1866, we have now obtained for ten years a sum amounting in round numbers to $160,000 per annum, making, since I put my hand to this work, $220,000, or £55,000 a year received for Nova Scotia. Before the ten years expire, should it appear that from any cause, injustice is being done in money matters, the Canadians have now shown that they can be relied upon to reconsider the whole case and to do substantial justice.

Referring to his having been offered a seat in the Cabinet as early as August last, he says:—"I felt that it would be time enough to think of honors and emoluments for myself when I had tested the sincerity of his (the Premier's) professions to do justice to my country." Even after he was satisfied that the Government was disposed to do every justice in monetary matters, and to deal fairly with Nova Scotia in every respect, he would not take office because he knew that many of his friends still clung to the belief that the new British Government would give them repeal; and not till the despatch from the Colonial Office, declaring repeal agitation of no avail, did he consent to go into the Government. He could have accepted office with a seat in the Senate, which would not require the sanction of the people, but he says, "You trusted me, and I was not afraid to trust you," expressing himself as determined not to hold any position his constituents will not sanction.

Mr. Howe is now in the County, and proposes to hold public meetings all through it.

It is said that were it not for the interference of the Halifax Repeal League, there would be but little opposition; as it is, the League being determined to prevent Mr. Howe's election if in their power, a warm time may be expected. Considering Mr. Howe's immense popularity, however, together with the fact that the course pursued by him now is the most reasonable, and indeed the only feasible one, it will require far more than ordinary exertions to defeat him.

The following is the statement of the Revenue and Expenditure of the Dominion of Canada for the month ended 31st January, 1869:

REVENUE.	AMOUNT.
Customs,	$368,847 61

Post Office,	56,567 69
Bill Stamps,	11,947 92
Public Works, including Railways,	39,593 17
Miscellaneous,	56,046 78
Total,	$792,763 62
Expenditure,	$2,016,482 95

FIRE.—On Sunday morning, between 1 and 2 o'clock a fire was discovered in J. A. Mullin's Dry Goods Store, Prince William Street. The alarm was promptly given, and the steamers were soon at hand. However, before it could be effectually checked, the fire had gutted Mr. Mullin's shop and destroyed its contents. The body of water which the engines were compelled to use to extinguish the flames entered the adjoining store of I. & F. Burpee, and penetrating the hardware goods thickly packed on the shelves did considerable damage.—*News.*

SUDDEN DEATH.—A youth named Lyne, who has been for some time in the employ of Mr. L. L. Sharpe, Watchmaker, King street, was taken suddenly ill with vomiting on Thursday morning. Dr Walker was called, but without avail, as the poor fellow expired yesterday. The doctor pronounced the cause of his death to be disease of the heart.—*Telegraph.*

Fresh fish has been very abundant in the market slip for some weeks past. Herrings of a fair quality are selling from 15 to 25 cents per hundred, excellent codfish from 15 to 20 cents a piece.

WELL DONE.—The St. John Ladies' Bible Association, notwithstanding the dullness of the times, has this year collected subscriptions exceeding those of last year by $100.27. The sum collected for the previous year was $113.41.—*Journal.*

At the last quarterly meeting of the Saint Andrew's Society, the following resolution was passed, and ordered to be published:

Whereas, this Society has learned with profound regret the death of John Duncan, Esq., for the last forty-five years, a valued and respected member of this Society, and who during that period filled the respective offices of President, Vice-President, and Treasurer—therefore

Resolved, That this Society record with deep sorrow the loss which they as well as the whole community have sustained by the death of so estimable a man; and they hereby tender to the bereaved widow and family their heartfelt sympathy in their sad bereavement. JAMES BEVERIDGE, *Secretary.*

Lieut. Col. B. Robinson is appointed Lieut. Col. of the Regimental Division, York County; and Major J. L. Marsh, Fredericton, and Capt. Robinson, of Canterbury, were appointed Majors of the same division.

