DR. RADWAY Is in receipt of an important official document, signed by the Professors of the Medical College of Breslau, Prussia, embodying the result of an analysis of

RADWAY'S REGULATING PILLS.

"The Faculty of the College state in their report that after a careful and minute examination, they have the honor to state that "the pills are not only free from every substance njurious to health, but are composed wholly of substances and elements promotive of digestion, and certain at the same time to act favorably upon the nervous system, &c., &c. They state, further, that the injurious rumors set afloat by the Prussian apothecaries originated "in a mean spirit of trade jealousy, excited by the great celebrity attained by the Pills within

a very brief period." Signed on behalf of the College, DR. PHIL. THEOBALD WERNER,

Director of the Polytechnic Bureau. DR. HESSE, First Assistant. BISMARK! PRUSSIA!! THE KING!!! Our correspondent informs us that "when this report was published, there was general joy in Breslau and Berli." In 24 hours after the great purity of this medicine was made known, there was not a box of Radway's Pills to be obtained at the agency.
