The discovery of gold-bearing quartz at El River Mills, by Mr. David K. Thomas, the owner of the land, is exciting a good deal of interest in the community. The *Advertiser* says:—

"The main vein of quartz, where it makes its appearance on the surface is from twelve to fifteen inches in thickness. The place has been visited by a number of persons during the week, and number of samples of the quartz have been brought away by individuals. Many of these give unmistakable evidence of the presence of gold in considerable quantities. Of the richness of the quartz which appears to the eye there can be little doubt; and should the vein prove upon inquiry to be extensive, and prospect of the discovery being valuable appears to be good. These points, however, can be ascertained only by experiments which, we hear, Mr. Thomas has caused to be commenced by a practical miner."

The *Farmer* reports two fair dunsels of the Celestial City as having conceived the idea of leaving home and friends to try their fortune in the neighboring Republic. By false representations, they prevailed upon Messrs. Golding & Vanant to lend them a horse and buggy, to go a few miles into the country, but instead of returning, as they had promised, they hastened on until they arrived at St. Stephen. Unfortunately for the expedition, the telegraph was in advance of them, and they were compelled to go into close quarters.

Good Fakes.—The fishing vessels which have arrived at Argyle and Public wharves within the last week have obtained large takes. The following are reported:—Ottawa, 600 qrs.; Gen. Doyle, 750; Boadicea, 900; Island Gem, 700; Jonathan, 900; Serene, 1000. The above vessels were sent out by Messrs. Ryerson, Mores & Co. We are glad to learn that the accounts from the fishing grounds generally are very satisfactory, and that our hardy fishermen have the prospect of a highly successful season.—*Yarmouth Herald*.

The crops in Nova Scotia are highly promising. A great abundance of the wheat department is expected from present indications.

Mr. McLean, late M. P. for Colchester, has been appointed Senator in place of the late B. Weir. Mr. McLean is also appointed Commissioner of the Intercolonial Railway for Nova Scotia.

FIRE IN KESWILL.—A despatch to the *Express* says, at about half-past three o'clock on Wednesday morning, a fire broke out in a building owned by Daniel Moore, and occupied by T. L. Dodge as a flour store. Store and goods entirely destroyed. No insurance. The fire spread itself to the adjoining house of Geo. D. Masters, and notwithstanding all efforts made to subvert it, the house and contents of the furniture were consumed. No insurance.

MONTREAL, July 7.—Letters from Jeff Davis, now in Paris, render it doubtful if he will be able to permit travel, but he will spend the summer in Canada.

All the Government stores at Chatham, and the detachment of Royal Canadian Rifles, have been ordered to Montreal.

All of the military stores in the garrison at St. John are to be sent to Halifax.

Sir John Young and suite arrived at Quebec this morning, and had an enthusiastic reception. The streets were lined with evergreens, and the houses decorated with bunting. The Parliament House has been fitted up for a Grand Ball and Dinner to His Excellency.

Mythen Paul Dietrich, of Milwaukee, feeling his earthly tabernacle surrounded with troubles to be expelled, decided, after full inquiry and explanation, to employ Ayer's Pills. In his haste to purify his stomach, he mistook the directions, 2 to 7, and swallowed 27 for a dose. This created of course an appalling internal rebellion. But Paul went through the fight like a hero, and came off victor at last with a renovated system, which he proudly exhibits as proof of the wisdom of his choice. He advises every body to take Doct. Ayer's Pills, but kindly advises his friends who are ambitious of following his example, to "be sure and take the right lot."—(*Minneapolis Telegraph*, June 25, 1869.)

Dr. Dow's Sturgeon Oil Liniment is much esteemed among horsemen as a most valuable remedy for contracted sinews, wind-galls, sprain-halt, &c., &c., and it never deceives.

It is no humbug and requires no puffing. Use it and it will speak for itself. Professor Clark's Derby Condition Powder are the very best article of the kind in use; so say farmers, livery men, stage proprietors, and others.

BRITISH AND FOREIGN.

The Irish Church Bill is working its way through the House of Lords, and in despite of Lord Derby and others of like faith.

John Bright and William E. Foster have resigned their membership in the Reform Club in consequence of the failure of that Club to elect as an honorary member a gentleman whose name they had proposed.

London, July 6.—The Spanish Cortes, under the Ministers of the Interior and Justice declared that the clergy and municipal authorities were ready and willing to take the oath prescribed by the Constitution. Admiral Topete, in reply to a question of Senor Groux, said that the name of a Republic was impossible, now that a Monarchy had been declared, and was represented by the Regent. The National troops have been despatched against the Carlist conspirators in Andalusia and Arragon.

London, July 6.—The House of Lords tonight resumed the consideration of the Irish Church Bill, and after a warm discussion passed the entire measure in committee before adjourning; several important amendments were made by the Conservatives, while the Government held its own on the Maynooth Grant and Eglinton Down clause. The most important Conservative victory was the postponement of the clause concerning the Surplus Fund.

Prince Arthur, the Duke of Edinburgh, will sail for Halifax some time next month.

UNITED STATES.

New York Bank Robbery.—A most daring and successful robbery was committed at the Ocean Bank, corner of Fulton and Greenwich streets, New York, a short time ago. The Bank was entered on Saturday night. Entrance was effected by boring through the ceiling of the basement, which was occupied, ostensibly, by a pretended fire insurance agent. The doors of the vaults and safes were all forced in the most expert manner—bonds, securities, greenbacks, gold, etc., overhauled; and after the bank had been secured as much as they could conveniently take care of, they quickly left, and no trace of them has as yet been discovered. It is estimated that they secured in negotiable paper and gold, from \$800,000 to \$1,000,000.

Mrs. E. A. Pollard, who attempted to take the life of Dr. Moore, by shooting him, at Baltimore, about eighteen months ago, was recently tried and sentenced to thirty days imprisonment.

The New York *Sun* has already nominated Mr. Colfax as successor to President Grant, and the columns of that paper now overflow with fulsome adulation of its present favorite.

New York, July 6.—Anniversary of the Declaration of Independence was observed throughout the United States yesterday in the usual manner.

about the same.—The Spanish troops consisted of two brigades, and out numbered the Cubans two to one. Gen. Jordan commanded the revolutionary army.

The Microscope.—One of the most interesting experiments, and one which is easily performed, is to watch the change in the blood of a delicate or very pale person, while using Fellows' Syrup of Hypophosphites.

The colorless or dead corpuscles are steadily removed from the system, and are replaced by the red or vitalized particles, so necessary to vigorous existence.
