READ THIS.

New Albany, Ind., March 12, 1867. For forty years I have been afflicted with costiveness, and for the last twenty was compelled daily to resort to injections to secure an evacuation. In December last I commenced the use of Radway's Pills. After taking a few doses, my liver, stomach, and bowels were restored to their natural strength and duties. I have now a regular movement once a day, and although 80 years of age, feel as hearty and strong as I did 40 years ago.

DR. RADWAY Is in receipt of an important official document, signed by the Professors of the Medical College of Breslau, Prussia, embodying

the result of an analysis of RADWAY'S REGULATING PILLS. "The Faculty of the College state in their report that after a eareful and minute examination, they have the honor to state that "the pills are not only free from every substance injurious to health, but are composed wholly of substances and elements promotive of digestion, and certain at the same time to act favorably upon the nervous system, &c., &c. They state, further, that the injurious rumors set afloat by the Prussian apothecaries originated "in a mean spirit of trade jealousy, excited by the great celebrity attained by the Pills within

a very brief period." Signed on behalf of the College, DR. PHIL. THEOBALD WERNER, Director of the Polytechnic Bureau. DR. HESSE, First Assistant,

Count Bismark ordered a supply, and it is stated in diplomatic circles that his sudden recovery is owing to them. They are now the acknowledged Pills of the Royal Family.
