COMPOUND SYRUP

To ME. JAMES I. FELLOWS.

Manufacturing Chemist, Saint John, N. H.

We, the undersigned, have much pleasure in recommend ing your Compound Syrup. After a fair and protracted trial of the same, we consider your preparation a very valuable nervous tonie, far surpassing many others of consid orable repute, and well worthy the confidence of the profession generall

Ma. JAMES I. FELLOWS, Manufacturing Chemist.

Sin For several months past 1 have used your Compound Syrup in the treatment of Incipient Philaisis, Chronic, firon ohitia, and other affections of the Chest, and I have no hesitation in stating that it ranks foremost as ongst the remedies used in those diseases. Heing an excellent nervous tonic, it exerts a direct influence on the nervous system, and through it invigorates the body. It affords me pleasure to recommend a remady which is

really good in cases for which it is intended, when so many advertised are worse than useless. I am, Sir, yours truly, N. Z. EARLE, JR., M. D.

DEAR Sin-Having used your Compound Syrup for

some time in my practice. I have no hesitation in recom-

nending it to my patients who are suffering from general

debility, or any disease of the lungs, knowing that even in cases utterly hopeless it affords relief.

Bin-Having, while at your Establishment, carefully ex-

amined your prescription, and the method of preparing

your Compound Syrup, I felt auxious to give it a fair trial in my practice. For the last twelve months I have done

so, and I find that in Incipient Consumption, and other di seases of the Throat and Lungs, it has done wonders. In

restoring persons suffering from the effects of Diptheria, and the cough following Typhoid Fover prevalent in this

region, it is the best remedial agent I have ever used. But

eaching, or in those cases of exhaustion from which so

many young men suffer, I know of no better medicine for
