The statements give—first: the liabilities of the Bank to the public; second: the liability of the Bank to the Shareholders. The first statement shows the amount of the assets of the Bank to be \$2,191,838. The amount of liabilities are \$1,871, 860; leaving a surplus of assets, after providing for all claims against the Bank, of \$319,971. The second statement—the liability of the Bank

to Shareholders—is thus stated: July 30th— Amount of capital stock, \$560,000; Rest, \$80,000; total, \$640,000. Deducting the surplus assests, as per first statement, leaves a deficiency of \$320,000. Against this the Bank has secured the Cashier's property and bond, \$195,000. It has additional assets arising from the increased value of the banking house, lost rotes, and unclaimed dividends, amounting to \$37,000, leaving \$88,028 as the actual loss. (Special to Halifax Reporter.) London, Aug. 9.—The last French soldier left Rome to-day. All the dams and water barriers along the Moselle River have been removed or broken down, and the water allowed to flow over the country around Metz, as a measure of defence against the Prussians. The projected French naval and military expedition to the Baltic Sea has been postponed, and the troops intended to join it have been ordered to go to Metz.
