before another election can take place. No other constituency appears to be open to him. Gibb's precise majority is 71.

D. A. McDonald was elected by acclamation for Glengary yesterday.

Forty one members, so far, elected, and only two opposition—Oliver and Fraser.

A telegram dated the 28th says:—"Flour has declined 25 to 35 cents since yesterday, and will fall still lower. Superfine $7.20 @ $7.25; Strong Superfine $7.45 @ $7.60."

A SUICIDE.—A correspondent of the *News*, writing from Eastport, informs that paper that a man about 60 years of age, grey beard and grizly grey hair, about five feet three inches high, with a scar on the ancle of left leg, dressed in black frock coat and pants, with a black kossuth hat, was found on a field near Eastport the other day with his throat cut and a razor lying beside his lifeless body. A man answering the appearance called at the American House, Eastport, in July, saying that he was recommended there by Mr. McFaddon, a teamster in St John. He left the house some time ago, but left his trunk behind him, and a hand-bill advertisment of a farm in the parish of Simonds, and a part in King's County, was found. This advertisement was signed by Hugh Lynch, W. D. W. Hubbard, auctioneer, and may or may not have been his. The trunk contained a black coat and pants, with a general assortment of clothing, a book of common prayer, a St. John almanac, a lady's shawl, but nothing to indicate the owner's name.

WILD CHERRY BALSAM.—The memory of Dr. Wistar is embalmed in the hearts of thousands, whom his *Balsam of Wild Cherry* has cured of coughs, colds, consumption, or some other form of Pulmonary disease.

TERRIBLE WARNING TO RAILWAY TRAVELLERS.—The American Protestant Association, or at least a large number of them, of Cincinatti, Covington, and Newport, left the city between one and two o'clock on Sunday, for Hamilton, Butler county, Ohio, to join the celebration of laying the corner-stone of the new church that is in process of erection in that city. Among the party was Mr. Henry Gerke, of Storrs township, accompanied by a female whom he had invited to partake of the enjoyments of the trip. They were there and saw the laying of the corner-stone of that church, which was to prove such a fearful remembrance to the friends of both the lady and gentleman, and then they got upon the cars with the hundreds of others to return. On the passage back the heat was oppressive, and Gerke, without any apprehension of danger, hoisted the car window, at which he sat opposite, to snuff a little fresh air, and unthinkingly put his head out. It was a fatal moment for him, as the cars just then entered a bridge, one of the side-posts of which struck him upon his head, making a complete decapitation. It was a terrible interruption to the pleasantry that pervaded the company at the time, as it was a terrible bereavement to the young lady who sat beside him, and to whom, as we learn, he was betrothed. The body of young Gerke was brought along and left at the residence of his father.—*Cincinatti Paper.*

MEXICO.—Reports from Mexico are conflicting. Some represent that a reign of terror exists, and that nothing is heard of but executions, blood and confiscations; others that order is being restored.—*Star.*

TURKEY.—A great change appears coming over this benighted county. The visit of the Sultan to France and England will doubtless tend to loosen the superstition heretofore resting on the minds of the people. Wonderful progress is being made in Christian truth in some places.

A missionary writes of a village where there is an increasing sale for the Scriptures in various languages, "It seems as if the whole village had acquired a relish for the Word of God. Opposition has entirely ceased, God having made those our friends who were formerly our bitter enemies."

The week of prayer was followed by blessed results in Turkey as elsewhere. A man of business, whose conversion dates back to that period, after he had found peace in believing, went out to the marketplace and brought into his place of business twelve or fifteen of his most intimate friends, to whom he felt that his life had been a stumbling-block, and told them of his change of feelings and purpose. He expected only ridicule, but on the contrary his narrative affected many of them to tears, and they requested him to read the Bible to them, and to pray with them and for them. Some of them since that time, come to him almost daily to talk about their souls. One missionary has charge of fifty-four out-stations, and at one of them reports nearly 400 as being present at a morning prayer meeting. One of these congregations, a poor people, pledged themselves individually to give back to the cause of God one-tenth of all they should be allowed to earn—each person offering up a prayer before signing this pledge. A native preacher reports, that on the Sabbath and during every evening of the week, he is unable to get a moment's rest. As soon as he is through one season of prayer and preaching, the people, not satisfied, beg him to go on, until thoroughly exhausted, he is obliged to request them to disperse, and come another time. Opposition is not wanting. A Mohammedan deivise has walked through the streets, calling on the faithful to beware of Protestantism; and, thanks to his efforts, the Prince of Evil, as usual, has overreached himself; such an announcement has greatly increased the sale of Turkish Testaments.—*Ex. Paper.*

