BARNESVILLE BRIDGE. - One day last week, owing to a freshet, the ice in Hammond river, for a mile or two above the new Bridge, broke up and drifted down, forming a jam near the Bridge, where the ice and water rose to a height of ten or twelve feet. Three sticks of timber from one of the new abutments were carried away by the ice. The Board of Works will probably give its attention to the matter immediately in order that the new structure may be thoroughly protected against the Spring freshet. The Bridge is said to be a fine structure. - Tel.

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thick-

LEMONT & SON,

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed. or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted

merely for a HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume. Prepared by Dr. J. C. Ayer & Co.,