Before the Supreme Court at Fredericton, on Saturday, the case of Major W. B. Robinson against the Sheriff was argued. This was an application to the Court by the Major to compel the Sheriff to hand over the sum of $8,500 American Currency, which the Major alleges was given to the Sheriff as bail in cases against Mr. Scovil, and that he is the owner thereof and not Mr. Scovil. The Sheriff claims the right to hold the money under the warrants, as Mr. Scovil's property.—*Telegraph.*

Eight shares of the People's Bank Stock sold recently at public auction, at 32 per cent premium. Mr. James Hodge was the purchaser.—*Reporter.*

Messrs. McAdam's store in Milltown was broken into on Sunday morning last at about 8 o'clock. Some time previously the corporation store at Upper Mills, Calais, was also entered in the same way, and suspicion being directed to one Neill McKay, living some two miles from St. Stephen, on the Scotch Ridge road, a search was made which resulted in the finding of not only the goods from these stores but others also, and a set of harness stolen from Rev. Mr. Dunphy some two years since. McKay and his son have been arrested and an examination held before Mr. Justice Rose, which will be concluded next Monday. The evidence is, so far, strong against the prisoners.

St. Ann's Lodge, British Good Templars, Fredericton, celebrated their first anniversary at the Orange Hall, on Thursday evening last. The entertainment consisted of speeches, songs, and recitations, at the close of which a desert supper was served up and everything passed off pleasantly.—*Farmer.*

ADVICE FROM THE WEST.—The *Journal* publishes extracts from two letters recently received from young men formerly of St. John, now in Chicago. They both speak discouragingly of the idea of leaving New Brunswick for the West. Mr. Gilmour, formerly connected with the *Journal*, writes.

I understand there are a number of young men in St. John who intend coming out here in the spring. I would advise them, by all means, to seek some other place than this, for Chicago is now over-run with young and old seeking employment in vain. Getting discouraged, at their ill success, they may be seen hanging around billiard rooms and bar-saloons, spending their last dollar, having no knowledge where the next one is to come from and probably caring less. For men of capital or tradesmen this place presents a grand field, but it is entirely over stocked with persons of a different class.

And the *Journal* adds:

The above information may be relied upon as correct. It probably may be useful to many of our readers.

☞ Amongst Atlantic Cables, steam navigation and those progression of science and art that mark the nineteenth century, not the least useful are Dr. Ayer's medicines. They take rank among the benefactions of mankind, from the rapidity and certainty which they *cure*. Try AYER'S CHERRY PECTORAL on a cough and it is gone. What skin diseases or impurities of the blood withstand AYER'S SARSAPARILLA? —AYER'S PILLS are the perfection of a purgative—every family should have them, as almost every family does. Not a trifle to be thankful for are good medicines and the knowledge how to use them for protection from disease. These Dr. Ayer's preparations and publications furnish, and we do not hesitate to commend them.—[St. Louis Leader.

February 19, 1869.

☞ It is proposed to start a cotton factory in Yarmouth.

NEW COAL MINE.—The *Borderer* reports the discovery of a new mine of superior coal, near Spencer's Island, Cumberland County, in which Mr. C. Milner is interested. It says:—

"The vein is reported to be of good thickness, say six feet at the minimum, and as the shipping facilities are excellent, there would seem to be most promising prospects. Other residents of Sackville are interested in the enterprise.

SAD COLLIERY ACCIDENT.—On Monday last, two men in the employ of the Pictou Mining Company, were killed at the Marsh Colliery. They were coming up the shaft, when the rope breaking, the bucket fell to the bottom a distance of about 200 feet, and both were instantly killed.—*Witness.*

The *Church Chronicle* says that the Lord Bishop proposes holding confirmations in the course of this year in Halifax, and in all places in which they were held in 1866, in Prince Edward Island, as well as in Nova Scotia.

LIVERPOOL.—Capitalists and business men here are talking of establishing a Bank. A charter will probably be applied for at the next session of the Dominion Parliament.

YARMOUTH.—A steam-tug Company has been organized here: The following gentlemen are the Directors:—Samuel Killam (*President*), John W. Lovitt, J. K. Ryerson, L. E. Baker, and John Young. The Directors have contracted for a first-class powerful sea-going Tug Boat.

BRITISH AND FOREIGN.

LONDON, Feb. 11.—The Mayor of Dublin will take advantage of the first public Levee, to present to Queen Victoria the monster petition for an amnesty of the Fenian prisoners, which has been so extensively signed by the incorporatee authorities of the cities and towns throughout Ireland.