BRITISH AND FOREIGN.

MADRID, Aug. 23.—A state of siege has been declared in all the Provinces in consequence of anticipated insurrectionary movements.

LONDON, Aug. 24.—The Salesburg Conference continues to engross a large share of public attention. It is rumored to-day, that an explicit understanding has been arrived at between their Imperial Majesties Napoleon and Francis Joseph not only in regard to the formation of a Southern German Confederation, but also to resist any intervention in the Eastern question. It was also agreed that the states forming South Germany should remain in Zollverein so long as Prussia abides by the treaty of Prague. In regard to Schleswig it was proposed that His Majesty Francis Joseph should interpose his good offices and that on the other hand Denmark should make considerable concessions in her demand. The Mexican question also came up for consideration. The body of the Arch Duke Maximilian is to be demanded from the Mexicans by both France and Austria, and the citizens of both Empires in Mexico are to be protected at all hazards.

ATHENS, Aug. 24.—The Greek steamer *Arcadia*, which has been so successful in running the blockade around the Island of Crete, was pursued by a Turkish man-of-war; and the crew of the *Arcadia* finding they were in danger of falling into the hands of the Turks, scuttled, and set fire to the steamer, and took to their boats. While the *Arcadia* was enveloped in flames she made a sudden lunge and plunged beneath the waves. The crew subsequently reached the shore in safety.

BERLIN, Aug. 25.—The semi-official journals of this city fiercely attack the policy of France, and denounce the action of the Emperor Napoleon in the Schleswig conference. They assert that, in spite of the denials which have been published, definite arrangements for a Southern German Bund have actually been made between Austria and the States of South Germany.

LONDON, Aug. 25.—Dispatches from the East report that a rising had taken place in Montenegro but that it was speedily suppressed, and at last accounts the country was quiet.

PARIS, Aug. 25.—Reports have reached here from Spain that an insurrection had broken out in the Province of Aragon, and that for the moment the rebels were carrying everything before them.

PARIS, Aug. 26.—M. Velpeau, the eminent physician, is dead.

An abolition Congress, composed of the leading anti-slavery men of the world, commenced a session here to day. A large number of Americans, and many representatives of the African race were present. One of the objects of the Congress is to prepare and adopt a memorial to all those Powers which tolerate human slavery within their dominions, urging the total abolition of such bondage.

BERLIN, Aug. 26.—The preliminaries for a meeting between King William of Prussia and the sovereigns of the South German States has been arranged. Baden has been agreed upon as the place of the conference, which will be held at an early day.

MARSEILLES, Aug. 26.—An arrival from the Island of Crete brings the following intelligence. While a Russian war steamer was taking on board a number of refugees on the Cretan coast, the Commander of a Turkish man-of-war which was lying near forbid any further embarkation. The Russian Commander refused to desist, and both vessels run out their guns and prepared for a fight; but Omar Pasha, the commander of the land forces, who was on shore in the vicinity, hearing of the danger interfered and prevented an engagement.

LONDON, Aug. 26.—The reports of trouble in Spain are conflicting and unreliable. Official dispatches published at Madrid and telegraphed abroad say that risings have been put down and that the insurrection is ended; while advices received from the insurgents flatly contradict these statements, and maintain the movement against the Government is going on with success and gathering strength day by day.

ST. PETERSBURG, Aug. 26.—The Russian Government has sent an order to the United States for 150,000 Berdan Rifles.

