### REJOICING.

We take down our harps that have hung on the willow,

And join in the wonderful chorus of earth : The song of the bird, and the wood, and the billow, Has music to-day of delight and of mirth.

Oh, silent too long, let our spirits awaken. And let not the anthem die out ere the night; Sing out to the King who has never forsaken-The Guide who has led us through pathways of light.

Sing out, bending age, and sing, rosy-lipped childhood,

Let it float o'er the desert, and live in the wild wood, That the hymn we are singing be hearty and long.

Oh, well may we sing, for the gloom and the danger That threatened us once are all taken away, And happy or woeful, and kinsman or stranger, Must join in the song we are singing to-day.

For, lo! far away in the mansions of heaven, The angels have joined in our jubilant strain, And this is the song to our glad spirits given : "Rejoice, for the Saviour has risen again !" MARIANNE FARNINGHAM.

Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

> The reputation this exellept medicine enjoys, s derived from its cures many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. crofulous affections and lisorders, which were aggravated by the scroft

ous conta they were painfully afflicting, have been radically cured in such great numbers in almost every see tion of the country, that the public scarcely need to e informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution and invites the attack of enfeebling or fatal diseases without exciting a suspicion of its presence. Again it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tuber-cles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcer ations on some part of the body. Hence the occa nal use of a bottle of this Sarsaparilla is ad visable, even when no active symptoms of disease appear. Persons afflicted with the following comints generally find immediate relief, and, at agth, cure, by the use of this SARSAPARIL-LA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Discase, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for duing these obstinate maladies by any medicine But long continued use of this medicine will cure the complaint. Leucorrhau or Whites, Uterine Ulcerations, and Female Diseases, are com-

Abijah ran out to the barn, threw himself into a bed of hay, and tried to hate his mother for half an hour; but at the very bottom of his heart he knew she was doing right. His father could never make Tommy confess or give up the money; but it came to pass that the gold dollar, lying at the bottom of Tommy's blue trunk, did Abijah more service than it would have done in fifty years at compound interest in his mother's drawer. Why so? Because it warned him with a little voice which nobody else heard; up through layers of walnuts and old shoes and newspapers, it warned him to be careful and keep out of bad company. He had been told often enough not to associate with Tommy Winters; but stern experience is the best teacher.
