speech denouncing in unmeasured terms the proposed cession of Canada, and asserting the belief that, if ever separated from the Mother Country, it would be as a separate nationality.

Sir John Macdonald said House and country owed a debt of gratitude to the mover for calling for this correspondence. It extended over a considerable period, and would show that not only had the Canadian Government fully discharged its duty towards the United States during the war, but the latter Government had repeatedly acknowledged the fact, and that whatever difficulties were pending or might arise between the United States and Britain, Canada was honorably clear of any charges.

The Government speakers were repeatedly applauded, but discussion did not meet general expectation.

OTTAWA, April 27.—In the House of Commons, yesterday afternoon, Hon. Mr. Galt made a great speech in support of his motion relative to the Fenian raids as giving grounds for a claim against the United States by Canada. He added to his motion a request that the correspondence between Canada and the United States during the late rebellion, together with all the orders in Council, be given to the House. He defended at great length the course of England and Canada, and referred to the late rejection of the Alabama Treaty by the American Congress, regretting the lack of disposition on the part of the United States, to do away with ill-feeling on the subject. The course of Canada he asserted, had been one of friendship, and they had frankly fulfilled all their duties towards their neighbors. He then referred to the course adopted by the United States relative to the Fenian invasion of Canada, and said the Fenians entered the Province in armed bands by thousands, and not from any want of will on their part, but simply for want of power they failed to deluge the western peninsula with blood. When the invasion was overthrown, and not till then did the United States Government stretch out a hand to help Canada. Was there no ill justice here? Were not these claims quite as strong morally, as any the United States Government could bring against Great Britain? Having noticed the unfriendly attitude of the United States Government, Mr. Galt went on to say that if there was any meaning in their acts, it was that they desired so make the condition of Canada difficult, unpleasant, and dangerous to England and Canada. The United States repealed the Reciprocity Treaty, refused to negotiate for its continuance; imposed additional restrictions of commerce, and judging by the tone of the Press were likely to persevere in so doing.

The purpose of the United States Government appeared to be declared by the desire to bring about the humiliation of England through her dependencies on this Continent, but he did not believe the plan would succeed. England would not for a moment give way, and the people of Canada would sustain her to a man. Having repudiated the idea that the policy of Great Britain toward the Dominion was one of abandonment, Mr. Galt closed amid loud cheers.

Rev. Mr. Johnson, of Hull, Episcopal, has been appointed Chaplain to the Senate.

On report of committee of the whole on resolution respecting agreement with the Great Western Railroad, Oliver objected to the reduction, which showed a large a loss. He could not see sufficient reason for giving up a portion of this debt when Government were so much in need of funds that they were borrowing from individuals and using Intercolonial money.

Rose defended the justice of the arrangement, and McKenzie also expressed the opinion that the Government had been sufficiently exacting in dealing with the Company.

Resolutions passed, and bill to give them effect introduced.

In the house of Commons to-day, Mr. Keeler asked whether the Gov't intended to enforce similar taxes and duties upon American vessels trading at Canadian Ports as are levied in Canadian vessels trading at American Ports. The Hon. Mr. Rose said the matter was under consideration. Gov't does not pledge itself to any particular line of policy.

In reply to a member Hon. Mr. McDougall said it would be impossible to supply the Welland Canal with water from Lake Erie till August.

Mr. Coffin inquired whether the Government intended to place an armed force on the coast of the Dominion to prevent American fishermen from fishing in Canadian waters during the coming season. The Premier said that he understood that the Admiral in Canada had a considerable armed force on the ground for the purpose of protecting the fisheries, but desired Mr. Coffin to allow the question to stand.

OTTAWA, April 28.—Messrs. Anglin, Alward and Stockton arrived to-day. Bank President Lewin also here.

The annual meeting of the Dominion Rifle Association takes place at Ottawa on the 5th May.

Yesterday four of the Criminal Bills were passed in committee. To-day Gray gave notice that he would move an amendment to give accused privilege of being examined in his own behalf in criminal cases.

In reply to Burpee, McDougall stated that papers relating to Bay Verte Canal were under consideration by Chief Engineer Page, of Public Works Department, and would be laid before the House in a few days.