A meeting of the Chamber of Commerce of Liverpool, was held to-day to hear an address from Mr. Graves, the Conservative member of Parliament from this city.

Mr. Graves expressed the belief that the treaty negotiated with the American Minister for the settlement of the Alabama claims, was sure to be ratified by the United States Senate. He said the American claims were made with dignity, and maintained with forbearances that were fully appreciated in England. They had in consequence met the advance of the United States more than half way, and seceded from the principles which had been regarded as fur damental to the British Constitution. The result of such conduct, said Mr. Graves, forbids that party politics shall in any degree interfere with the honorable arrangements which have been made between the two countries.

At the banquet to the Ministry at Fishmonger's Hall, Mr. Gladstone remarked that the last House of Commons had been condemned by the Government of the day. The Government had been brought to the bar of public opinion on a distinct issue and the policy of the people was now most clearly defined.

LONDON, Feb. 16.—The following news, which is official, has just been received in London:—All the insurgent chiefs of Crete have submitted to Turkish authority. The island is now quiet.

Senor Olozaga has resigned his appointment as ambassador of Spain to France, and also his seat in the Constituent Cortes. Ex-King Ferdinand, father of the reigning King of Portugal, has accepted the candidature for the throne of Spain. Arrests of Carlists continue in Madrid and different parts of the country. Regiments of regulars and large numbers of volunteers are daily offering their services to the Government for the suppression of the revolt in Cuba.

The formal opening of the new Parliament, which was postponed last year in consequence of the resignation of the Disraeli ministry, took place this afternoon.

The members of the House of Commons were summoned to attend the bar of the Chamber of Peers to hear the royal speech. The Queen was not present, but Her Majesty's speech was delivered by a royal commission, and was read to the assembled houses by the Lord Chancellor. The speech is in substance as follows:—

"The Queen assures the Lords and Commons that the relations of Grert Britain with other Powers are at present on an excellent footing.

The hostilities which threatened to break out in the East, have been prevented by the Conference of great powers at Paris.

Hope is expressed that the negotiations with the United States will place on a firm and durable basis the friendship which should ever exist between England and America.

The disturbances in the colony of New Zealand are to be regretted, but the Queen is sure that prudence and moderation on the part of the government will prevent a recurrence of such unhappy events.

The continued suppression of the Writ of Habeas Corpus is regarded as unnecessary.

The ecclesiastical arrangements for Ireland are to be considered by Parliament. The legislation for their final adjustment will make large demands upon the wisdom of both Houses.

On this subject the Queen concludes as follows:—I am persuaded that careful regard will be had to the interests involved and to the welfare of religion, and that through the application of the principles of equal justice to the question before them Parliament will secure the undivided feeling of the people of Ireland on the side of loyalty and law, efface the memory of past contentions, and cherish the sympathies of an affectionate people."

LONDON, Feb. 17.—Considerable excitement was created in Madrid on Monday by an unsuccessful effort to assassinate Gen. Prim. Three arrests have been made. Popular demonstrations have again been made in favor of the freedom of religious worship, and also for the abolition of capital punishment.

M. Walewaski has reached Paris on his return from Athens, with the reply of the Greek Government to the resolution of the Conference. The Conference will meet again, to receive the response of Greece.

UNITED STATES.

The Small Pox is said to be raging fearfully in California. A correspondent of the *New York Times* writes from San Francisco that "the streets are filled with funerals. The Chinese have suffered terribly. Their native doctors have neither experience nor common sense in the treatment of the small pox, and as a natural consequence three out of every five of their patients run into eternity. But the ravages of the epidemic are not confined to San Francisco. Nearly the whole State is infected, and some towns have been decimated by the pestilence. In Gilroy and Los Anglos the disease has been fatal beyond precedent. In some cases vaccination seems to have entirely lost its power. At San Juan, out of a population of one thousand, four hundred were taken down with small pox, and of these, one hundred to sixty have died. Throughout the State, the mortality has been unprecedented."

A fashionable New York lady, recently, in the course of two months, ran up a bill of $22,000 at Stewart's dry goods store.

