WELCOME VISITS.—The *News* says:—On Wednesday evening last Rev. Mr. Carey was visited by a "surprise party" who spread a handsome supper, went in for "a good time," and before leaving, presented their host with a purse containing $100. On Friday morning Mrs. Swabey received from the members of St. Jude's Church, Carleton, a purse containing $60. Mr. Swabey, the Rector, is at present in England. Such visits evidence a deep feeling of regard, and are doubtless highly gratifying to the recipients.

DONATION.—Rev. Mr. LeLacheur (Methodist), of the Nashwaak circuit, was made happy by the receipt of a donation of some $50 or more, one day last week.

WESTERN EXTENSION.—The Locomotive now runs over 17 miles of railroad from Brundage's Point, and the rails are being laid at the rate of half a mile a day. In a month the locomotive will be able to run from the Point to the junction with the Fredericton Branch. On the Branch, the locomotive runs over six miles of the road, and the rails are being steadily laid Below Brundage's Point a good many rails are down, and are being utilized in long hauls and big fills. The heavy rock cutting beyond South Bay will be finished in two months.—*Tel.*

The Rev. Wm. Harrison Tilley, was admitted to Priest's orders, on Sunday, 20th December.—*Church Witness.*

The Post Office Cars for the Railway, are in course of fitting up, and will soon be ready to take the road.

The Course of Lectures which the Congregational Young People's Association announce, presents a fine array of names, those of the Lieut. Governor and Mr. Luthera, Mr. Hastings and Mr. Boyd—with an excellent choice of subjects.

The Railway Commissioners, namely, Mr. Aquila Walsh, representing Ontario, Mr. Brydges, Quebec, and Col. Coffin, Nova Scotia, arrived in our City on Tuesday evening. They took rooms at the Waverley, and were met by Mr. Chandler, the Commissioner of New Brunswick. Mr. Brydges is accompanied by his Private Secretary, Mr. Knott. From the Metis road they will proceed to the St. Lawrence and Riviere du Loup, and thence to Ottawa.—*Telegraph.*

Mr. Hutchinson was elected for the House of Commons for Northumberland County, beating his opponent, Mr. Gough, by 239 majority.

The *Telegraph* publishes the shipments of Mr. A. Gibson to England during the last season. They amount to 67,942,511 superficial feet of lumber and 769,505 palings.

A colored man, named Robert McKenzie, died recently in Carleton, aged over 100 years. He was brought here by the British Fleet from Virginia during the American war of 1812 15.

The *Simoom* arrived last week at Halifax with troops. The *Empress* brought over for New Brunswick—Royal Artillery, eight men, two women, and three children; 1st battalion, 22nd Infantry, 30 men, 1 woman, and two children; 4th battalion 60th, Captain Prust, Ensign Wingfield, 100 men and two children. George J. Maunsell and Robert Bligh Sinclair are gazetted Deputy Adjutant Generals for New Brunswick and Nova Scotia respectively, to have the rank of Lieut. Colonel

The Opposition of the French Canadians to the Quebec Government is increasing in strength. It is pretty certain that Chaveau will have to retire.

At the banquet given Brydges last week he said that during the past year the Grand Trunk had transported upwards of 40,000 barrels of flour to the Maritime Provinces, which formerly was procured from the United States. He also said, that in six weeks a large portion of the Intercolonial would be under contract, and before the end of next year the whole work will be under prosecution.

LONDON, Canada, Dec. 29.—The sleeping car attached to the night mail train on the Great Western Railway from Niagara Falls, run off the track at an embankment of 18 feet. The car contained 18 persons. 12 were more or less injured—2 it is feared fatally.

☞ Our Fur Traders and Trappers, in fitting out here, find Ayer's medicines one of their most profitable articles of traffic. Around Slave Lake and the wild regions of the North, the Indians know their uses, and have an abiding faith in them. They say: "Ayer—great medicine—cure sick man," and his remedies for the diseases from which they suffer will often bring forth their stock of skins even quicker than wampum, rum, or tobacco. Savages are not feols if they are unsophisticated in some of the arts of civilization.—[Montreal Pilot.

BRITISH AND FOREIGN.

LONDON, Dec. 28.—The *Star* condemns and the *Standard* approves the action of the British authorities at Nankin.

Sir Richard Mayne, who made himself notorious not long since by breaking up Sunday meetings in Hyde Park, died yesterday.

The Greecians are fleeing from Turkey on account of the threatened war.

Several families of fugitives have been received by the people of the Province of Roumania. They have been warned, however that they must preserve absolute neutrality in case of war, on pain of expulsion.