LONDON, Aug. 27.—Active preparations are being made for the speedy departure of the troops from India to rescue the British prisoners in Abysinia. Sir William Napier has been appointed to command the expedition. The last reports state that the prisoners were no longer in the power of King Theodore, and strong hopes are in consequence entertained that General Napier will succeed in reaching them in time to save their lives.

LONDON, Aug. 27.—Accounts have been received from Spain which confirms the previous reports that the insurrection in the Province of Aragon had been successful. The General who led the royal troops against the insurgents was killed. He was a nephew of Narvaez, the chief of the Spanish Cabinet.

PARIS, Aug. 27.—The Emperor Napoleon in a speech just made significantly said: "Have faith in the future. Weak Governments often seek to divert public attention from domestic troubles, by fomenting foreign quarrels. On the other hand, the Governments which rest on the nation's will have strength, and need only resort to whatever shall tend to promote the permaneut interests of the country as the means of upholding the honor of the national flag."

LONDON, Aug. 28.—The Government of Denmark has renewed its demand on Prussia in regard to the Northern Provinces of Schleswig.

Prof. Farrady, the eminent scientist, died to-day.

The new trans-Atlantic Cable from Brest to New York is to be laid in may next; the northern route has been selected as the safest and most practicable. The steamship Great Eastern has been chartered for to perform the work.

MANCHESTER, Aug. 27.—A great anti-Slavery Congress convened in this city to-day. Mr. Lloyd Garrison was present and made a speech. Other distinguished persons and several negroes also made speeches. Eulogies were passed on the Governments of the United States and Russia for their recent abolition of slavery.

UNITED STATES.

President Johnson seems determined that the people shall know that he still occupies the White House. He has succeeded in removing Mr. Stanton, Secretary of War from office. Read what the *Morning Star* says:—

"The President continues to exhibit his characteristic qualities of rashness and persistency. The laconic correspondence between him and the Secretary of War, of which we made mention in our last issue, was followed, on Monday of last week, by some of a still more positive character. The President notified the Secretary of his suspension from the exercise of the functions of his office, and ordered him to transfer at once to Gen. Grant, empowered to act as Secretary of War *ad interim*, all books, papers and property pertaining to his office. Mr. Stanton promptly replied, denying the right of the President to suspend him under the Constitution and laws of the United States, without the advice and consent of the Senate and legal cause, but he had no other alternative but to submit, under protest, to superior forces, Gen. Grant having informed him of his acceptance of the appointment as Secretary of War *ad interim*. Gen. Grant subsequently took formal possession of the War Department, Mr. Stanton retiring. It is due, however, to state, if reports can be relied upon, that there is a good understanding between Grant and Stanton, the former accepting the position assigned him only in obedience to a military order. He also took occasion in his correspondence with him notifying him of his own appointment, to pay him a most deserved compliment, saying, "In notifying you of my acceptance, I cannot let the opportunity pass without expressing to you my appreciation of the zeal, patriotism, firmness, and ability with which you have ever discharged the duties of Secretary of War." How long Gen. Grant will continue to perform his new duties is uncertain, as there are rumors of the position being tendered to various individuals; but it is certain that no one can become Secretary of War in full until the meeting of Congress, when Mr. Stanton will doubtless be sustained and reinstated in his office. Loyalists everywhere are justly indignant at the whole procedure, and this dastardly and lawless act will eventually rebound with redoubled force upon the head of its perpetrator. There is a report to the effect that one reason for Stanton's persistence in remaining at the head of the War Department, was the information he had of a plot, headed by the President, to strengthen the rebel influence at the south by arming the rebel militia under the specious plea of preserving law and order. There are also reports that the President and other members of his cabinet are not on the best of terms."

President Johnson has removed Sheridan from office in the South, against the wishes of Gen. Grant. The latter is in favor of Sheridan for the next President.

Surrat, charged with complicity in the assassination of Lincoln, has been committed to jail to await another trial. The jury after being out seventy-eight hours could not agree, and were discharged.

