OF DEATHS, that annually occur, are caused by Preventable Diseases, and the greater portion of those complaints would, if Radway's Ready Relief or Pills (as the case may require,) were administered when pain or uneasiness or slight sickness is experienced, be exterminated from the system in a few hours. PAIN, no matter from what cause, is almost instantly cured by the Ready Relief. In cases of Cholera, Diarrhœa, Cramps, Spasms, Bilious Cholie, in fact all Pains, Aches and Infirmities either in the Stomach, Bowels, Bladder, Kidneys, or the Joints, Muscles, Legs, Arms, Rheumatism, Neuralgia, Fever and Ague, Headache, Toothache, &c., will in a FEW MINUTES yield to the soothing influence of the Ready Relief.

Sudden Colds, Coughs, Influenza, Diptheria, Hoarseness, Sore Throat, Chills, Fever and Ague, Mercurial Pains, Scarlet Fever, &c., &c., take from four to six of Radway's Pills, and also take a teaspoonful of the Ready Relief in a glass of warm water, sweetened with sugar or honey; bathe the throat, head and chest with Ready Rebef, (if Ague or intermittent Fever, bathe the spine also,) in the morning you will be cured.

How the Ready Relief Acts!

In a few minutes the patient will feel a slight tingling irritation, and the skin becomes reddened; if there is much distress in the stomach, the Relief will assist mature in removing the offending cause,—a general warmth is felt throughout the entire body, and its diffusive stimulating properties rapidly courses through every vein and tissue of the system, arousing the slothful and partially paralyzed glands and organs to renewed and healthy action, perspiration follows, and the surface of the body feels increased heat. The sickness at stomach, colds, chills, head-ache, oppressed breathing, the soreness of the throat, and all pains, either internally or externally, rapidly subside, and the patient falls into a tranquil sleep, awakes refreshed, invigorated, cured. It will be found that in using the Relief ex-

ternally, either on the spine or across the kidneys, or over the stomach and bowels, that for several days after a pleasing warmth will be felt, showing the length of time it continues its influence over the diseased parts. Price of R. R. R. RELIEF, 25 cents per bottle. Sold by Druggists and Country Morchants, Grocers, &c.

### TYPHOID FEVER.

This disease is not only cured by Dr. Radway's Relief and Pills, but prevented. If exposed to it, put one teaspoonful of Relief in a tumbler of water. Drink this before going out in the morning, and several times during the day. Take one of Radway's Pills one hour before dinner, and one on going to bed. If seized with Fever, take 4 to 6 of the

Pills every six hours, until copious discharges from the bowels take place; also drink the Relief diluted with water, and bathe the entire surface of the body with Relief. Soon a powerful perspiration will take place, and you will feel a pleasant heat throughout the system.-Keep on taking Relief immediately, every four hours, also the Pills. A cure will be sure to follow. The relief is strengthening, stimulating, soothing, and quieting; it is sure to break up the Fever and to neutralize the poison. Let this treatment be followed, and thousands will be saved. The same treatment in Fever and Ague, Yellow Fever, Ship Fever, Bilious Fever, will effect a cure in 24 hours .-When the patient feels the Relief irritating or heating the skin, a cure is positive. In all cases where pain is felt, the Relief should be used.

GOVERNMENT HOUSE, OTTAWA, I Friday, 22d day of May, 1868.

HIS EXCELLENCY THE GOVERNOR GENERAL IN WHEREAS it is amongst other things enacted by the 58th section of the Act 31 Vic., Cap. 6, entitled :-'An Act respecting the Customs," that the Importer " of 'any cattle or swine, may slaughter and cure and pack the same (and if such cattle or swine are imported in the

'carcass, may core and pack the same) in bond," providing such slaughtering, curing and packing be done and conducted under such Regulations and restrictions as the Governor in Council may from time to time make for this ourpose; which said Regulations may extend to the substitution of Beef and Pork in quantities equivalent to the produce of such cattle and swine.

And whereas it has been found expedient to give effect to the said section 58, so far as regards the importation of

His Excellency in Council on the recommendation of the Honorable the Minister of Customs, and under the authority of the 58th clause of the said recited Act, has been leased to order and it is hereby ordered that the slaughtering, curing and packing of Swine in bond shall be done and conducted under the Regulations and Restrictions fol-

1st. The Importer of live hogs or swine intending to avail himself of the privilege conferred by the said section 58 of the Act hereinbefore mentioned, shall apply to the Collector of Customs at or nearest the place at which be intends importing or entering such swine, and shall furnish such Collector with a brief description in writing of the premises intended to be used as a killing pen, and curing and packing house for the purpose aforesaid; and should the Collector approve of such premises, he will constitute the same constructively into a Warehouse for the special object, and the said premises shall to all legal intents and purposes be and be dealt with as one of the Queen's Warehouses; and the Importer shall enter into and execute the usual Bond given by the owners of Warehouses placed under the Crown's lock. 2. Upon every importation of swine, the Importer shall enter the same in the usual way to be warehoused, and

fore referred to, and approved as a Customs Warehouse, where the same shall be counted on arrival, and the Importer shall give bond on each such Importation in double he amount of the duties payable under the Tariff on such importation, the condition of which bond shall be that upon the due exportation within one year of the products of the said swine converted into Pork, Bacon, Hams or Lard, the said Bond shall be and become null and void, otherwise shall be and remain in full force and virtue. 3. And whereas, the duty imposed upon swine is a specific duty on each animal at so much per head, without refereuce to weight or size, and that it is necessary in order to facilitate the balancing of the accounts of what goes into warehouse, and what comes out in another form for exportation, that a ratio should be e tablished between the weight of the live animal warehoused and the equivalent weight of the merchantable products of such animal after he has been slaughtered, -it is considered that the average weight of a live hog may be taken at 200 lbs., and that the equivalent of such live hog in Pork, Bacon, Hams or Lard is 118 lbs., that every 113 lbs. weight of Pork, Bacon, Hams or Lard taken out of the warehouse shall be deemed to represent one live hog put into the warehouse, and the

shall have the said swine taken to the premises hereinbe-

ported, should go into consumption in this Dominion, it shall be charged with a duty of \$2 as being the merchantable manufactured equivalent of the live animal chargeable with that duty on importation. 4. The teet, bones and trimmings, if not exported, shall be subject to duty on leaving the warehouse for consump tion in Canada, and every 200 lbs. weight of such feet, bones and trimmings shall be considered as equivalent to the importation of one live hog, and be as such charged with a duty of \$2 on being so entered for consumption in

exportation of that quantity of Pork, Bacon, Hams or

Lard will be equivalent to the exportation of one of the

live hogs bonded, and if the same, instead of being im-

5. With regard to the importation of swine in the carcass to be cured and packed in bond for exportation, the same shall be entered in the usual way for the warehouse, and be placed in the curing or packing house so as aforesaid constituted into a warehouse for the special purposes of curing and packing pork under the said Act, the weight of such carcasses to be duly ascertained by the proper Officer of Customs, on the same being placed into the warehouse, and bonds shall be given in double the amount of the duties accruing on the said pork, conditioned for the due exportation of the same within two years.

6. The killing pen, curing and packing houses, and all cellars and stores included in the premises hereinabove mentioned, shall be accessible at all times whilst wor shall be going on there, or at other times between sunrise and sunset, to the inspection and survey of the Collector of Customs, or of any other Officer of the Port at which the same may be situated.
