Yours, with much gratitude, Lois A. HATFIELD. We, the undersigned, friends of Miss Hatfield, have MARIAH GAVILL. MARY L. MCCORMIE.

ULCERATED CANCER CURED! Who needs better proof than the following voluntary testimony of Mrs. HANNAH BALMAIN, of Wickham, N. B. Some four years since there came a lump in my breast and at the time I did not know what it was; but on show ing it to three Doctors, they told me it was a " CANCER,' and for which the knife would have to be applied; then again, I went to a female Doctor, who has been in the ha bit of curing Cancers by drawing them out, but she informed me that it was deep in the flesh and too long seated, and therefore could not help me. Knowing that something must be done, I concluded to try your medicine, which s w advertised in the Visitor. Accordingly, I sent for a can of Gintment and Powders for making the Syrup, which I used without the slightest change at the time. Syrup of Hypophosphites, and all his other prepara. to think it was a failure, but concluded to give it another trial; consequently I procured another can of Ointment and Powders, and from its use it gathered and broke in two places, and discharged very freely for about six months, after which time it broke again in another place and one of the old Ulcers healed up, the remaining two stil emaining, one of which ran for two and a half years, the other healing up in about two months after it broke, during LIVE OIL, CASTOR OIL, BILD SEED, &c. The state, that the last Ulcer healed up about thirteen month ago, since which time I have enjoyed good health! Yes, I may say better health than I have enjoyed for years.

I remain yours, respectfully,
MRS. HANNAH BALMAIN. Wickham, Q. C., February 11, 1867.

The above was a very severe case of Scrofula of four or five years standing, and after having buffled the skill of the best Physicians and almost every other Patent Medicine, and the child appeared to be on the verge of the grave, an the parents having lost confidence in every thing in the edical line, we undertook the cure for a certain sum, and if we failed were to get nothing; but we succeeded, as we do in every case of Scrofula we undertake. Nearly the whole of the bone-from the knee to the ankle-came or in pieces from time to time. Mrs. Edwin Starratt, of Port William, Nova Scotia, after