NEW YORK, Aug. 24.

The Fenian Convention holds its sessions with closed doors and the members are under a stringent oath of secrecy, as to the proceedings. So far Mr. Collins of Boston has presided. Delegates are present from St. Louis, Cincinnati, Boston, Portland, Philadelphia, Baltimore, and other places, to the number of about two hundred. Some movement this fall, if appearances are not deceptive, is being organized but nothing definite or reliable has yet been made public.

ST. LOUIS, Aug. 25.—A dispatch from Fort Hayes, Kansas, dated the 23d says, a courier has just arrived from Capt. Ames with dispatches to Capt. Corbin to the effect that Capt. Ames has had a severe battle with 800 Indians under Santate on the Republican River. Their village was 2 miles long.

Capt. Ames charged twice through their wigwams. The savages fought desperately. Three of our men were killed and 25 wounded, and 30 horses lost. The Indians lost severely but finally repulsed our troops.

NEW YORK, Aug 27.—Gold 141.

FOR ALL LUNG DIFFICULTIES, Johnson's Anodyne Liniment should be used upon the Throat and Chest, outwardly as well as inwardly.

It is true of most cathartic medicines now offered for sale, that they leave the bowels in a torpid costive state. Parsons' Purgative Pills leave the bowels in a healthy condition.

WISTAR'S BALSAM OF WILD CHERRY.

This remedy has long been cherished by the community for its remarkable efficacy in relieving, healing and curing the most obstinate, painful and long-standing cases o *Cough, Cold, Influenza, Sore Throat, Bronchitis, Whooping Cough, Croup, Asthma, Inflammation* of the *Lungs*; while even *Consumption* itself has yielded to its magic influence when all other means have failed. Its whole history proves, that the past has produced no remedy of equal value, as a cure for the numerous and dangerous pulmonary affections which prevail all over the land.

UNSOLICITED TESTIMONY.

From ANDREW ARCHER, Esq., of Fairfield, Me.

"About eight years since, my son, Henry A. Archer, now Postmaster at Fairfield, Somerset County, Me., was attacked with spitting of blood, cough, weakness of Lungs, and general debility,—so much so that our family physician declared him to have a "SEATED CONSUMPTION." He was under medical treatment for a number of months, but received no benefit from it. At length, from the solicitation of himself and others, I was induced to purchase *one bottle* of WISTAR'S BALSAM OF WILD CHERRY, which benefitted him so much I obtained another bottle, which in a short time restored him to his usual state of health. I think I can safely recommend this remedy to others in like condition, for it is, I think, all it purports to be—THE GREAT LUNG REMEDY FOR THE TIMES! The above statement, gentlemen, is my *voluntary* offering to you in favor of your Balsam, and is at your disposal."

None genuine unless signed I. BUTTS *on the wrapper.*

Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by Druggists generally.

Sold at Wholesale, by T. B. BARKER, St. John.

AYER'S CATHARTIC PILLS

ARE the most perfect purgative we are able to produce and, as we think, has ever yet been made by anybody. Their effects have abundantly shown to the community how much they excel the other medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart tone and strength to the whole system.—Not only do they cure the every day complaints of everybody, but formidable and dangerous diseases.—While they produce powerful effects, they are at the same time, in diminished doses, the safes and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and, being purely vegetable, are entirely harmless. Cures have been made that would surpass belief, were they not substantiated by men of such exalted character, as to forbid the suspicion of untruth. Many eminent clergymen and physicians certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that our Preparations contribute immensely to the relief of our afflicted fellow-men.

The Agent below named is pleased to furnish gratis our American Almanac, containing directions for the use of these medicines and certificates of their cures of the following complaints:

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia Gout, and other kindred disorders arising from a low state of the body, or obstruction of its functions.

Do not be put off by unprincipled dealers with other preparations on which they make more profit. Demand AYER'S and take no others. The sick want the best aid there is for them, and they should have it.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass, and sold by all Druggists and dealers in medicine everywhere.

July and Aug. Gen'l Agent for New Brunswick.
