The next anniversary of the order is to be held in St. John.

In Nova Scotia, we rejoice to hear, the order is rapidly increasing. It now numbers 16,000. New Brunswick has 6,000, and P. E. Island about 4,000. Total in these three Provinces—26,000.

☞ The Sons, Templars, Cadets, and Alliance, will hold a Union Temperance meeting in the Institute on Wednesday the 6th November.

A young man by the name of Joseph Graham, a native of Truro, Nova Scotia, was literally cut to pieces the other day by coming in contact with a circular saw in Sutton's Mills, Grand Bay.

A deaf man walking on the track near Salisbury Station, was severely injured by the train running into him. The whistle was repeatedly blown, but he did not hear it. The Railway authorities have again given notice that heavy fines will be imposed upon persons walking on the track.

The *St. Croix Courier* comes to us this week enlarged and otherwise improved. We trust our contemporary will receive a continuance of the patronage already so liberally bestowed.

☞ The Fredericton Branch Railway is a settled fact. The work is soon to be commenced. Messrs. Pickard and Burpee are the contractors. The "first sod" is to be turned somewhere in the vicinity of Fredericton on the 6th inst.

FIRE IN KNOWLESVILLE.—Between one and four o'clock on Sabbath morning last, a fire took place in Knowlesville, by which a new grist-mill the property of Mr. James Dibblee, was completely destroyed. The mill had only been in operation about three weeks. The loss is heavy to Mr. D., there being no insurance. Supposed to be the work of an incendiary.

THE ESTERHAZY DIAMONDS.—The collection of the Prince Esterhazy, recently sold in London contains many gems of extraordinary merit and association; but, to those afflicted with burns, scalds, felons, salt rheum, erysipelas, flesh wounds, ulcers, etc., a box of Grace's Celebrated Salve is of more value than precious stones.

QUEBEC, Oct. 28.—The ringleaders concerned in the late demonstration of the ship carpenters' strike, were arrested to-day. A mob of roughs, to the number of several hundred, attempted a rescue, but were driven off by soldiers. Bail to any amount was offered for the release of the prisoners, but was refused. The jail is guarded by a strong detachment of the little Brigade.

TORONTO, Oct. 28.—The run on the Banks, which has been going on here for a few weeks past, has now virtually ceased. There was but little demand for gold to-day.

BRITISH AND FOREIGN.

LONDON, Oct. 25.—Intelligence has been received from China that a great battle had been fought between the Rebellious Army of Invasion and the Tartar forces of the Emperor of China. The Imperialists were defeated. The battle took place within 30 miles of Pekin, and that city was in great danger of falling into the hands of the victorious rebels.

PARIS, Oct. 25.—The reception of the Emperor of Austria in Paris has been most cordial and gratifying. His visit is popular with the Parisians and whenever he appears in public he meets with an enthusiastic and overwhelming welcome from the people. A profound feeling of sympathy for his brother, the unfortunate Maximilian, heightens the respect and esteem with which the Emperor is regarded by all classes.

LONDON, Oct. 27.—The semi-official press are almost unanimously of the opinion that Italian affairs are worse than when the Emperor Napoleon planned the French expedition in the interest of the Pope.

The Paris *Moniteur* in an official article says the fleet at Toulon has received positive orders to sail for Civita Vecchia.

Gen. Cialdini, to whom was entrusted the formation of a new ministry for Italy, has taken decided ground against its present construction. In an official communication he says he regards the retention of Ratazzi in the Prime Ministership as conducive to the best interests of the nation.

News from Italy is startling. Despatches were received on Saturday, stating that Garibaldi was marching on Rome. His command was divided in two columns, which were taking different directions. The column under Garibaldi had arrived at Monte Rotando, only a few miles from and in sight of the Holy City.

The Papal troops were retiring slowly before the victorious march of the insurgents but contesting the ground as they retreated.

Bagnora was again captured and is now held by the Garibaldians.

PARIS, Oct. 27.—The *Moniteur* to-day says the fleet at Toulon has been kept back at the request of the King of Italy, but it has now sailed for the Italian coast because no Cabinet has been formed at Florence and because Garibaldi is menacing the City of Rome. This action of the French Government it declares is not aggressive, as both Italy and France are interested in the preservation of order and the vindication of law.—The *Moniteur* hopes that the *entente cordiale* between the two countries will not be disturbed.

A banquet was given yesterday by the Foreign Commissioners of the Exposition to the French members, at which speeches were made and cordial feelings manifested. M. Rouher, Minister of Foreign Affairs, was present, and made an important and significant speech. He alluded to the present crisis in the Italian Peninsula, and said he hoped Italy would not under the influence of bad passions be led to engage in a war with France, but that she would emerge from this great national trial purified and a friend of order.