Banoit asked whether fortifications at Montreal would be commened this year. Cartier replied that they could not be proceeded with until Imperial guarantee of loan was passed.

On second reading of Mills' bill to prevent dual representation, a discussion arose. Cartier, Blanchet, who moved six months' hoist, Masson, Chamberlain, Jackson, and Chauveau speaking against the bill, and Mackenzie, Cheval, Bodwell, Young, and Huntingdon in favor. House rose at six, and resumed at seven, Sir John speaking against bill.

Estimates to be submitted on Friday.

☞ Our readers will observe that we rarely praise patent medicines, and that we advertise only the very best of them. But now, the remarkable recovery of Mrs. Rice, of Canastota, from her distressing and almost helpless scrofulous disease, which is known throughout the community, and unquestionably the effect of Ayer's Sarsaparilla, leads us to publish without reserve the remarkable efficacy of this medicine. We do this in the interest of the afflicted. Any remedy which can so effectually "raise one from the dead," should be universally known; and we wish it may be universally as successful as it has been in the case of Mrs. Rice.—[Daily Journal, Syracuse.

Our experience of Dr. Dow's Sturgeon Oil Liniment is, that persons who try it once, come back again for more, as it gives them every satisfaction. It is every day becoming more and more popular.

Pain is the result of disease. Dr. Wilson's Cramp and Pain Reliever acts by assisting nature to overcome the disease, and therefore may be relied upon as a pain relieving agent.

BRITISH AND FOREIGN.

LONDON, April 24.—In the Spanish Constitutionel Cortes yesterday Senor Oreng, of the Republican deputies, introduced a measure calculated to forever exclude all the Bourbons from the throne of Spain. An amendment was proposed and carried by the majority, whereby the ex-Queen Isabella and her children only are excluded.

Senor Tecrilla introduced a bill for the promotion of general education.

Senor Figuerola, the Minister of the Finance, proposed the negotiation of a treaty of commerce with Great Britain.

At the opening of the session of the Diet yesterday, Francis Joseph, King of Hungary, made a peaceful address. He said that there was much important legislation to be accomplished. The internal reforms of the country he said required the concentration of the entire power of the nation and the good sense and moderation of the people.—The relations between Austria and the other powers of the world afford a peaceful prospect. In concluding, he reminded the representatives that it was their duty to carry out important reforms.

LONDON, April 25.—It is rumored that the Government will adopt a new and bold policy as to the Spanish Cuban question. Belligerent rights are to be conceded to the Cuban insurgents, assistance rendered, and the independence of the Island assured.

This it is argued will prevent annexation to the United States, and give a show of consistency in the Alabama claims and Belligerent rights question now pending with the American Government.

LONDON, April 26.—The House of Commons to-day in Committee resumed the consideration of the bill for the disestablishment of the Irish Church. Mr. Jonathan Pim, a member for Dublin City, a liberal, moved to amend the 25th clause of the bill by striking out the sections in which provision is made for the maintenance of certain Church Buildings as national monuments. Mr. Gladstone accepted and supported the amendment. After a discussion of some length the House divided with the following vote;—For Mr. Pim's amendment, 232; against 131. Majority 101.

LONDON, April 27.—Despatches from Bombay announce the pacification of Cabool. The Afghan Chieftains have given in their allegiance to Shere Alli the present Ameer, and the son of the deposed Ameer of Cabool has fled from the country, and it is belived that no further effort to disturb the reigning Prince will be made.

LONDON, April 28.—The Governments of France and Belgium have agreed to appoint a mixed Commission for settlement of commercial questions.

UNITED STATES.

NEW YORK, April 24.—A terrible accident occurred on the Long Island Railroad near Jamaica yesterday, by which six persons were instantly killed and fifteen wounded. Among the killed was Wm. C. Kushmore, President of the Atlantic National Bank, Brooklyn.

NEW YORK, April 26.—Advices from Nassau state that active military preparations are in progress; the forts are being strengthened and garrisons reinforced in anticipation of possible complications arising from the recent imbroglio with the Spanish officials at Havana relative to the outrages committed on British vessels. The patriot Quesad's brother and Cespede's son are both at Nassau.

