DEATH BY DROWSIG.—Two brothers, Crawford by name, aged 18 and 22 years, belonging to South Richmond, were drowned in the St. John at Rankin's landing, yesterday. The circumstances of the case make it a peculiarly melancholy one. The young men had left home with a load of potatoes for Fredericton, and while waiting for the steamer at Woodstock, went in bathing. One of them, not being able to swim, got beyond his depth; and the other endeavouring to rescue him, both were drowned. Their bodies had not been found when the steamer passed.—*Farmer.*

The last spikes on the Woodstock Branch Railway were driven on Thursday last. There is but some two miles of ballesting to be done. On the 16th instant there is to be an opening excursion trip to St. Stephen, a train leaving Woodstock at 7 A. M., getting to St. Stephen at about 12 noon; and leaving on the return at 5 P. M. Tickets down and back $1; and by payment of 50 cents extra, the passenger can get a return passage next day.—*Acadian.*

RUNAWAY.—Yesterday, about 2 o'clock, a horse belonging, we learned, to Mr. Shaw, of the firm of Price & Shaw, Portland, ran away on Prince William Street. The horse was reigned up against the Telegraph post at the corner near Mr. Scovil's Banking Office, and the man and boy who were in the carriage were thrown out. The man was considerably bruised on the arm and hip, and received a cut or scratch on the face, and the shafts and dashboard of the carriage were broken.—*Telegraph.*

DESERTERS CAPTURED.—We learn two men of the 60th deserted their post a few days ago, and that they were captured at Point Lepreaux by the look-out guard stationed there. One of them broke loose and was making good his escape when he was fired upon, the ball taking eff ct in his right shoulder.—They were brought to the city on Saturday, where the wounded man had the bullet extracted, and was lodged in the Military Hospital. The other was placed in safe keeping.—*Monday's News.*

DISTRESSING DEATHS of GIRLS BY ACCIDENT.—The Yarmouth *Herald* says:—"A serious and melancholy accident occurred at Clyde River, Saturday afternoon, 27th ult. Some five young girls left the settlement and went to a place called Little Goose Creek, emptying into the Clyde River, for the purpose of bathing. The two oldest, one named Agnes Almira, youngest daughter of Mr. Hugh McKay, sen., aged nearly fourteen years, and the other named Harriet Ann, daughter of the late Mr. James Sutherland, jr., in the 13th year of her age, suddenly stepped off into the Creek, into deep water, and were drowned. On Sunday, 29th ult., a little girl, daughter of A. W. Corbett, Esq., Annapolis Royal, fell off a wharf and was drowned."

A horse belonging to Dr. Jack, and attached to his carriage, ran away this morning. Two boys, one a son of the Doctor, were in the carriage at the time, and narrowly escaped being killed, as they were both thrown some distance in the air by the horse making a sudden turn down King Street, in front of Long's Hotel. It is almost a miracle that the boys escaped with their lives.—*Fred. Farmer.*

SAD ACCIDENT.—A young man named John Kennedy, a resident of Dartmouth, and an employee in the Tobacco Manufactory in that place, was drowned in the harbor on Friday afternoon under the following circumstances. He was in a sail-boat in company with a young man named Sullivan. A schooner proceeding down the harbor ran into the boat, upsetting it and throwing the men into the water. Sullivan succeeded in reaching the schooner safely. It is supposed that Kennedy was struck by the schooner's anchor, as he did not rise after being thrown into the water.—*N. S. Paper.*

TERRIBLE ACCIDENT.—Thomas A. Glennie, master of wrecking schooner *Simonds*, of St. John, at work on the old wreck of the *Bohemian*, at Cape Elizabeth, this morning, was in a boat firing a charge, when another charge, two gallons of gunpowder in a jug between his legs, exploded from some unknown cause, blowing the boat to pieces, and himself into the water. He was brought to the city and taken to his boarding house, and Drs. Gordon, Jordon and Dunn attended him. Three fingers of one hand were amputated, and it was found that he had received two long and deep cuts on the left knee, the fleshy part of the lower right leg was cut through the cords and muscles, leaving a ragged wound, and there were other cuts upon the right leg, foot and hip.