FLORENCE, Oct. 27.—Two battles have been fought between the Volunteers under Garibaldi and the Papal troops. The first took place at Menti Rotundo, and the second was fought further south at Torrette. In both of these engagements, which were of a desperate character, the invaders were victorious, and Garibaldi has now arrived before Rome with 10,000 men under his command.

LONDON, Oct. 28.—The Fenian trials are in progress at Manchester. The trial of Grove was completed on Friday. The Jury found a verdict of Not Guilty. Mourgridge, who confessed he shot O'Donnell, was discharged after a short examination, there being no doubt in the mind of the Court that the man was hopelessly insane.

The trial of the Fenians now imprisoned at Dublin begins on Monday. Gen. Fariola has declined the service of the counsel, and will defend himself. It is reported that a man hailing from Dungarvan has turned State's evidence.

It is said that the Royal Bank of Liverpool cannot resume business, and its affairs are in a hopeless condition.

The London *Times* editorially commends the national honor exhibited by the Government and people of the United States in resolving to pay the national debt and interest in gold.

Despatches from Constantinople state that a change has been made in the administration of the Island of Candia. Omar Pasha has been relieved of command there, and ordered to the Danube, and Hussein Pasha has been commissioned to succeed Omar Pasha as Governor of the military in the Island.

LONDON, Oct. 28.—The French fleet of iron clad war vessels destined for service in the Roman waters, left Toulon under an Imperial order at 6 o'clock this morning. The troops which were designated to operate in defence of the Holy See on the occasion of the first Garibaldian alarm, and which have encamped near the town, are again in motion, and are to embark and sail for the Papal territory immediately. The French authorities are engaged in shipping war material on board of transport vessels with great activity. On Saturday the soldiers of King Victor Emanuel refused to fight against Garibaldi.

The cause of national unity in the Council of the King's Government is gaining ground. It is now considered certain that a thoroughly radical ministry will be formed whose policy will devoted to making Rome the capital of Italy.

LONDON, Oct. 28.—News has been received that a desperate battle was fought near Monte Rotonda on Friday.

Garibaldi won the victory with four battalions. He put to flight and pursued the Papal forces, taking one hundred prisoners and three guns. Many were killed and wounded on both sides.

At one time during the day reinforcements for the Papal troops arrived upon the field, and success seemed doubtful. At the end of the conflict, General Garibaldi, who led his brave volunteers in person, was completely successful. He immediately followed up his victory and defeated the soldiers of the Pope, who fell back on Rome and were pursued.

At last accounts from the South, Garibaldi, with all his army, estimated from 10,000 to 12,000 strong, had advanced to the outer fortifications of Rome. Great agitation prevailed within the city. The authorities are hourly expecting an attack from the Garibaldians, flushed with their recent victory.

Pope Pius, IX, had retired from the Vatican, and sought refuge and protection within the Castle of St. Angelo.

We never mean to lend an influence to make a reputation for a worthless patent medicine, but believe we are doing our readers and the public a favour by calling attention to Blood's Rheumatic Compound. It will relieve pain in any form.—[St. John Paper.

WISTAR'S BALSAM OF WILD CHERRY.

COUGHS, COLDS, BRONCHITIS, ASTHMA, CROUP, WHOOPING COUGH, QUINSY, and the numerous as well as dangerous diseases of the *Throat*, *Chest* and *Lungs*, prevail in our changeable climate at all seasons of the year; few are fortunate enough to escape their baneful influence. How important then to have at hand a certain antidote to all these complaints. Experience proves that this exists in *Wistar's Balsam* to an extent not found in any other remedy; however severe the suffering, the application of this soothing, healing and wonderful Balsam at once vanquishes the disease and restores the sufferer to wonted health.

Mr. JOHN BUNTO,

OF BALDWIN, CHEMUNG COUNTY, N. Y.—writes:

"I was urged by a neighbor to get one bottle of the Balsam for my wife, being assured by him that in case it did not produce good effects, he would pay for the bottle himself. On the strength of such practical evidence of its merits, I procured a bottle. My wife at the time was so low with what the Physicians termed SEATED CONSUMPTION as to be unable to raise herself from the bed, coughing constantly and raising more or less blood. I commenced giving the Balsam as directed, and was so much pleased with its operation that I obtained another bottle, and continued giving it. Before this bottle was entirely used, she ceased coughing and was a rong enough to sit up. The fifth bottle entirely restored her to HEALTH, doing that which several Physicians had tried to do but had failed."

Thou art gone to the grave, but we will not deplore thee,
Though sorrow and darkness encompass the tomb;
The Saviour has passed through its portals before thee,
And the Lamp of His love is thy guide thro' the gloom.

Nor tread the rough paths of the world by thy side;
But the wide arms of mercy are spread to enfold thee,
And sinners may hope since the Saviour hath died.

