

THE RELIGIOUS INTELLIGENCER.

Young Men's CONVENTION.—We are happy to learn that the Young Men's Christian Association is actively engaged in completing its arrangements for the Convention, to be held on the second Thursday in October. The meetings of the Convention, we understand, will be held in St. David's, the Centenary, and the Brussels Street Churches. The delegates will be amply provided for by the members and friends of the Association. A large attendance is expected from the various parts of this Province, the sister Provinces and neighboring States.

We hope the ministers are cordially responding to the circular which invites them that they will send forward active young men, and by every means in their power heartily co-operate with the Association in the object of the Convention. We believe the following excellent subjects, among others will be discussed:—The best method of organizing and sustaining Young Men's Christian Associations; How the Church and Young Men's Christian Associations can best mutually aid each other; What are the causes of apathy in young men towards Religion; and characteristics of Christianity in daily life.

We sincerely hope that the whole Christian public will manifest a decided interest in the proposed Convention, and much practical good may result in the formation of kindred associations wherever expedient, and in stirring up in the hearts of all an anxious desire to promote all efforts put forth for the spiritual and intellectual improvements of our young men. Delegates will be able to travel to and from the Convention at one rate of fare.

Harper's Monthly for September, for sale by J. & A. McMillan, presents a promising table of contents. Photographs from the High Rockies; The Eye and the Camera; A Health Trip Brazil, and an Author's Memories of Authors, are all interesting reading.

The Sept. number of *Good Health* is all that the first number promised the publication would be. It is a journal of physical and mental culture, containing good articles on various subjects which every family would be the better of understanding. Published by Alexander Moore, 21 Franklin street, Boston. Price—\$2.00 per annum—single numbers 20 cents.

STREET RAILWAY.—The operations on the Street Railway have now reached as far as the corner of Prince William and Duke Streets. In two weeks the cars will be running from terminus to terminus.—*Telegraph.*

All the lights on the St. John River are now in operation, and were lighted for the first time on Monday night.—*Telegraph.*

An inquest was held before Coroner Earle on Tuesday morning, over the body of Mary Jane McCarty, run over on Saturday by a horse and driven by John Henderson. The following verdict was given: "that deceased came to her death from injuries received from a horse and driven." From the evidence given, the jury thought that the driver was not to blame.

Mr. Matthew White, living at Sand Point, was drowned at Red Head on Saturday afternoon. He, with his wife, brother and some other parties, left their residence in the morning to go berrying at Red Head. When they arrived there the tide was low, and they anchored their boat, which, on their return from berrying, they found could not get without another tide, the tide having risen. An old punt was on the beach, which White and another of the party launched, but when about half way to the boat, the punt swammed, and before assistance could be rendered White was drowned. The other party swam ashore.—*News.*

The Grist and Carding Mills of Mr. Roberton, Waterford, were totally destroyed by fire on the morning of Thursday last. The cause of the fire is unknown. The loss is estimated at six or eight thousand dollars, and the insurance was but \$2,000; of which, the "Liverpool and London and Globe" had \$1,600, and the "Queen" \$400. Mr. Blair, the lessor of the Grist Mill, lost a large quantity—some four hundred bushels—of grain, and his books. A large quantity of wool, belonging to various persons, was burned.—*Advertiser.*

HALIFAX, Sept. 1.—The ball last night was a brilliant success. The number of Dances on the programme was twenty-one. Admiral Mundy and General Doyle were present. The Prince took part in nearly every dance. The party broke up at 3 o'clock. While the Ball was going on the Province Building was surrounded by an immense crowd. A vast number of persons attended the Pic-Nic to day. The Prince was entertained by the Mayor and a Committee given by a Friend. The Twilight Procession. The Empress Homes were also brilliantly and tastefully illuminated. Tomorrow the Prince goes Moose-Hunting. The Champion belt in the Scalp Race to day was won by Glazebrook. The contest was a very tame affair. The Prince telegraphs daily to his mother that he is delighted with his reception and progress in Nova Scotia.—*News.*

The astonishing cures effected by Dr. Wilson's Pulmonary Cherry Balsam throughout this continent, have won it its present favor. It is composed of such wonderful healing ingredients, that in Pulmonary disorders it proves irresistible. No one can deny that a neglected cough often ends fatally; then be forewarned; relief is within your reach; fatal consequences may ensue; a life of misery, a daily, hourly struggle for existence; a contest in which there can be but one victor—death. Then why delay. Dr. Wilson's Balsam is everywhere and anywhere attainable, and is at once ready for use, and cannot harm any constitution.

You wish to curtail your medicine bill and retain your health? Use Dr. Wilson's Fauly Anti-Tussic Pill. They are adapted to man, as well as having its origin in impure blood, and it can be scarcely necessary to remind the reader, that the purity of the blood determines every person's health and vigor.

Dr. Dow's Sturgeon Oil Liniment, by its penetrating powers over all pains that can be reached by outward application, has been attended with unparalleled success over all diseases of the horse, that can be cured by the use of a Liniment.

Professor Clark has always ranked as the very first of our Veterinary Surgeons, and that science, owes much to his scientific researches and skill, but his Derby Condition Powder comes nearer to perfection than anything we have seen. When given to horses they produce an almost magical effect by increasing the appetite, producing a healthy circulation of the digestive organs, purifying the blood, causing an equal circulation, and impart a renewed and vigorous constitution.