His face is blown full of powder, but the eyes are not destroyed. His situation is very precarious. A diver named John Stoddard, who was with him, was but little injured.—*Portland Star*, July 1.

MORTALITY IN THE FIFTEENTH REGIMENT.—The following extract from a letter dated St. George's, Bermuda, July 4th, is received through the News Room, and will be read with painful interest by the many friends of the officers and men of the Regiment:—

"Dr. Healy, of the 1-15th Regt., died at St. George's, Bermuda, from an attack of dysentery—only being ill four days. His successor is very low, and the Staff Doctor also. Six men have died, and there are sixty in the Hospital. The Typhoid Fever has just set in, and is giving the men much trouble. McMurray was just recovering from a severe attack—also Mr. Skinner."—*Tel.*

RIO DE JANEIRO, Feb. 28th 1868.

Messrs. RAYMUNDO C. LEITE & BRO.:

GENTLEMEN:—While the son of my friend Mr. Francisco de Mattos Pinrento (a large proprietor in the Cidade de Campos) was staying at my house he was attacked with intermittent fever. Immediately I sent for the very clever Dr. Tonoco, who is thought a great deal of in Campos, but the fever, instead of diminishing, turned, *continued, and typhoid*, the boy (14 years old) *could not speak*, would not take the broth, and it required a great deal of coaxing to make him swallow the medicines. Dr. Tonoco declared that there was not the slightest hope of saving the boy's life; that it would be advisable to write to his father and inform him of the state of his son's health. At that moment I thought of the well spoken Dr. Radway & Co.'s medicaments, and applied them in the following manner: One teaspoonful of Relief in a tumbler of water, dividing it in three doses a day; friction with the Relief pure on the Chest, back, and wrists; three (of Radway's) Pills every day, and well covered so that he might perspire. Second day, half an hour after meals, one dessert-spoon of Resolvent and water. In the fourth day he was able to get up from bed, to the astonishment of every one, who witnessed the miracles of Dr. Radway & Co.'s medicaments. I remain, gentlemen, your very obedient servant,

JOAQUIM PINTO FALCAO, Merchant.

Dr. Radway's Remedies are sold by Druggists and Country Merchants. See Dr. Radway's Almanac for 1868.

A RICH MINE.—We were shown this afternoon some very fine specimens of gold-bearing quartz taken from a shaft 65 feet deep, located at Lawrence town, and owned by Mr. Werner. It is quartz case in slate, partially decomposed, and specimens exhibited were the finest we have seen. This will no doubt prove to be a very rich mine, and will serve to show that the deeper a mine is worked, the more prolific its yields are, such being the case in the present instance.—*Halifax Reporter.*

A SEVERE FELON CURED.

Amesbury, March 22, 1862.

MR. GRACE:—I write to acknowledge the benefit I have received from your celebrated Salve. I was afflicted with a severe felon on one of my fingers. I tried many remedies without relief. My friends having seen your Salve advertised in the Villager, induced me to apply it. I complied with their request. In two days it extracted the inflammation from my finger so as to enable me to resume my work. I can almost say that your Salve worked like magic upon my finger, for it effected a cure without leaving a scar. I unhesitatingly pronounce your Salve an excellent remedy. I do not doubt that it will be appreciated throughout the land, for it will cure the afflicted.

Yours, respectfully,
JAMES CULLIN.

Testimony of Mr. PETER SHAW,
OF WEST WINFIELD, N. Y.

"During the winter of 1858 I was very much out of health, afflicted with a severe *Cough, Pain in the Side and Lungs*, and a general depression of health to such an extent as greatly to alarm myself and friends as to the result.—During this time I tried several highly recommended remedies, with little or no good result, and had concluded to try the effect of a Southern climate upon my health; but, before carrying this resolution into effect, I was induced by urgent solicitations of your agent, Mr. Huntley, to give *Dr Wistar's Balsam of Wild Cherry* a trial. I did so, and to my great joy found immediate and permanent relief *by the use of only one single bottle*, and I am now in as good health as ever. I believe your Balsam one of the best remedies for *Coughs, Colds*, and all *Lung Diseases*, now in use, and conscientiously recommend it as such."