Thou art gone to the grave, and its mansions forsaking
Perhaps thy tried spirit in doubt lingered long,
But the sunshine of heaven beamed bright on thy waking,
And the song that thou heard was the seraphim's song.

AYER'S PILLS.

ARE you sick, feeble and complaining? Are you out of order—your system deranged and your feelings uncomfortable? These symptoms often the precursors of serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and drive out the humors—purify the blood, and let the fluids move on unobstructedly, in health. They stimulate the organs of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges the natural operations of that part. This, if not relieved, will result in what we call some ailing pain, producing general aggravation, suffering and derangement. While in this condition, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health.—What is true and so apparent in this trivial and common complaint is also true in many of the deep seated and dangerous diseases. The same purgative expels them. Caused by similar obstructions and derangements, they are surely, and many of them rapidly, cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Bilious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms, and Suppression, when taken in large doses.

They are sugar coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

AYER'S AGUE CURE, for the speedy and certain Cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers; indeed, for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or mineral or deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the army and the west, try it and you will endorse these assertions.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass, and sold by all Druggists and dealers in medicine everywhere.

TRINITY CHURCH.

TO THE HEIRS OF ANNEKA JANTZ BOGARDUS.

The questions asked of Mr. Kennedy and his associates and of Mr. William Linn Brown and his representatives remain unanswered, the reasons for which must be clear to the minds of all.

Mr. Groesbeeck has commenced and is determined to carry through this prosecution until a decision is reached from which there can be no appeal, and we ask the heirs to stand by him, as we believe it to be the only manner in which the rights of the respective parties can be determined.

We would recommend to all those heirs who have signed papers of any kind, to have the same cancelled as soon as possible, or they may have cause to regret it, when too late.

There will be some stranger revelations made on the trial of the cases, as it is the purpose of Mr. Groesbeeck to call as witnesses MR. KENNEDY and his associates, and Mr. BROWN and his representatives, and the *men* and the *women* employed by them, together with the Rector, Church Wardens and Vestrymen of Trinity Church.

The following was published in the *N. Y. Sunday Mercury*, of October 13th.

THE JANS ESTATE.

THE CASE BEFORE JUDGE BRADY—HARD HITS AT TRINITY PROSTITUTION SIMULTANEOUS WITH THE ESTABLISHMENT OF THE CORPORATION.

We have repeatedly urged on the heirs of Anneka Jans to unite, and abandon factious organizations, in order to have the question settled forever, whether they are the rightful owners of the great estate now held by Trinity Church. In order to do this, we would suggest that Mr. Wm. Lynn Brown, the celebrated lawyer who undertook the case twenty years since, be regarded, for all practical purposes, as a myth. If that gentleman is a stumbling block in the way of unity, he must be left out of right and out of mind, especially at this hour, when an effort is being ostensibly made to have the case tried before a Jury. It is unnecessary to dwell on the absolute necessity of co operation in this suit, which was commenced some time since by Mr. Groesbeeck, in the Court of Common Pleas. A lengthy, a complaint was made against the Corporation, which is the basis of the cause of action. It embraces novel and important points, which have astounded, for the time being, the eminent counsel engaged by old Trinity.

THE COMPLAINT AGAINST THE CHURCH.

In the complaint against the corporation, the Groesbeeck Executive Committee declare, in behalf of the heirs, that they are the true and rightful owners of the estate now held by Dunscombe & Co., and that the Rev. Dr. Dix, as head of the vestry, is merely their tenant, holding by virtue of the ancient charter the property in trust for their benefit. It further avers the historical fact that every citizen of New York, who pays "scot and lot," or who subscribes toward the support of the poor, is by virtue of the charter of William the III., entitled to vote at the election for corporators of Trinity Church; thus establishing the fact that the property belonged in common to the people of this city. The only exceptions to the rule in the charter are "Jews, Roman Catholics, and Unitarians," and these are by the old charter denied the privilege. The complaint also states that as heirs and citizens, the descendants of Anneka Jans, own, according to the will of their great ancestor, as confirmed by the treaty of peace between the English and Dutch, the property in question, and should receive legal possession thereof. The grants and wills of the Dutch being thus confirmed, they hold rightly that the treaty and its effects are inalienable, in that all laws made in favor of Trinity, to the contrary, are null and void.

A HARD HIT—PROSTITUTION SIMULTANEOUS WITH THE ESTABLISHMENT OF THE CORPORATION.

The complaint then gives a hard hit against the old corporation of Trinity, by reciting that by the charter of William the Third, the church was endowed for the purpose of preventing "vice and immorality" in this city; but that the old vestries, instead of doing so, let these lots and houses to prostitutes in Church street, a part of their estate, and the region was famous within a few years for its low brothels and the more abandoned harlots of the city.

Thus the case has at last been brought forward to the Courts. Judge Brady is expected to make a decision in respect to the complaint in a few weeks.
