

THE RELIGIOUS INTELLIGENCER.

BRITISH AND FOREIGN.

A GENSEROUS DONATION.—On Sunday last, the Methodists of St. Stephen dedicated their new church with appropriate ceremonies. Religious services were kept up during most of the day and evening. After the several services collections were taken up in aid of the building fund, the event of the day being the donation by Z. Chipman, Esq., of the immeasurable sum of ten thousand dollars, which, with the other sums received, was about sufficient to clear off the whole of the debt. It should be stated that Mr. Chipman had previously contributed several thousands of dollars to the same object.

AN EAGLE IN THE CITY.—There was an eagle in the city yesterday, brought in by Mr. W. J. Starkey. He was shot at Big Bay, on the Washashaw, on Friday last. He was of the "ball" species, and measures eight feet between the wings; his talons seem to have been in a fine state of preservation, and the royal bird was apparently, in a condition to do a good deal of private foraging. Mr. Starkey was in town yesterday looking for a purchaser.—*Tel.*

SERIOUS ACCIDENT.—On Saturday forenoon Mr. James Ryan, a stevedore, was engaged with others in getting a piece of birch timber about 18 inches square, into the hold of the small ship *Charles Ball*, at the Custom House Wharf, when, as it was being run in, he, in stepping aside, sprained his wrist. The stick, which was of immense weight, rolled on his legs and hip, jarring him very severely. He lay beneath the timber suffering much until it was lifted off him by his fellow workmen, when he was carried to his home in York Point. His injuries were attended to by Dr. Smith of Portland, and are said to be quite serious.—*Id.*

UNFOUNDED RUMOR.—A report has been current in King's County, to the effect that George Ryan, Esq., M. P. P. for that County, was about to resign his seat, having been appointed by the Dominion Government, Superintendent of Works at Moncton, for the machine shops. As this shop referred to is about to be contracted for, up to this date, there is, of course, no truth in the report. Indeed, it is altogether improbable that a vacancy will be created prior to the general election of 1872.—*Tel.*

SHIPWRECK AND RESCUE.—The following statement is taken from a Cape Cod paper. The gale referred to was, no doubt, that of Sunday, the 11th instant:

"Schooner *Barren Williams*, from Georges' fell in with the British bark *H. A. Stephenson*, of St. John, N. B., from Annapolis, N. S., for Montevideo, lumber laden. The *Stephenson* was hoisted on her beams on Sunday last by a heavy squall from the E.N.E., and mainmast was cut away, when the vessel righted full of water. The deck was washed overboard, carrying lea rail, standards and bulwarks. The main deck house and deck was started, and the stern was fast working off, when the vessel was in 27 fathoms of water, E. N. E. Captain Georges, drifting bodily on the shoal, the captain, his wife and crew were rescued with considerable difficulty. Their infant, fifteen days old, was wrapped in a blanket and thrown from the bark to the men in the dory—the only chance to save its life. Fortunately, it was caught, and the parents' hearts were made glad."

The *H. A. Stephenson*, when in this port, was consigned to Mr. Stewart.

DEATH.—On Thursday morning of last week a young man named Campbell, son of Captain Campbell, Richmond, was found lying dead near the residence of Mr. Travis, in McCafferty Settlement, Parish of Simonds. He was aged 23 years, and unmarried. An inquest was held, and from the evidence adduced it is supposed that a fall in attempting to get over a fence caused his sudden death. The verdict was in accordance with the above.—*Sentinel*.

AN ENTERPRISING FIRM.—Messrs. James Murie & Sons, whose mill was burned at Eel River a short time since, have a new one already erected on the same site, which will be in full operation in the course of ten days. The same firm is also rapidly replacing the mills burned at Milltown, and these will be occupied by the Prussians. The Prussians are also said to occupy Orleans. Paris is entirely hemmed in.

Public sympathy in England is growing so rapidly in favor of France that the Ministry are beginning to give way to the pressure, and a majority of the Cabinet has been called to consider the situation.

Mr. Bruce, Home Secretary, Henry Bulwer and other public men, indicate in speeches and letters that England may shortly be forced to interfere.