Thirteen homicide cases have been tried before one court in Philadelphia since the 24th of November.

NEW YORK, Feb. 16.—A Montreal despatch of last evening says another heavy storm began there last night and still continues. The railroads are again blocked up.

The following is Gen. Grant's reply to the Committee of Congress, appointed to notify him of his election as President:—"*Gentlemen*, please notify the two Houses of Congress of my acceptance of the important trust to which I have been elected, and of which you have just notified me, and to say to them that it will be my endeavor to so discharge it that they and those who elected me shall have no reason to regret their action."

NEW YORK, Feb. 16.—An immense mass meeting of citizens in favor of the freedom of Ireland and the liberation of American citizens held prisoners by England, took place last evening in Cooper Institute Mayor Hall presided.

The remains of the assassin Booth have been given up to his friends by direction of the President, removed to Baltimore, and buried near the grave of his father.

A Havana despatch, dated to day, says Gen. Dulce continues active measures. Permission to carry arms has been revoked, and all arms have been ordered to be delivered to the Government within four days.

NEW YORK, Feb. 17.—Gold quiet—unchanged. Money 7 per cent.

We noticed in one of our exchanges this week the statement of Dea. John Hodgkins, of South Jefferson, Me., whose son was cured of incipient consumption by the use of *Johnson's Anodyne Liniment.* We refer to this at this time as tending to corroborate the statement we made last week in relation to this Liniment as applied to consumption.

If Congress had employed as much scientific skill in the arrangement of its "Reconstruction Policy" at the close, as the War department did in the beginning of the war, in arranging for the manufacture of what was called *Sheridan's Cavalry Condition Powders* for the use of the Cavalry horses, no doubt the Union would have been restored long ago.—*Exchange.*

DEATHS.

At Portland, on Sunday, 14th inst., of consumption, Jas. E. Fitzgerald, in the 32nd year of his age, son of the late Capt. John Fitzgerald.

On the 11th inst., of consumption, Harriet Julian, aged 18 years, eldest daughter of John and Maria A. McMorran.

On the 8th Feb., at the residence of his son-in-law, Moses Daw, Dr. Jacob A. Comings, aged 78 years, 9 months and 19 days, leaving a wife, 4 children, 35 grand children, 14 great grand children to mourn his loss, but not as those without hope.—Communicated by his daughter, Lydia S. Daw.

At Tracey's Mills, Bhasville, S. C., N. B., Feb. 3rd, Robert McGee, aged 43 years. Deceased was a native of Scotland; has been in this country about fifteen years. He leaves a wife and 7 children to mourn for him; his sickness was short and painful. He was a member of the Church of Scotland.

At Bl'asville, Feb. 3rd., Mary, wife of R. T. Knight, aged 45 years. She died trusting in the merits of the Redeemer for a life beyond the grave. She had been for a number of years a member of the Presbyterian Church. May the grace of God sustain the husband and children under their great affliction!—*Com.*

At Greenfield, Jan. 7th, Andrew Kinney, in the 77th year of his age, leaving nine children, thirty two grand children, and eight great grand children to mourn his removal. Death had its commission, and with unceasing tread marched on until the beloved one was torn from our embraces. Yet looking forward to the resurrection with hope, when he with all that sleep in Jesus will be made immortal to die no more:—

Peaceful be thy silent slumber—
Peaceful in the grave so low;
Thou no more will join our number,
Thou no more our song shall know.

Dearest father thou hast left us,
Here thy loss we deeply feel;
But 'tis God that ha bereft us,
He can all our sorrows heal.

Yet again we hope to meet thee
When the day of life is fled;
Then in heaven with joy to greet thee,
Where no farewell tear is shed.

LERAS PHOSPHATE OF IRON.—This new preparation differs from all others, being liquid, colorless, and entirely free from the taste or smell of iron. It promptly cures chlorosis, stomach complaints, impaired digestion, dysmenorrhœa, and anæmia. It is an excellent substitute for carbonate of iron, iron reduced by hydrogen, Vallet's Pills, lactate of iron, pills of Potassio, tartrate of iron, and those of iodide of iron, commonly known as Blancard's Pills. It is the only preparation of iron which never causes constipation. ROBINSON BROS.,