ACCIDENT.—There was an explosion in Dr. Ayer's Laboratory, yesterday, which caused some excitement in the vicinity. Ayer's Pill, are manufactured under an enormous pressure, in cylinders, like cannon, which sometimes prove too weak for the compressed forces, and burst with terrific violence. Fortunately the pieces do not fly, so that no one has ever been hurt by them. The action is more like ice than powder, but it makes Pills which all the world acknowledge are Pills.—[Daily Journal, Lowell.]

MONTREAL, Sept. 1.—The Shoemakers here have struck for 20 to 50 per cent higher wages. Many employers, having taken Fall orders at old rates would hold out if they acceded to demands now made, and refuse.

SEVENTH DISTRICT MEETING.—The Churches comprising the Seventh District Meeting will please to particular to send by their delegates their full statistics, names, &c., Date of formation; &c. of church members. No is Sabbath School. It is very desirable that the records should be sent to the District may be represented constitutionally, as provided by revised Constitution. The Session will be held with the church at Beaver Harbour, commencing third Saturday in September, at 10 o'clock, A. M.

W. PETERS, Clerk District.

NOTE.—Rev. A. Taylor informs me that over a million people will be on the Harvard and Oxford boat race.

Harvard won the two races, and got the silver, making forty five strokes per minute, and Oxford a forty; kept the lead half a boat's length for three eights of a mile. At Chiswick boats were even, and it was evident that the race was telling on Harvard's. Oxford's obtained lead of two lengths, where Harvards held them for a half mile, when they fell behind, and Oxford's, pulling thirty-eight strokes a minute were three lengths ahead at Barnes Bridge, three and five-eighths miles pulled. Harvards were enthusiastically received at the finish. Oxford's won by four lengths.

London, Aug. 29.—The judge says there was only half a length of clear water between the Harvard and Oxford boats at the finish.

Paus, Aug. 27. The Emperor Napoleon's health is improving.

BRITISH AND FOREIGN.

LOSSES, Aug. 27.—It is stated that over a million people will be on the Harvard and Oxford boat race.

Harvard won the two races, and got the silver, making forty five strokes per minute, and Oxford a forty; kept the lead half a boat's length for three eights of a mile. At Chiswick boats were even, and it was evident that the race was telling on Harvard's. Oxford's obtained lead of two lengths, where Harvards held them for a half mile, when they fell behind, and Oxford's, pulling thirty-eight strokes a minute were three lengths ahead at Barnes Bridge, three and five-eighths miles pulled. Harvards were enthusiastically received at the finish. Oxford's won by four lengths.

The next session of the Sixth District Meeting, will be held with the church at Upper Sussex, the first Saturday in September, 1860. Ministering brethren from other districts invited to attend.

JOHN PERCY, Chairman.

A Miss Tinne and her attendants—English—have been murdered in Algiers by their own camel drivers. Lison, Aug. 29.—The King of Portugal closed the Cortes with a speech from the Throne, in which he gave assurance that the Ministry would use all exertions to improve the resources of the country, and that the independence of Portugal would be preserved.

LONDON, August 29.—The Times to-day says Napoleon is certainly ill. Though some spoke of imminent danger, there was the utmost uneasiness in Parisian society, and on the Bourse.

The Empress has arrived at Corsica on her eastern tour.

The Chinese Embassy depart for St. Petersburg on the 12th September.

At Barcelona a movement is on foot to make Marshal Serrano King of Spain.

Cen. Brubo has been appointed Lieut. Governor of Cuba.

The Epoca says that the most probable candidate for the Spanish throne is Augustus of Portugal.

The Committee intend ordering the Stone so soon as sufficient means are at their disposal.

The monument will be erected, but its value will depend upon the liberality of the contributors.

ELIAS SHEPHERD, E. C. FREEZE, GPO. F. AERTHON, Committee.

(f) NOTICE.

The Free Baptist Conference of Nova Scotia will hold its annual session with the Free Baptist Church at Beaver River, Yarmouth county; commencing on the second Thursday, Sept. 9th, 1860, at 10 o'clock, A. M.

The ministers and deacons of all the churches, who have not done so the present year, are requested to give special attention to the collection of the Conference Dues, and forward the same to the Treasurer, Bro. Jonathan Smith, at Barrington, before, or at the time of the Conference.

J. L. PORTER, Clerk.

SECOND DISTRICT MEETING.

The next session of the Second District Meeting, will be held with the Church at Upper Peck, on the last Saturday in September, at 10 o'clock, A. M.

It is necessary that all the Churches will send by their delegates statistical reports—date of formation, number of church members, number in Sabbath-school; and that it is desirable that the reports be as concise as possible.

S. L. CHURCHILL, Clerk.

RELIABLE SERVICES.

Free Baptist Church, Waterloo Street, Rev. Jacob Gunter, Pastor.

Preaching on the Sabbath at 11 o'clock, a. m., and 6 o'clock, p. m.

Social meetings every Wednesday and Friday evenings at 6 o'clock. Strangers visiting the city are cordially invited to attend.

Preaching in Hamm's Hall, Indian Town, by Rev. Jacob Gunter, every Sabbath afternoon at 3 o'clock.

Free Baptist Church, Carleton, Rev. G. A. Hartley, Pastor.

Preaching on the Sabbath at 11 o'clock, a. m., 3 o'clock and 6 o'clock, p. m.