Jones, the murderer of his neice, was executed on the 29th, in London, at half-past 10 o'clock. Many thousands of people were collected about the scaffold. He was attended all night by various clergymen, but denied his guilt to the last.

PARIS, Dec. 28.—The *Constitutionel* of this city, a semi-official Imperialist organ, publishes a telegram from Vienna to-day, announcing that the Sublime Porte will decline to adhere to the proposed conference, if the terms of his ultimatum to Greece in the matter of Crete or internal questions are mooted.

The Prussian Government received on Christmas Day an invitation from Napoleon to the Paris conference.

The Committee of Action at Athens have addressed a petition to the Greek Government praying for peace. They urge the Government to support the popular feeling of the country which is clearly for peace and to avoid a war with Turkey.

Russia has asked of Turkey and Greece a suspension of hostilities until the end of the Conference of the Great Powers which will assemble sometimes in January.

It is semi-officially, announced that the Turkish Admiral, Hobart Pasha, has informed the inhabitants on the Island of Syra that his instructions from Constantinople are peaceful, and that he had only asked that the *Eresis* be taken to Piromus by the French and Austrian steamers to await a trial by the Greek Naval Officer.

A despatch from Athens states that the Turkish Government had placed two ships of war on the coast of Cerigo, to prevent the departure of Greek volunteers from that Island for Crete.

A despatch from London of Dec. 27th, says:—The Oriental question absorbs attention. That a conference will be held is not absolutely certain, and if held sinister results predicated upon similar attempts at conciliation are foretold.

The Sublime Porte declines the independence or to make a sale of Crete, or to transfer that Island to Egypt, or any other necessary basis for compromise.

Lord Clarendon, as was expected, adheres to the old policy of England in regar to Turkey.

Napoleon and the Emperor of Austria are undecided in their views, while it is thought that Prussia pleans towardsthose of Russia.

It is certain that the Greeks count little on direct aid from Russia, but much on insurrections on the part of their own countrymen in Turkey.

The Cretans seem quiet and indifferent.

Russian Government has denied giving authority to Greek merchant vessels to use the Russian flag for any purpose whatever.

Reports have been received of a collision between a band of invading Greeks and a Turkish force in the Turkish Province of Albania. The Greeks were victorious.

Circular from the Sublime Porte just issued confirms the report of the Sultan's refusal to participate in the projected Conference if the Cretan question is to be discussed.

LONDON, Dec. 29.—The foundering of the emigrant ship, *Starry Banner*, is a hoax, although published by the entire press of London to-day.

The *Morning Post* publishes the correspondence between J. G. Bennett, jr., of New York, and Mr. Ashbury, of London, looking to an ocean yacht race between the Dauntless and Cambria. In its comments the *Post* prefers the Azore track as much better adapted to test the sea-going qualities of the vessels and the seamanship of their masters than the regular transatlantic route. The writer exhorts the owners of British schooner-yachts to join in the race and says the Sappho will participate.

Gen. Garibaldi has written a letter formally declining a commission in the Greek army which had been tendered him by the Grecian Government in view of the threatened war.

LONDON, Dec. 30.—The Manchester house of Wm. Bremner & Co., heavy dealers in manufactured cottons, suspended yesterday. This house had extensive American connections.

INCOMPATIBLE.

We notice in the published formula of one of the most extensive manufacturers of Sarsaparilla, Pectorals, &c., that a combination of Sarsal, Stillingae, Iron, Podolphium is compounded and used under the name of Sarsaparilla, for the cure of chronic diseases. Every educated physician must know that a combination of minerals with vegetables is incompatible; so also, in the combination of a powerful purgative with medicines possessing alterative, diuretic, sudorific properties designed to act on the absorbents and secretions of the skin, glands, &c., the only medium through which chronic scrofulus and skin diseases can be cured. The drastic purgative properties being, as in the case of the formula under consideration, so much greater than the alterative, carries off through the alimentary canal all the medicinal properties of the alterative before the absorbents are acted upon. In cases where it is desirable to furnish cathartics in chronic diseases, they should be given separately, and at least six hours apart. No physician would give a drastic cathartic at the same time he administered blue pills or calomel If the sick are afflicted with chronic diseases, use Radway's Resolvent. If you wish a good cathartic, use Radway's Pills. If suffering pain, use R. R. Relief. Sold by druggists. See Dr. Radway's Almanac for 1868.

If your horse is lame, sore, or galled, you should use "Johnson's Anodyne Liniment;" wash the part with castile soap and water, rub dry, with a clean cloth, then apply the Liniment, rub in well with the hand.

Have the readers of the *Visitor* ever used any of "Parson's Pugative Pills?" if not, why not? they are the best family physic, besides being the greatest anti-bilious remedy there is in this country.