A demand has been received from Captain Gen'l Dulce at Cuba for the surrender of the pirates who captured the steamer "Camanditario," and for giving up other alleged enemies of Spain. That his demand was refused by the British Governor of New Providence, and the matter referred to London for settlement. The Governor of New Providence has also instructed the Lighthouse keepers to prohibit the approach of foreigners.

A steamer was sunk in the Missouri River yesterday morning near Sioux City, and while sinking her boiler exploded. She had on board a number of discharged soldiers, fifty of whom are reported lost.

NEW YORK, April 27.—The Fiftieth Anniversary of Odd Fellowship in the United States, was celebrated by imposing public demonstrations and social festivities by the Order all over the country.

The floods in Canada are subsiding. The water in the Grand River receded rapidly yesterday, leaving the track of the Grand Trunk Railroad perfectly clear.

NEW YORK, April 28.—The money market continues well supplied, and rates easy. Gold closed at 133¼.

We have often wondered whether there is a person in all New England who does not know and appreciate the value of "Johnson's Anodyne Liniment" as a family medicine? It is adapted to most all purposes, and it is the best pain killer that can be used.

Farmers and stock raisers have frequently told us that they have seen very good results from giving "Sheridan's Cavalry Condition Powders" to cows and swine before and after they drop their young. The Powders put them in good condition, and give hem strength to care and provide for the sucklings.

AUTHORIZED discount on AMERICAN INVOICES until further notice, 24 per cent.

R. M. S. BOUCHETTE,
April 29. Commissioner of Customs.

GOVERNMENT HOUSE, OTTAWA,
FRIDAY, 9th April, 1869.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON the recommendation of the Honorable the Minister of Customs, and under the authority given by the Act 31 Vic. Cap. 12, Sec. 58, intitled: "An Act respecting the Public Works of Canada," His Excellency has been pleased to order, and it is hereby ordered, that from and after this day the rate of toll payable on Ice passing through the Welland Canal, shall be, and the same is hereby reduced from twenty cents to five cents per ton—such reduction to cease and determine after the expiration of the current year, when, unless otherwise ordered, the existing toll of twenty cents per ton shall revive and continue in force thereafter.

WM. H. LEE,
April 22. Clerk Privy Council.

GOVERNMENT HOUSE, OTTAWA,
FRIDAY, 9th April, 1869.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS under the Tariff of Canal Tolls adopted and established by order in Council of the 15th day of April, A. D., 1863, Peat is subject to the high rates of toll imposed thereby on unenumerated goods and merchandize, which are placed in the 6th class of that Tariff—

And whereas it is expedient that Peat, which is now an article of traffic in Canada, should be placed, as regards Canal tolls, on the same footing as Coal, and rated in the 3rd class of that Tariff—

His Excellency in Council, on the recommendation of the Honorable the Minister of Customs, and under the authority given by the 58th section of the Act 31 Vic., Cap. 12, intitled: "An Act respecting the Public Works of Canada," has been pleased to order, and it is hereby ordered, that from and after this date, Peat shall be, and it is hereby placed in the 3rd class of the Tariff referred to, and subject to the payment of the rates of Canal toll prescribed for articles enumerated in that class.

W. H. LEE,

NEW SABBATH SCHOOL BOOK.

JUST PUBLISHED.—"THE MORNING STARS," a book of Religious Songs for Sunday Schools and the Home Circle. The authors believed that by recourse to the Folk Songs of Germany—a rich mine of sweet and simple melodies hitherto but little worked—music at once very easy, very attractive, beautiful and of high order, might be placed in the hands of children; and from a careful examination of about four thousand of these German Folk Songs the present collection has been culled. Great pains has been taken to put the music into proper keys, for children's usage. It is our experience that music for children is very generally written too high. A child's voice should seldom be carried above D; and as a rule, it cannot be maintained for a number of bars on C or D without flatting. Accordingly, we have so selected the keys that only a very few melodies, in which it was impossible to avoid it, will be found to run above D, in any part of them.

Price in Boards, 35 cents; Paper, 30 cents. Sent post paid on receipt of price.
