Dear Sir .- From a general knowledge of the prominent ingredients of your "Compound Syrup of Hypophosphites," I formed such a favorable opinion as to be induced to recommend it to my patients as preferable, and more convenient than my own prescriptions of the Hypophosphites. For several years I have continued to prescribe it, in many cases with very beneficial results. Since, upon solicitation, you kindly afforded me a more intimate knowledge of the composition of your Syrup, I have used it freely in my practice, both in diseases of the Chest, as Consumption and Bronchitis, &c., and in infantile diseases of prima via, or Stomach and Bowels, with eminent success, considering it superior to any similar preparation yet afforded to the public.
